2	we have been having issues as a whole to communicate effectively campus-wide about plans concerning our campus. Some people cannot attend meetings due to their other College engagements. I am not sure how we would accomplish this, but a better communication structure would be great.	4/24/2017 11:09 AM
3	I think we need a flow charge of everything brought to this committee and have it posted to our web-site. This way a person not on the committee has a quick reference place when we first started talking about item A, and then we show the discussion of the item all the way till approval which might be two or three months later. Example is we started talking about 2017-2018 program reveiw in our last meeting. Now we should something about PR in our minutes and on the flow charge till we finish this PR.	4/20/2017 4:47 PM
4	we need to do a better job of driving and providing direction for: BRC and SS committee so they fit in to and develop a success plan.	4/20/2017 12:23 PM
