PORTAL FACTS

REGISTRATION:

MyVCCCD is the student's gateway to online services like registration, adding & dropping classes, paying fees, checking grades and printing a class schedule. The portal also gives you access to the National Student Clearinghouse for free enrollment verifications, library online services and access to online classes.

EMAIL:

The portal provides you with a college e-mail account. We will use this e-mail account to provide you with important information, like notifying you that you have been moved from the waitlist into an open seat! When you set up your portal account, you can request to forward college e-mails to your own personal e-mail account. Be sure to do this if you are more likely to check a personal e-mail account.

PERSONAL ALERTS:

The college will send personal information, called "Personal Alerts" to your MyVCCCD portal. The information can include academic status (probation or dismissal), Dean's List verifications, financial aid information and warnings (nonpayment drops, failed prerequisites, etc.)

COURSE STUDIO:

Course Studio is the way you will access your online courses to do assignments and take tests.

MyVCCCD Login/Access Problems	Solution
<p>New Student Login Process</p>	<ol style="list-style-type: none"> 1. Check your e-mail!! New students receive two e-mails after they apply online; the first e-mail confirms that the application has been successfully submitted; and the second e-mail tells them the status of their application and what to do next. THE SECOND E-MAIL ALSO CONTAINS A LINK TO THE MyVCCCD PORTAL SET UP PROCESS!! 2. Use this link to set up your portal account; follow all of the steps. 3. Be sure to pick answers you will remember, as you will have to answer them in the future if you forget your password! <p>NOTE: You are required to provide an e-mail address when you file your online application for admission. The e-mail containing your portal link will be sent to that e-mail address. If you did not provide an e-mail address you must log in to the application site and check the e-mail account they set up for you.</p>
<p>Returning Student Login Process</p>	<ol style="list-style-type: none"> 1. If you have missed more than one semester, you must reapply for admission at: venturacollege.edu/apply. 2. DISTANCE EDUCATION INFO

Internet and TV/Video courses are offered at Ventura College!

Students with questions about how these courses work or what technology they need at home can refer to the Distance Learning web page <http://online.venturacollege.edu> or contact Krista Wilbur at distance_ed@vcccd.edu

➔ **REGISTRATION:** Register for online courses using the student portal <http://my.vcccd.edu>

➔ **ORIENTATION:** Most online courses hold an orientation on campus; however, not all courses are accessed the same way on the same system. For a complete list of online courses with orientation and course requirement information go to the Distance Learning page at <http://online.venturacollege.edu> and click on "Class Orientation Information."

➔ **LOGGING IN TO "DESIRE2LEARN":** Many courses at Ventura College use the Desire2Learn online course system. To access your course(s), go to the student portal, <http://my.vcccd.edu> and click on MyCourses icon at the top of the page.

➔ **ACCESS CODES:** Access codes may be required for online courses. The code is included with the purchase of a new textbook from the College Bookstore. For used book purchases and books purchased new from other locations, the codes must be purchased separately online; detailed instructions will be posted on the orientation page or at the time of the class.

➔ **IMPORTANT INFORMATION:** Internet and TV/Video courses are not self-paced. This means that assignments will be due throughout the semester and that deadlines will exist for assignments, discussions, exams, etc. Most Internet and TV/Video courses have meetings on campus for exams. Proctored exams may be scheduled if a student is unable to come to campus; however, this must be arranged with the instructor prior to the exam date. A proctored exam is one where an official party supervises an exam taken off campus.

Assessment, Orientation and Counseling

New Students please read carefully - You are required to complete an admission application before you attend the Assessment, Orientation or Counseling sessions. You can apply online at venturacollege.edu, or you can obtain an application at the Admissions and Records Office. A comprehensive assessment process is required for all nonexempt student (see below for exemption policy). The purpose of this matriculation process is to provide students with accurate information to help them define and attain their educational goals. The following services are provided to enhance student success: Orientation, Assessment, and Counseling/Advising.

Orientation - The Ventura College orientation presents the basic information you will need to get started as a student at Ventura College. Students participating in orientation sessions will learn how to use the College Catalog. Students will also learn about activities and student services which are available to assist them in achieving their goals at Ventura College. Services and activities discussed during orientation include the application process, assessment, the registration process, counseling, the Transfer and Career Center, and Financial Aid. Orientation can be done online.

Assessment - This process at Ventura College attempts to look at the whole person, therefore your English, reading, mathematics, study and learning skills may be assessed. All together, this information, along with a review of your high school and college transcripts, should prove helpful to you when discussing course selections with a counselor. The Assessment Center is located in the Student Services Center (SSC) in the Matriculation/Assessment area. Testing is offered using a computerized format, however, students may opt to do their testing on a pencil/paper format if they prefer. For an Assessment schedule call the Matriculation/Assessment office at (805) 654-6402 or (805) 654-6493, or view the schedule online at venturacollege.edu/matriculation.

Counseling - A new student must attend an orientation and complete their assessment testing before participating in a new student group counseling workshop. Students should bring copies of their high school transcripts, assessment results, orientation packet and their external transcripts (if they attended another college prior to attending Ventura College), and any other information that might be helpful.

Located in the Student Services Center (SSC), the Ventura College Counseling Office is open days and evenings for counseling appointments and drop-by counseling. Call the Counseling Office at (805) 654-6448 for availability and information.

Students who complete all three activities before the deadline noted in the Registration Calendar will be eligible for priority registration. The current assessment schedule can be found online at venturacollege.edu by clicking on "Services for Students." Schedules available online at venturacollege.edu

Reasonable Accommodations - Reasonable accommodation in the assessment process, including testing materials in alternate formats is available upon request for students with disabilities. Prior arrangements must be made with the Alternate Media Specialist at (805) 654-6300.

Exemption Policy - You are not required to complete the Matriculation process if you: **1)** Hold an Associate degree or higher, **2)** Have completed less than 15 units and your goal is either to update job skills or advance in current job, maintain a certificate or license, or for Intellectual or Cultural development, **3)** Received these services at another college and are exempted by a VC counselor.

New Student Group Counseling Workshops Available - The workshops are designed to provide, in a group setting, and specific information about Ventura College's academic programs. To register for these FREE workshops or workshop updates, please call the Counseling Office at (805) 654-6448. Workshop schedules are subject to change. Workshops:

- 1. Counseling Workshop:** Learn about specific classes required for the SPECIFIC educational pathway(s) you would like to complete at Ventura College.
- 2. Pre-Nursing Workshop:** A brief overview of the EMT, Nursing, Paramedic Studies and Certified Nurse Assistant programs will be presented.
- 3. Ventura College Promise Workshop:** For students needing a counselor signature for the VC Promise application only. [This workshop is not intended for completing the FAFSA or completing financial aid appeals.] For workshop schedules, go to venturacollege.edu/departments/student_services/counseling/index.shtml.

Schedule of Classes – Subject to Change

Ventura College has made every effort to ensure that the information provided in this schedule of classes is accurate. However, the provisions of this publication should not be considered to be an irrevocable contract between the student and the College. The College reserves the right to make such additions, amendments or deletions as may be necessary due to changes in applicable federal, state or local laws, district or College policies or regulations, student enrollment, level of financial support or other unforeseen reasons. Such changes may be made without prior notice by the College administration.

Course Prerequisites, Corequisites and Recommended Preparation

Course prerequisites, corequisites or recommended preparation are specified within course descriptions announced in the Catalog; they are also specified in this Schedule of Classes. A course has no prerequisites or corequisites unless so designated. Students must have successfully satisfied the prerequisite and/or corequisite requirements for all courses in which they enroll.

Prerequisites

A course prerequisite states the preparation required to successfully complete a particular course. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to

enrollment and without which the student is highly unlikely to succeed. Students must have satisfied the prerequisite and/or corequisite requirements for all courses in which they enroll. It is recognized that students may challenge a prerequisite as allowed by state law. The student shall bear the initial burden of showing that grounds exist for the challenge.

Corequisites

A course corequisite states the course or courses in which a student must be concurrently enrolled. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. It is recognized that students may challenge a corequisite as allowed by state law. The student shall bear the initial burden of showing that grounds exist for the challenge.

Recommended Preparation

Recommended preparation states the preparation suggested by the faculty to successfully complete a particular course. While encouraged to do so, students are not required to satisfy recommended preparation guidelines to enroll in a course.

Instructional Materials Fees

Some courses require students to purchase or provide materials and supplies for school projects.

Courses Open to Enrollment

Each course offered by the Ventura County Community College District and its colleges is open to enrollment and participation by any person who has been admitted to the College and who meets the prerequisites to the class or program, unless specifically exempted by statute.

Educational Work Load

A student's educational work load generally consists of 15 units of work per semester in order to make normal progress towards an AA/AS degree and/or transfer requirements. Students desiring to take an overload (more than 19.5 units, 9 units in summer) must have a counselor's approval.

Restrictions on Enrollment

Some course descriptions may contain restrictions such as "proof of negative TB clearance is required."

LEARNING COMMUNITY

Two of the fundamental college courses that focus on reading, writing, and thinking skills have been unified in this innovative and exciting "Learning Community" class. Students participating in this offering will be simultaneously enrolled in ENGL V01B and HIST V01B. Consequently, through a joint study of various genres of literature and the evolution of Western civilization from 1648 to the present and the sharing of assignments, students will get practical experiences in developing their critical thinking, writing strong arguments using literature and history as the subject matter. The Learning Community class offers an exciting way to complete required courses and to engage in intensive educational experiences that can further prepare students for transfer and the completion of the Baccalaureate education. Individually each class transfers to the CSU and UC system.

LEARNING COMMUNITY

Two of the fundamental college courses that focus on reading, writing, and thinking skills have been unified in this innovative and exciting "Learning Community" class. Students participating in this offering will be simultaneously enrolled in ENGL V01B and HIST V01B. Consequently, through a joint study of various genres of literature and the evolution of Western civilization from 1648 to the present and the sharing of assignments, students will get practical experiences in developing their critical thinking, writing strong arguments using literature and history as the subject matter. The Learning Community class offers an exciting way to complete required courses and to engage in intensive educational experiences that can further prepare students for transfer and the completion of the Baccalaureate education. Individually each class transfers to the CSU and UC system.

The modules are offered as open enrollment courses. **THE DEADLINE TO BEGIN ANY MODULE IS APRIL 19, 2011.****COMPLETION OF MATH V09A-V09C** is equivalent to completing MATH V09; **COMPLETION OF MATH V10A-V10C** is equivalent to completing MATH V10; **COMPLETION OF MATH V01A-V01E** is equivalent to completing MATH V01; **COMPLETION OF MATH V03A-V03E** is equivalent to completing MATH V03.**SOME STUDENTS** will be able to complete all three or five modules in the sequence in one semester; others will need multiple semesters to complete the sequence. The modules are offered on a pass/no pass basis only.**SELF-PACED MATH STUDENTS** are required to attend class a minimum number of hours that matches their target course: **three hours per week for Basic Mathematics and Prealgebra** and **five hours per week for Elementary and Intermediate Algebra**, between the hours of 11:00 am and 4:00 pm, Monday through Friday. No textbook is used in these courses; however participation will require the purchase of a computer access code. Information will be provided at the orientation. **NOTE:** Students who are successful in a course with this format are students who are self-disciplined and are able to work and learn independently.**ORIENTATION** will be provided Monday through Friday during the first week of classes lasting approximately one hour beginning at 11:30 am, 1:00 pm or 2:30 pm in SCI 225-226. Students beginning the courses after the first week should report to the classroom during class hours at their earliest convenience.**CONTACT** the instructor, Donna Beatty at dbeatty@vccd.edu for additional information.

PREREQUISITES AND COREQUISITES REQUIRED

Prerequisites and Corequisites

(The process detailed below applies only to Ventura College)

All prerequisites and corequisites will be strictly enforced at the time of registration.

Prerequisites and corequisites are stated in the course descriptions in the college catalog and in the class schedule. Both documents are available for review at venturacollege.edu.

Corequisites require a student to enroll in two or more linked classes; for example, PHYS V02A and PHYS V02AL. A course prerequisite states the preparation required to successfully complete the course; an example would be ENGL V01A that has a prerequisite of ENGL V02. Prerequisites may be satisfied by completing the prerequisite course at Ventura College, or by providing transcripts to verify that you have completed the equivalent course in high school or at another college or university. In some cases, test scores may also be used to satisfy prerequisite requirements.

If you know you need to be cleared for a prerequisite, or if you have attempted to register and have been blocked by a "prerequisite and test score-error message," please complete the following steps. It is highly recommended the student seek approval for the clearance BEFORE attempting to register to minimize registration delays.

Steps to Requesting Unblocking (clearance) of a Prerequisite

1. For initial placement recommendations in a Math or English sequence, take the Math and English Assessment tests. For English placement recommendations, test scores from California State universities, CTEP or other selected validated standardized test scores may be considered. For math placement, students can use high school transcripts, college transcripts from another college, or scores from AP, CLEP and/or IB exams.
2. Download the prerequisite form at venturacollege.edu/prerequisites or pick-up the form at the Information Desk or Assessment Office, both located inside the SSC building. For office location, go to venturacollege.edu/map.
3. Complete the form and attach supporting documentation (official or unofficial college or high school transcripts, grade reports, test scores, AP scores, etc.) **prior** to registration.
4. **Deliver completed form and documentation to the Assessment Office in-person, fax, or e-mail.** The Assessment Office is located in the SSC building. The fax number is (805) 654-6425 and e-mail address is smanriquez@vcccd.edu. **Please make sure to include your name, the course you are requesting clearance for, student ID number, and a contact telephone number or e-mail address.** Student cannot submit this information via phone request as documentation is required.
5. Prerequisite requests will be reviewed and processed within two working days.

How to Challenge a Prerequisite or Corequisite

(The process detailed below applies only to Ventura College)

If the student believes he/she has met the equivalent of a course prerequisite based upon one of the reasons listed below, the student has the right to challenge the prerequisite or corequisite. Please refer to the Petition for complete description/information of the acceptable reasons for challenge.

- Student is subject to undue delay in attaining the goal of educational plan because the prerequisite or corequisite course has not been made reasonably available.
- The prerequisite or corequisite is not valid because it is not necessary for success in the course for which it is required.
- The prerequisite or corequisite is unlawfully discriminatory or is being applied in an unlawful discriminatory manner.
- Student feels he/she possesses the knowledge or ability to succeed in the course despite not meeting the prerequisite or corequisite.

Steps to Completing a "Petition to Challenge a Prerequisite or Corequisite"

1. Download the Petition to challenge at venturacollege.edu/prerequisites or pick up the form at the Information Desk or Assessment Office, both located inside the SSC building. For office location, go to venturacollege.edu/map.
2. Complete the Petition and attach any supporting documentation, with a written statement explaining the reasons the student wishes to be considered for the challenge.
3. **Deliver the completed Petition and documentation to the Assessment Office for processing.** The student should request a [dated copy of the Petition](#) from the Assessment Office staff upon submission. The Assessment Office will forward the Petition to the appropriate Division Office for review by a department representative.
4. The Division Office will review and notify the student, via e-mail, if the Petition has been approved or denied within five working days.
5. If **approved**, the Division Office will release the block on the registration system. The students may then register (on his/her designated registration date) via online or in-person.
6. If **denied**, student must complete the prerequisite/corequisite as stated in the College Catalog.

FEES AND PARKING INFORMATION

Instructional Materials Fees - Optional

Instructional materials fees for certain selected credit or noncredit courses may be required at the time of registration, or the materials may be purchased on your own. If an Instructional materials fee is required, the amount of the fee is listed beneath the course title in the Schedule of Classes. Authority for the charge is granted under Ventura County Community College District Board Policy 5030. These instructional and other materials include, but are not limited to, text books, tools, equipment and clothing if:

- (1) The instructional and other materials required for the course have a continuing value to the student outside of the classroom setting, or
- (2) The instructional and other materials are used in the production of an "end product" that has continuing value to the student outside the classroom setting. See course schedule for instructional materials fees costs.

The surcharge and the application processing fee may be waived if the student meets one of the following exemptions as listed in the Ed Code §76141 or §76142:

- Student must demonstrate economic hardship or
- Student must be a victim of persecution in the country in which the student is a resident.

How Can I Pay My Fees?

- In-person at the Student Business Office in the Student Service Center (SSC).

Refund Procedure

You must drop your classes by the credit registration calendar deadline to qualify for a credit or refund of tuition and/or fees. Credits will NOT be authorized for drops or withdrawals occurring after the deadline date. After your class(es) have been dropped, application for a refund may be made through the Student Business Office. Enrollment fee refunds are

subject, once a term, to the withholding of a \$10 administrative fee. To qualify for a refund of parking fees, you must return the original parking permit to the Student Business Office by the deadline.

Refund of Nonresident Tuition and Surcharge

Nonresident tuition and the student surcharge are refunded based on the following: 100% is refunded the first and second weeks of classes; 50% is refunded the third and fourth weeks. For short-term and summer classes, 10% of class meetings is refunded at 100%; 20% of class meetings is refunded at 50%. No refunds are authorized for drops or withdrawals after the fourth week of a full-term class or 20% of short-term classes.

PARKING

A parking permit is required to park on VC campus.

Citations are issued to vehicles without a valid permit displayed. A license plate number is required for permit registration. **Pick up permits** in the Student Business Office located in building SSC. **Refund:** You must return the original parking permit to the Student Business Office by the deadline.

Daily (single day) permit: For those who do not want to purchase a semester permit, or who drive a different vehicle to school (other than the one with the permit), a daily permit can be purchased for \$2.00 at any one of the six bright yellow machines located throughout the campus. They are located in front of the Administration Building (ADM) by the flag pole, or in the West, East and North parking lots. The Student Business Office and the Campus Police Office also sell daily permits. Daily permits from Moorpark or Oxnard College are not valid at Ventura College and visa versa.

Student semester permit: Permits are valid for only one semester and are required to be displayed on the vehicle's inside rear view mirror by the second week of the semester. Paying the parking permit fee is not enough to keep you from receiving a parking citation. These permits can be purchased at the Student Business Office and are also valid at Moorpark and Oxnard colleges. You must pick up your permit at the Student Business Office (SSC) and properly display it.

Handicapped Parking: Students with a Dept. of Motor Vehicles disabled person's plate or placard, or with a current handicapped parking decal issued by the Educational Assistance Center, may park in marked handicapped stalls on VC campus. Drivers with disabilities are subject to the same parking fees as nondisabled drivers. Handicapped parking decals and complete parking policy may be obtained at EAC in building ADM.

Green (time limit) zones: These areas are not enforced during the first two weeks of the semester.

Staff lots: These lots require a staff permit and are enforced throughout the semester, including the first week. **Relatives of Staff:** Members who are NOT staff, are not allowed to park in the staff lot with a staff permit.

POLICIES AND INFORMATION

Please consult the Ventura College Catalog at venturacollege.edu/catalog for complete Admission and Academic Policies and Information. The following excerpts are intended as a source of general reference for students.

Accreditation

Ventura College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial Boulevard, Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

Adding a Closed Class

1. The first option is to add to the waitlist if seats are open. This is the best way to get into a closed class. Students can place themselves on waitlists for full semester classes through Friday of the first week of school. Waitlisted students are automatically moved into the class as seats open up, and are sent a confirmation email. Students who are still on a waitlist as of the first day of classes should plan to attend the first meeting of any waitlisted class on their schedule. This is the only way to preserve their priority. Any student who does not show up for the first class meeting may be dropped! Waitlists will continue to work through Friday of the first week of the semester for full-semester classes.
2. The second option, if waitlist seats are unavailable, is to attend the first class meeting and talk to the instructor about the possibility of adding the class. Understand that priority will go to waitlisted students.
3. In both cases, students who are allowed to add the class must receive an add code from the instructor. Add codes are available during the second week of the semester for full-semester classes. Students who are waiting for add codes are expected to attend all class meetings, and may be dropped if they do not!
4. Add codes are required on the first day of short-term classes, and the waitlist function ends the day before the first class meeting.

Attendance and Absence

All students are expected to attend the first class meeting to verify their enrollment in the class, and to attend classes regularly thereafter. The instructor may drop students who do not attend the first class meeting, and those whose absences from the class exceeds 1/9th (one-ninth) of the total class contact hours for the session. Instructors may also drop students who miss necessary safety instruction when such instruction is routinely given, and students who miss enough hours to prevent them from meeting a specific hours requirement for the class (usually required for license or certification purposes, e.g., EMT VOI, CJ V70, etc.). Instructor-initiated drops may result in a permanent grade of "W" on the student's transcript in accordance with college and district drop policies; other deadlines and restrictions apply. Instructor-initiated drops that occur after the refund-drop deadline will not result in a refund or credit of tuition and fees.

Auditing a Class

Course restrictions may apply. See the Ventura College Catalog, Academic Policies section, under "auditing," for more information.

California Resident Status and Fees

A student's status as a California resident, out-of-state or out-of-country resident will determine the amount of tuition and fees the student pays to attend the college. Pursuant to the California Education Code, a person must be physically present and living in the state for one year, and must have taken actions to establish permanent residency, before requesting to be classified as a California resident. California residents pay enrollment, health and student center fees, plus applicable materials fees (if any). Out-of-state residents pay the same, plus nonresident tuition. Out-of-country residents pay all fees, plus nonresident tuition and the international student surcharge. See the VC Catalog for more information or online at venturacollege.edu/catalog.

Campus Emergency Instructions

Emergency procedures in the event of earthquakes or fires affecting students and staff on-campus are available in all classrooms, offices, and the Ventura College Catalog. Campus police phone: (805) 654-6486 or (805) 642-7000.

Course Repeat Policy

Most courses can only be taken one time. Courses that can be repeated are so noted in the College Catalog under the course description. Students are allowed two repeat attempts to improve substandard grades of D, F, or NC/NP. Other conditions apply. Consult the Ventura College Catalog for more information.

Credit by Exam

Consult the Ventura College Catalog for full information and requirements that must be met. Students petition for credit-by-exam through the Counseling Office. Do not register in the class being challenged by exam. A passing score results in a grade of CR/P on the transcript (NC/NP if not passed). Restrictions and fees apply, consult the Ventura College Catalog and fees page in this Schedule.

Pass/No Pass Grading Option

A pass/no pass option may be chosen by the student when a letter grade is not required for degree, major or transfer purposes. Students considering this option should meet with a counselor to discuss the possible ramifications. A petition for Pass/No Pass must be filed at the Admissions Office by the deadline published on the Registration Calendar page. Restrictions apply. Consult the Ventura College Catalog.

Dropping a Class

It is every student's responsibility to be sure that classes are dropped in a timely manner. Consult the deadline dates on the Registration Calendar page. Students may drop classes online, by mail or in-person. Online drops require that students print and keep a copy of the drop transaction list as confirmation. Mail drops require that the postmark be on or before the drop deadline. Fees will not be credited or refunded for classes dropped after the Refund/Credit deadline. See the Registration Calendar guidelines for more information.

Class Schedule in alternate formats for students with disabilities

The VC Educational Assistance Center recognizes the need to provide the class schedule in formats that are usable by individuals with disabilities. Student Right-to-Know (SRTK) Disclosure

In compliance with the federal Student-Right-To-Know law (SRTK), it is the policy of the Ventura County Community College District and Ventura College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2005, a group of all certificate, degree, and transfer-seeking first-time, full-time students were tracked over a three-year period. (As a result, approx. 2.6% of all community college students statewide were included in the 2005 study.) The completion and transfer rates are listed here, along with a brief description of how these rates are defined. These rates do not represent the success rates of the entire student population at Ventura College, nor do they account for student outcomes occurring after this three-year tracking period. The rates below exclude part-time students, continuing students, students attending Ventura College to obtain or upgrade job skills, improve basic skills, maintain licenses, working toward high school credits, pursuing lifelong learning, etc. The rates below do not include any students who took longer than 2 years to complete their academic goal. The "transfer rate" does not include any students who first completed a degree or certificate or became "transferred prepared" prior to transferring. The "completion rate" results for the SRTK study described above was 26.12% for VC (Statewide rate 24.8%). The completion rate is the percent of students from the group studied who attained a certificate or degree or became "transferred prepared" during a three year period from Fall 2005 to Spring 2008. Transfer-prepared was defined by the study as having completed 56 transferable units with a minimum GPA of 2.0. The transfer rate result for the SRTK study of Ventura College was 24.11% (Statewide rate 25.13%). Caution: the transfer rate does not count students who attained a certificate or degree prior to transferring to another post-secondary institution such as UC or CSU. General information about SRTK is available to the public through the Chancellor's Office of the California Community College System.

 4. A candidate for an additional degree must complete 12 or more units of credit, in residence, at Ventura College concurrent with or after the completion of requirements for the first associate degree. In addition, a candidate must be in attendance at Ventura College in the semester during which graduation requirements for the additional degree are completed.
 5. A student must complete all the required courses listed in the catalog for the specific majors. In the event that unmet requirements for a specific major do not total 12 units, a student must complete the remaining units from electives listed under the major or courses as approved by the appropriate division.
 6. In the case of degrees offering two or more options, a student may earn an additional degree within the same field by completing the requirements for that option (the additional degree) and all other requirements specified herein.
- Appeals to the above policy may be submitted to the Dean of Student Services. Waivers may be granted under extenuating circumstances or when there has not been sufficient opportunity to enroll in required courses.

Other Programs

The Ventura County Community College District offers other programs of career and technical education at Moorpark and Oxnard Colleges which are open to all district residents.

MOORPARK COLLEGE: computer network systems engineering; exotic animal training and management; graphic design; health information management; and, radiologic technology.

OXNARD COLLEGE: addictive disorders studies; air conditioning/refrigeration; automotive body and fender; culinary arts; dental assisting; dental hygiene; fire academy; fire technology; restaurant management; and, legal assisting.

Catalog Rights / Continuous Enrollment

A student remaining in continuous enrollment at one or more of the colleges of the Ventura County Community College District (VCCCD) or at any other regionally accredited college or university may meet the VCCCD graduation requirements in effect at the time of his or her entering or at any time thereafter. This applies only to graduation requirements and not to policies, procedures, or other regulations.

Catalog rights/continuous enrollment are defined as attendance in at least one term each calendar year. Any academic record symbol entered on a transcript (A through F, CR, NC, P, NP, I, IP, RD, W) shall constitute enrollment or attendance.

A student who has not maintained continuous enrollment is considered to be under new requirements when returning unless the student is granted a petition/waiver for extenuating circumstances. This petition must be initiated by the student through a College counselor and approved by the appropriate dean or designee.

Students must be aware that other governing agencies may impose more restrictive limitations concerning the definitions of continuous enrollment or continuous attendance. Some agencies define continuous enrollment as remaining in attendance both fall and spring semesters. Some will not accept selected academic record symbols (such as Ws). Those affected by more restrictive guidelines include students receiving financial aid and alien students.

Double Counting

While a course might satisfy more than one general education requirement, it may not be counted more than once for these purposes. A course may be used to satisfy both a general education requirement and a major or area of emphasis requirement.

Variance in Major Requirements

Occasionally a student may have difficulty in completing exact major requirements as specified in the Ventura College Catalog due to circumstances of class scheduling conflicts, class cancellation, or related but nonequivalent coursework taken outside of this college district. Under such circumstances, a student may file a petition to seek approval from the appropriate college officials to substitute one or more courses for the designated major course or courses in question. It is also possible that a student may demonstrate competency in subject matter covered by a required course or courses (for example, computer literacy or foreign language). In this case, a student may file a petition to seek approval to waive one or more required courses for a designated major. The petition for this purpose, Petition for Variance, is available in the Counseling Office.

Transfer Requirements

The completion of general education and major requirements for an associate degree ordinarily does not make the student eligible to transfer to a four-year college or university. For transfer requirements, consult the transfer information section of this College Catalog, appropriate websites, and your counselor.

CSU General Transfer Information

CAVEAT — The courses and requirements described herein are subject to change. Students should consult a counselor and appropriate websites (e.g., csumentor.edu) to receive the most current transfer information.

ADMISSION — Students are not assured of admission to the campus and/or major of first choice. Consult your counselor for further information.

Completion of GE requirements is not currently required for admission to a CSU campus. A student who is planning to transfer to one of the campuses of the California State University can qualify for admission by meeting the following requirements:

1. LOWER DIVISION TRANSFERS: The CSU, with few exceptions, will no longer accept lower division transfer students.
2. UPPER DIVISION TRANSFERS: Upper division transfers may qualify for admission if they have completed **60 or more transferable semester units** (maximum 70 units) and have completed the appropriate college courses with a grade better of C or better to satisfy **subject area requirements**. Applicants must have a **2.0 overall grade point average** in all transferable college units attempted (2.40 for non-California residents) and be in good standing at the last college or university attended; continuous attendance is not required.
3. SUBJECT AREA REQUIREMENTS: This admission requirement can be satisfied by completing 30 semester units of general education courses with a grade of C or better in each course, to include English Language Communication and Critical Thinking (all of Area A) and Mathematics/Quantitative Reasoning (Area B4).

TWENTY-THREE CSU CAMPUSES

Bakersfield (BAK)	Monterey Bay (MB)
Channel Islands (CI)	Northridge (NOR)
Chico (CHI)	Pomona (POM)
Dominguez Hills (DH)	Sacramento (SAC)
East Bay (EB)	San Bernardino (SB)
Fresno (FRE)	San Diego (SD)
Fullerton (FUL)	San Francisco (SF)
Humboldt (HUM)	San Jose (SJ)
Long Beach (LB)	San Luis Obispo (SLO)
Los Angeles (LA)	San Marcos (SM)
Maritime Academy (MA)	Sonoma (SON)
	Stanislaus (STA)

USE OF SUMMER COURSEWORK FOR FALL ADMISSION — Some campuses restrict the use of summer coursework to satisfy some fall admission requirements, in particular English Language Communication and Critical Thinking (Area A) and Mathematics/Quantitative Reasoning (Area B4). Campuses known for this are: CI, CHI, FUL, HUM, LB, MB, POM, SAC, SD, SF, SJ, SLO, SM, and SON.

SCHOLARSHIP — Most campuses require a grade of C or better for most courses and an overall C average (2.0 GPA) for all courses used to satisfy GE requirements. Also, most campuses require letter grades for all GE courses and do not permit pass/no pass grades. Campuses known to impose limitations on courses graded as credit (pass/no pass) are: DH, FUL, SB, and SON.

FULL CERTIFICATION — Completion of all five Areas or sections of these requirements prior to transferring will permit Ventura College to certify to each of the CSU campuses that you have fulfilled the basic 39-unit minimum lower division general education-breadth requirement. Each of the campuses of CSU requires an additional nine units of upper division GE work in residence; some campuses may require more than the 48-unit minimum. Students should make an appointment in the Counseling Office prior to transfer to apply for CSU GE certification.

SUBJECT AREA CERTIFICATION — It is possible to complete separately any of the Areas or sections (A-E) at Ventura College and receive partial certification in any or several of these areas; if you are not fully certified, it will be necessary for you to complete the remaining areas (and perhaps other areas) after transferring as defined by the catalog of the transfer school.

CERTIFIED COURSES — Ventura College will also certify courses completed at other California Community Colleges or California State University campuses in satisfaction of GE requirements provided that such courses are baccalaureate level and would be certified by the institution offering them. Students who have completed courses at other colleges and universities should consult the Counseling Office regarding “pass along” certification.

CERTIFICATION AFTER CSU MATRICULATION — Transfer students are permitted to complete community college courses and receive CSU GE-Breadth and IGETC certification after matriculating to a CSU campus. For the CSU GE-Breadth pattern, the following campuses impose some limitations: CI, CHI, EB, LA, POM, SAC, SB, SM, SON, and STA.

COURSE RESTRICTIONS — While a course may satisfy more than one general education group and/or area requirement, it shall not be counted more than once for GE and any excess units in one area shall not apply to another area. International or foreign coursework cannot be used in CSU GE-B certification. The individual CSU campus may opt to give students credit for foreign coursework, but community colleges do not have that prerogative.

CREDIT BY EXTERNAL EXAMS — There is no limit to the number of external exams that can be applied to CSU GE. Advanced Placement (AP) exams require a score of 3, 4, or 5 to grant credit for CSU GE certification. There is no equivalent exam for Area A3, the Critical Thinking requirement. College Level Examination Program (CLEP) exams require a score of 50 (higher for Level II foreign language) to grant credit for CSU GE certification. CLEP exams can be applied to the CSU GE but not to IGETC. International Baccalaureate (IB) exams require a score of 4 or 5 to grant credit for CSU GE certification. Students who have earned credit from an external exam should not take a comparable college course because transfer credit will not be granted for both. Credit by examination is acceptable provided that a Pass (P) is equivalent to a C grade.

TRANSFER COURSES — The approved CSU listing designates those courses that may be used to meet GE requirements; it is not a complete listing of all courses that transfer to CSU. Transferability of courses may be checked in the Ventura College Catalog, the Schedule of Classes, the Counseling Office, the Transfer Center, or at the ASSIST website: assist.org

U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS REQUIREMENTS — All campuses require students to complete college-level coursework in U.S. History, American Government and California Government, in addition to GE requirements. Courses

CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION INFORMATION

approved to satisfy this requirement are specified in appropriate areas. All campuses permit double counting of courses taken to meet this requirement and GE-Breadth if the student is partially or fully certified.

MAJOR COURSES — Most campuses require a grade of C or better for each course required in preparation for a student's major; most do not allow a "Pass" (P) for major courses. Some CSU campuses allow applicants who submit full or area certifications to double count courses for general education and major requirements. Some majors are highly selective and require completion of some, or all, of the required major preparation coursework prior to transfer. Consult your counselor for more information. Campuses known to impose some double counting limitations are: CI, CHI, DH, FRE, FUL, HUM, LB, MB, NOR, SAC, SB, SF, SJ, SLO, and SON.

MAJOR PREPARATION — Satisfaction of lower division courses required for selected majors generally must be completed for those majors that are oversubscribed or impacted. CSU generally prefers students to complete prerequisite major courses before completing general education courses. Of course, all requirements for admission (minimum units, GPA, and subject area requirements) must be completed prior to transfer.

FOREIGN LANGUAGE AND SECOND SEMESTER ENGLISH — Some campuses require foreign language and/or a second semester of English composition for graduation. In some cases, students certified in Areas A and C are exempt from these requirements. Also, some campuses require completion of these courses for certain majors. See the catalog of your campus choice for these requirements, especially if you are interested in these campuses: BAK, CI, EB, LA, MB, SAC, SB, SD, SF, SJ, and SM.

MULTICULTURAL / ETHNIC STUDIES REQUIREMENT — CSU campuses require all candidates for the bachelor's degree to complete at least one course in multicultural/ethnic studies as a condition of graduation. Selected campuses will not permit this requirement to be met prior to transfer; for most of these campuses, the course must be upper division: CI, CHI, DH, FRE, LB, LA, MB, SB, SD, SF, SJ, and SM.

ADDITIONAL GRADUATION REQUIREMENTS — You are advised to consult your counselor and the catalog of the state university that you plan to attend for requirements unique to that school. Additional courses are required in preparation for a major and/or as electives. Campuses that may impose additional graduation requirements, other than foreign language and second semester English composition, are: BAK, CI, CHI, EB, FUL, HUM, LB, LA, MB, NOR, SAC, SJ, SLO, SM, SON, and STA.

HIGH UNIT MAJOR WITH AUTHORIZED EXCEPTIONS TO ADMISSION AND GENERAL EDUCATION-BREADTH REQUIREMENTS — Upper division transfer students are ordinarily required to complete general education requirements in English Language Communication and Critical Thinking (Areas A1, A2, A3) plus Mathematics/Quantitative Reasoning (B4) prior to transfer. For selected majors at the following campuses, Critical Thinking (A3) is integrated primarily in the upper division curriculum and need not be completed before transfer: CHI, FRE, HUM, LA, NOR, SAC, SF, SJ, and SLO.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) — Students planning to transfer to either a CSU or UC campus may elect to use the Intersegmental General Education Transfer Curriculum (IGETC) in satisfaction of GE requirements.

Consult a VC counselor for additional information or csumentor.edu or uctransfer.universityofcalifornia.edu

SEQUENTIAL COURSES — Most institutions recommend that students complete sequential courses at the college where the series was started. This is especially recommended for a sequence of two or more courses that requires the preceding course(s) as a prerequisite to advancement.

OTHER COLLEGES AND UNIVERSITIES — Students who plan to attend one of the campuses of the University of California (UC) or a private or out-of-state school should consult a counselor and the catalog of the particular school to determine the coursework needed to meet GE requirements at that institution. While many of the courses listed here transfer to UC and other institutions, they do not necessarily satisfy the GE requirements.

TRANSCRIPTS — You must make a written request of the Records Office to forward your transcript. Ventura College can send official transcripts of work completed at this college and at Moorpark and/or Oxnard Colleges. You must request transcripts of work completed at any other colleges (outside of this college district) to be sent to the transfer institution. Your Application for Certification is not a request for a transcript.

ASSOCIATE DEGREE — Although it is not necessary for you to complete an associate degree in order to transfer to a four-year school, many of the courses taken to satisfy associate degree requirements are transferable and, in many cases, may be used to meet transfer GE requirements.

TRANSFER ASSISTANCE — Should you encounter any problems during or after transfer, we may be able to assist you. Please feel free to contact the Counseling Office or the Transfer Center at Ventura College even after you have enrolled at another campus.

MORE INFORMATION — If you have any questions, check with a counselor or csumentor.edu

ASSIST — ASSIST is a computerized transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's public colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. ASSIST is available at assist.org

General Education-Breadth Requirements

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that community college transfer students can use to fulfill lower division general education-breadth requirements for either the California State University (CSU) or the University of California (UC) systems without the need, after transfer, to take additional lower division general education courses.

IGETC General Transfer Information

CAVEAT — These courses and requirements are subject to change. Students should consult a counselor or appropriate websites to receive the most current transfer information.

Completion of the IGETC is not generally a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower division general education requirements of the CSU or UC prior to transfer. It is **not** advisable for all transfer students to follow the IGETC. Some students may be better served by taking courses that fulfill the CSU General Education-Breadth requirements or those GE requirements of the UC campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation (“high-unit majors”) may not find the IGETC option to be advantageous. Students should also be aware that selected schools and colleges at most undergraduate campuses of UC have requirements that render the use of IGETC either inappropriate or not permitted (e.g., the College or School of Engineering). The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular CSU or UC campus. For current information consult the UC Answers for Transfers booklet.

ADMISSION — Most campuses of CSU and UC rarely accept transfer applicants at the freshman or sophomore levels. Upper division or advanced standing admission criteria are based on three components:

- 1) **Units** — a minimum number of transferable semester units (60 for CSU and UC; maximum 70 for both);
- 2) **Scholarship** — a minimum cumulative GPA in all transferable coursework (2.0 for CSU; 2.4 for UC; higher for non-California residents); and
- 3) **Subject area requirements** — course pattern (a-g) requirements and the ways in which students satisfy these requirements differ between CSU and UC. These admission criteria specify only minimum standards. CSU and/or UC may apply more rigorous standards as enrollment demand changes.

All potential transfer students are expected to read the CSU and UC publications for transfers available online or in the Ventura College Counseling Office and the Transfer Center.

Applicants **must complete** both the necessary lower division **mathematics and English composition requirements with grades of C or better** for most campuses by the end of the spring semester prior to transfer in the fall (all of Area A plus B4 for CSU GE; Areas 1 and 2 for IGETC). Some campuses require the completion of the English and mathematics requirements by the end of the fall semester prior to transfer in the following fall. Also, most campuses require that the 60-unit minimum, the subject area requirements, and major preparation courses with grades of C or better be completed by the end of the spring semester prior to transfer in the fall.

Completion of the IGETC satisfies lower division GE requirements at all CSUs and most UCs. It does not guarantee eligibility for admission to the CSU or UC system, or to a specific campus or program. Students who are fully certified for IGETC prior to transferring to UC or CSU will satisfy the subject area or course pattern requirements for admission; they must also satisfy the units and scholarship requirements. There is no intended connection between completion of the IGETC and eligibility for admission to the CSU or UC systems. Consult a counselor or the campus of your choice to determine transfer admission requirements.

SELECTION CRITERIA — Certain colleges, schools, or majors are highly selective. This means that either the number of applicants greatly exceeds the spaces available and/or the minimum GPA in transferable courses is expected to be higher than the minimum criteria for admission. These conditions apply to most UC campuses and some CSU campuses. See Supplemental Admission criteria in this catalog.

USE OF SUMMER COURSEWORK FOR FALL ADMISSION

Some campuses permit students to use courses taken in the summer to satisfy

requirements for the subsequent fall term, with the exceptions of English Communication (CSU GE, all of Area A; IGETC, all of Area 1) and Mathematics/Quantitative Reasoning (CSU GE, Area B4; IGETC, Area 2). Consult your VC counselor regarding these limitations. Campuses known to impose some limitations are: Cal State CI, CHI, FUL, HUM, LB, MB, POM, SAC, SD, SF, SJ, SLO, SM, and SON; and UCB, UCD, UCI, UCLA, UCR, UCSD, UCSB, and UCSC.

SCHOLARSHIP — Courses used for IGETC certification must be completed with a minimum grade of C (C- is not acceptable). A “Pass” (P) is acceptable, providing it is equivalent to a grade of C or higher at the institution where the course was taken. The UC system allows a maximum of 14 semester units graded Pass/No Pass. Individual CSU campuses also impose unit limitations for P/NP courses.

CERTIFICATION — All CSU and most UC campuses will accept full certification of the IGETC as meeting all of the lower division GE requirements for the baccalaureate degree. Generally, the last community college a student attends before transferring will determine certification of the IGETC. In addition to the course requirements for each subject Area, full certification for the CSU must include completion of the Oral Communication requirement. For the UC, Oral Communication is not required, but full certification must include satisfaction of the Language Other Than English (LOTE) requirement. Consult a counselor to determine the options for satisfaction of the LOTE requirement.

Partial certification of IGETC is permitted. A maximum of two IGETC courses may be completed after transfer (excluding Areas 1 and 2).

Students should make an appointment in the Counseling Office prior to transfer to apply for IGETC certification or to petition for partial certification.

CERTIFIED COURSES — Coursework completed at regionally accredited institutions to include California Community college Colleges (CCCs), along with those colleges and universities which are not CCCs including out-of-state and independent colleges, may be included among the courses to certify student completion of IGETC if such coursework is comparable to courses on any CCC approved course list. Each CCC course must have been IGETC approved at the time it was taken. In addition, credit awarded for Advanced Placement exams can be used to meet IGETC requirements. Students should consult a counselor to determine the applicability of coursework and external exam scores to IGETC subject area requirements.

CERTIFICATION AFTER CSU MATRICULATION — Transfer students are permitted to complete community courses and receive CSU GE-Breadth and IGETC certification after matriculating to a CSU campus. Students are limited to a maximum of two courses to complete IGETC after matriculation at a CSU campus. For the CSU GE-Breadth pattern, the following CSU campuses impose some limitations: CI, CHI, EB, LA, POM, SAC, SB, SM, SON, and STA.

COURSE RESTRICTIONS — A single course may count only once; it cannot be used to fulfill GE requirements in two areas simultaneously. The more advanced coursework used to satisfy the UC requirement in Language Other Than English may also be used to satisfy the Humanities requirement. Foreign coursework cannot be applied to IGETC (except Area 6) unless the foreign institution has U.S. regional accreditation.

CREDIT BY EXTERNAL EXAMS — There is no limit to the number of external exams that can be applied to IGETC. Advanced Placement (AP) exams require a score of 3, 4, or 5 to grant credit for IGETC certification. There is no equivalent exam for Area 1B, the Critical Thinking/Composition requirement. International Baccalaureate (IB) exams require a score of 5, 6, or 7 on Higher Level exams to grant credit for IGETC certification. College Level Examination Program (CLEP) cannot be used for IGETC. Students who have earned credit from an AP or IB exam should not take a comparable college course because transfer credit will not be granted for both. Credit by examination is acceptable provided that a Pass (P) is equivalent to a C grade.

TRANSFER LIMITATIONS — All transfer limitations applying to courses taken at Ventura College also apply to these general education requirements. Consult your VC counselor concerning these limitations.

IGETC GENERAL EDUCATION INFORMATION

TRANSFER COURSES — The approved IGETC course listing designates those courses that may be used to meet university-wide general education requirements (see Certification). The GE courses are not a complete listing of all courses that transfer to CSU and UC. Transferability of courses may be checked in the Ventura College Catalog, the Schedule of Classes, the Counseling Office, the Transfer Center, or at the ASSIST website: assist.org

ADDITIONAL CSU-GE REQUIREMENTS — Students who are fully certified under IGETC and transfer to CSU campuses will be required to complete a minimum of nine units of upper division general education work and all campus-specific non-GE graduation requirements not completed prior to transfer.

U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS REQUIREMENTS — All CSU campuses require students to complete college-level coursework in U.S. History, American Government and California Government in addition to GE requirements. Courses completed to satisfy this requirement can be used to satisfy GE requirements for IGETC. UC campuses have similar requirements in American History and Institutions (AH&I). However, the AH&I requirements may be satisfied for most UC campuses (not UCSB) by completing the subject area requirement in high school. Consult a counselor for further information about this requirement.

MAJOR COURSES — Most campuses require a grade of C or better for each course required in preparation for a student's major; most do not allow a "Pass" (P) for major courses. Also, UC will allow IGETC courses to count toward major requirements. Only some CSU campuses will allow double counting. CSU campuses known to impose some double counting limitations are: CI, CHI, DH, FRE, FUL, HUM, LB, MB, NOR, SAC, SB, SF, SJ, SLO, and SON.

MAJOR PREPARATION — Satisfaction of lower division courses required for selected majors is generally required in those majors that are oversubscribed or impacted. UC and CSU generally prefer students to complete prerequisite major courses before completing general education courses. Of course, all requirements for admission (minimum units, GPA, and subject area requirements) must be completed prior to transfer.

SEQUENTIAL COURSES — Most institutions recommend that students complete sequential courses at the college where the series was started. This is especially recommended for a sequence of two or more courses that requires the preceding course(s) as prerequisite to advancement.

OTHER COLLEGES AND UNIVERSITIES — Students who plan to attend a private or out-of-state school should consult a counselor and the catalog of the particular school to determine the coursework needed to meet GE requirements at that institution. While most of the courses on the approved IGETC list transfer to other institutions, they do not necessarily satisfy the GE requirements.

TRANSCRIPTS — You must make a written request of the Records Office to forward your transcript. Ventura College can send official transcripts of work completed at this College and at Moorpark and/or Oxnard Colleges. You must request transcripts of work completed at any other colleges (outside of this college district) to be sent to the transfer institution.

ASSOCIATE DEGREE — Although it is not necessary for you to complete an associate degree in order to transfer to a four-year school, many of the courses taken to satisfy associate degree requirements are transferable and, in many cases, may be used to meet transfer GE requirements.

TRANSFER ASSISTANCE — Should you encounter any problems during or after transfer, we may be able to assist you. Please feel free to contact the Counseling Office or the Transfer Center at Ventura College at any time.

MORE INFORMATION — If you have any questions, check with a counselor. More information is available for UC at uctransfer.universityofcalifornia.edu, for CSU at csumentor.edu, and for both in the VC catalog and at assist.org

ASSIST — ASSIST is a computerized transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's public colleges and universities and therefore provides the most accurate and up-to-date

information available about student transfer in California. ASSIST is available at assist.org

IGETC CONSIDERATIONS — Students with a substantial amount of coursework from institutions outside the United States should consult with a community college counselor to determine whether they should complete IGETC or the lower-division breadth/general education requirements at the campus they plan to attend. In addition, some colleges or majors prefer that transfer students follow a more prescribed lower-division curriculum, as described here:

● **Berkeley:** IGETC is acceptable for all majors in the College of Letters and Science and the colleges of Engineering, Environmental Design and Chemistry have extensive, prescribed major prerequisites. In general, IGETC is not appropriate preparation for majors in these colleges. Although IGETC satisfies breadth requirements for most majors in the College of Natural Resources, specific lower-division major requirements must still be satisfied. For more information, check with the college or visit the ASSIST website for more information.

● **Davis:** IGETC works well for students planning for Bachelor of Arts majors with few units of lower-division preparation. Bachelor of Science degrees and high-unit majors often have many courses of lower-divisions preparation. In these cases, the UC Davis GE pattern is the best choice.

● **Irvine:** All schools accept IGETC. However, selection by the campus is based on demonstrated academic achievement and preparation for the intended major.

● **Los Angeles:** The Henry Samueli School of Engineering and Applied Science does not accept IGETC.

● **Merced:** The School of Engineering and the School of Natural Sciences do not recommend IGETC.

● **Riverside:** The Marlan and Rosemary Bourns College of Engineering (BCOE) accepts completion of IGETC as satisfying the majority of the college's breadth requirement for transfer students. Some additional breadth coursework may be required after enrollment at Bourns. For more information, see the Bourns College of Engineering Breadth Requirements. The College of Natural and Agricultural Sciences does not accept IGETC, although courses taken to satisfy IGETC may be applied toward the college's breadth pattern. The College of Humanities, Arts, and Social Sciences accepts IGETC.

● **San Diego:** IGETC is accepted by John Muir, Earl Warren, Sixth and Thurgood Marshall Colleges only. Students completing IGETC are welcomed at Eleanor Roosevelt and Revelle Colleges; however, they must fulfill the specific general education requirements of those colleges. At UCSD, all majors are available to students in each college, so students who choose IGETC will not be restricted in their choice of major as a result.

● **Santa Barbara:** Students who transfer into the College of Letters and Science and the College of Creative Studies may use IGETC to substitute for general education requirements. Transfer students in the College of Engineering may also use IGETC to substitute for general education requirements. In addition to general education, all students in the College of Engineering are required to complete a depth requirement. Students who wish to satisfy the depth requirement prior to transfer must complete a yearlong sequence in the history of world civilization, history of Western civilization, history of the United States, history of Western philosophy or history of Western art. Students may want to choose courses for IGETC that will concurrently satisfy the depth requirement. Students may also complete the depth requirement with upper division coursework after transferring. Please note: Students planning to transfer into a major in engineering, computer science or the biological or physical sciences must be careful to complete lower division major prerequisites to ensure competitiveness and make normal, timely progress through the major.

● **Santa Cruz:** Transfer students intending to pursue any major in the physical and biological sciences or the Jack Baskin School of Engineering should not follow IGETC because it will not provide them with enough lower-division preparation for their majors. IGETC Course Lists Online. IGETC course lists for all California community colleges are available at the ASSIST website.

El desconocimiento de las reglas expuestas, tanto en este folleto como en el catálogo de Ventura College no excusa al estudiante de las consecuencias que éste pueda sufrir debido al incumplimiento de las mismas.

El Derecho "A Saber" del Estudiante

De acuerdo con Conforme a Student Right-To-Know law (la ley del derecho del estudiante "a saber"), (SRTK), es reglamentario para el Ventura County Community College District (Distrito de la Comunidad del Condado de Ventura), y de Ventura College facilitar información con respecto a la velocidad (paso) en que los estudiantes han logrado ser transferidos y al proceso de transferencia a los estudiantes actuales y a futuros. A principios del otoño de 2005 un grupo de estudiantes de tiempo completo, aspirantes a graduados y/o certificados, y cuya meta consistía en ser transferidos a Universidades por primera vez, participaron en un estudio de seguimiento durante tres años. (Como resultado de lo anterior, aproximadamente un 2.6% del total de estudiantes de Colegios comunitarios a nivel estatal, también fueron incluidos en el estudio de 2005). El logro de transferencias y porcentajes de transferencia están presentados a continuación junto con una descripción de la definición de dichos porcentajes. Estos resultados no representan los niveles de logro de toda la comunidad de Ventura College, tampoco incluyen a aquellos

estudiantes dentro del período posterior al estudio de tres años. Los resultados siguientes excluyen, además, estudiantes de medio tiempo, estudiantes 'continuos' y estudiantes que asisten de Ventura College con el fin de ampliar sus conocimientos o habilidades a nivel profesional o cuyo objetivo es mejorar sus destrezas básicas o validar licencias. También están excluidos del estudio aquellos estudiantes que están tomando créditos para completar su grado de bachiller o que buscan enriquecer sus conocimientos generales, etc. Los resultados siguientes tampoco incluyen a aquellos estudiantes que demoraron más de dos años en completar su meta académica. Los resultados del estudio relacionado con la rapidez en la que los estudiantes lograron su transferencia a Universidades tampoco incluye a aquellos estudiantes que poseían un certificado o que estaban "preparados para transferirse" antes de hacerlo. El resultado del estudio SRTK descrito anteriormente fue de 26.12% para VC. El resultado del grado de logro sólo concierne al porcentaje de estudiantes incluido dentro del grupo estudiado y que logró su transferencia durante el período de tres años incluido desde otoño de 2005 hasta la primavera de 2008. Los estudiantes preparados para ser transferidos se definen como aquellos que completaron 56 (cincuenta y seis) unidades transferibles con un GPA mínimo de 2.0. El resultado de transferencia en el estudio SRTK de Ventura College, descrito anteriormente, fue del 24.11%. Advertencia: Los resultados del estudio no incluyen a aquellos estudiantes que obtuvieron su título, grado o certificado antes de transferirse a otras instituciones de educación postsecundaria, tales como UC o CSU. Más información general acerca del estudio SRTK está disponible al público en la página electrónica de la oficina del State Chancellor of the California Community College System (Canciller del Sistema de Colegios Comunitarios de California).

El Título IX prohíbe la discriminación

Las personas que deseen información sobre el Título IX de las Enmiendas de Educación de 1972, que prohíbe la discriminación por razón de sexo en la educación, programas y actividades, deben dirigir sus preguntas a David Bransky, Asistente del Decano de Servicios Estudiantiles, de Ventura College, 4667 Telegraph Road, Ventura, CA 93003. Teléfono: (805) 654-6400 ext. 3138 o por e-mail a dbransky@vcccd.edu.

Título IV, Devolución de Fondos

Existe una ley federal acerca de la devolución de dinero en caso de que el estudiante abandone de Ventura College. Si uno obtiene una beca o un crédito financiero y luego se retira de las clases, se quedará debiendo dinero al programa federal de Ayuda Financiera para el estudiante. De acuerdo a la fecha de su retiro, la oficina de Ayuda Financiera hará un cálculo de la parte de la beca que se ha utilizado. Nota: Si se retira después de haber utilizado el 60% de la beca, no se debe hacer un repago. La oficina de Ayuda Financiera le ayudará al estudiante a hacer los cálculos. Si se recibe dinero prestado y luego se retira, debe devolver el dinero de acuerdo con las pautas comunes del programa de créditos. Si se recibe dinero de workstudy (trabajo-estudio), y se retira, se queda a paz y salvo. Comience el proceso de retiro en la oficina de Consejería. Luego, vaya a la oficina de Ayuda Financiera para estudiantes. Es importante que se tenga en cuenta estos procedimientos antes de retirarse. Omitir estos pasos, podría resultar en la eliminación de posibilidad de elegibilidad para otro tipo de ayuda financiera por parte del gobierno federal o de cualquier otra institución.

Se requiere que todos los estudiantes que se reintegran presenten los reportes de notas oficiales de todos las Escuelas Secundarias o de Educación superior, Colegios (Colegios) y Universidades a donde ellos hayan asistido. No es necesario que los estudiantes presenten los reportes oficiales de notas de Moorpark o de Oxnard College. Los reportes deben ser dirigidos a: Ventura College, Admissions & Records Office, 4667 Telegraph Rd., Vta., CA 93003.

Beneficios Educativos para Veteranos

Requisitos para el reporte de notas: Se requiere que los veteranos suministren los reportes de notas de todos aquellos Colegios y Universidades a los que hayan asistido, antes del final del primer semestre que estén cursando. **Progreso insatisfactorio para veteranos:** Con el fin de recibir la certificación requerida para obtener beneficios educativos, se definirá como (período de prueba académica) reprobación académica el incumplimiento en un mínimo del 50% del total de las unidades atendidas y/o el mantener un promedio acumulado menor a 2.0. Un progreso insatisfactorio ocurre cuando el veterano ha estado en período de prueba académica por dos semestres consecutivos. Consulte al representante de beneficios para veteranos para más información.

El Distrito se encargará de divulgar la información concerniente a sus reglamentos y procedimientos apropiados a seguir con respecto a los casos de acoso/ discriminación, a todos los empleados y estudiantes, anunciando su existencia en sitios notables a través del Distrito, incluyendo, pero no limitándose, al catálogo de Ventura College y al horario de clases.
