

## Biology Department Meeting

4/28/2011 4:00 pm- 6:00 pm

**Attendees:** Kammy Algiers, Ty Gardner, Terry Pardee, Mary Pat Huxley, Robbie Haines, Marta de Jesus, Tricia Fausset, Elzbet Diaz de Leon

**Minutes From Last Meeting:** Approved by everyone

### Program Description and Mapping Form

- Need to fill in Description and Purpose
- College Level SLO: Went through Biology SLOs for all courses and mapped them to PLSLO
  - Mapping for ANPH was done by Terry first, then Ty, then approved by all
  - BIOLV12 PLSLO#3: May need to make an SLO to change that from a P to an M
  - BIOLV18 PLSLO#8: M; needs a CLSLO and objective/content in the course outline regarding ethics
  - These courses currently have PLSLO#5 at M, but we need a better method for such courses without a course outline
    - BIOLV88 Workshop
    - BIOLV89 Workshop
    - BIOLV90 Directed Studies
    - BIOLV95 Internships
    - BIOLV96 Internships
- **Initiatives:**
  - Went through all initiative to rank them
  - ANATV01
    - Funding for activities and attendees
    - X-RAY viewer that can hang more than one X-RAY at a time (to permanently mount on wall)
  - ANPHV01
    - Model / Bone
  - BIOLV01L
    - Fish chiller
  - BIOLV04
    - Parscore System
    - May be a campus wide initiative or division initiative
    - Nursing has an older one with possible old software
  - BIOLV14
    - Plant Dryer & herbarium specimen
  - BIOLV31
    - Computers – will be taken care of through last program review (SCI 316)

- 3 Flash drives; may be able to get them through supply funds
- MICRO
  - Camera for microscope that is good quality
- Ranking

Initiatives	Priority
Body model	1
Bones	4
Microscope Video Camera	2
Light box	6
Plant Dryer/Herb. Specimen	5
Parscore	7
Fish Chiller	3

- **Vision Statement:**
  - Inspiring curiosity in life through learning
- **Mission Statement:**
  - The rigorous and comprehensive education we provide helps our students become capable, confident, and compassionate participants in the sciences and in society as a whole.
- **Value Statement:**
  - Terry’s version was discussed
  - Ty’s version was discussed
  - Will discuss and come back to this later
- **History of Department:**
  - Working on it
- **NCSE**
  - Marta said she spoke to every person in the department and heard more no than yes so she will be telling NCSE that we will not allow them to publish the Evolution Statement in their publication
- **Awards**
  - We are requesting for two; will hear more
