DISTANCE EDUCATION INFO

Internet and TV/Video courses are offered at Ventura College!

Students with questions about how these courses work or what technology they need at home can refer to the Distance Learning web page <http://online.venturacollege.edu> or contact Krista Wilbur at distance_ed@vcccd.edu

REGISTRATION: Registering for online courses is done either on campus, in-person, or using the student portal <http://my.vcccd.edu>

ORIENTATION: Most online courses hold an orientation on campus; however, not all courses are accessed the same way on the same system. For a complete list of online courses with orientation and course requirement information go to the Distance Learning page at <http://online.venturacollege.edu> and click on "Class Orientation Information."

LOGGING IN TO "Desire2Learn": Many courses at Ventura College use the *Desire2Learn* online course system. To access your course(s), go to the student portal, <http://my.vcccd.edu> and click on **MyCourses** icon at the top of the page.

ACCESS CODES: Access codes may be required for online courses. The code is included with the purchase of a new textbook from the College Bookstore. For used book purchases and books purchased new from other locations, the codes must be purchased separately online; detailed instructions will be posted on the orientation page or at the time of the class.

IMPORTANT INFORMATION: Internet and TV/Video courses are not self-paced. This means that assignments will be due throughout the semester and that deadlines will exist for assignments, discussions, exams, etc. Most Internet and TV/Video courses have meetings on campus for exams. Proctored exams may be scheduled if a student is unable to come to campus; however, this must be arranged with the instructor prior to the exam date. A proctored exam is one where an official party supervises an exam taken off campus.

Assessment, Orientation and Counseling

New Students please read carefully - You are required to complete an Admission application before you attend the Assessment, Orientation or Counseling sessions. You can apply online at venturacollege.edu, or you can obtain an application at the Admissions and Records Office. A comprehensive assessment process is required for all nonexempt student (see below for exemption policy). The purpose of this matriculation process is to provide students with accurate information to help them define and attain their educational goals. The following services are provided to enhance student success: Orientation, Assessment, and Counseling/Advising.

Orientation - The Ventura College orientation presents the basic information you will need to get started as a student at Ventura College. Students participating in orientation sessions will learn how to use the College Catalog. Students will also learn about activities and student services which are available to assist them in achieving their goals at Ventura College. Services and activities discussed during orientation include the application process, assessment, the registration process, counseling, the Transfer and Career Center, and Financial Aid. Orientation can be done online or in-person.

For Spanish Orientations - Please contact Matriculation Specialist Ms. Chimalpopoca at (805) 654-6400 ext. 1302, for appointments.

Assessment - This process at Ventura College attempts to look at the whole person, therefore your English, reading, mathematics, study and learning skills may be assessed. In addition, a self-evaluation is completed. This lets you review your employment obligations, your motivational level, and your language readiness, to name a few. All together, this information, along with a review of your high school and college transcripts, should prove helpful to you when discussing course selections with a counselor. The Assessment Center is located in the Student Services Center (SSC) in the Matriculation/Assessment area. Testing is offered using a computerized format, however, students may opt to do their testing on a pencil/paper format if they prefer. For an Assessment schedule call the Matriculation/Assessment office at (805) 654-6402 or (805) 654-6493, or view the schedule online at venturacollege.edu/matriculation.

Counseling - A new student must attend orientation and complete their assessment testing before participating in a group counseling workshop. Students should bring copies of their high school transcripts, assessment results, and their external transcripts (if they attended another college prior to attending Ventura College), and any other information that might be helpful.

Located in the Student Services Center (SSC), the Ventura College Counseling Office is open days and evenings for counseling appointments and drop-by counseling. Call the Counseling Office at (805) 654-6448 for availability and information.

Students who complete all three activities before the deadline noted in the Registration Calendar on page 1 will be eligible for priority registration. The current assessment schedule can be found online at venturacollege.edu by clicking on "Services for Students." You can also obtain a schedule at the Information Desk or at the Matriculation/Assessment Office.

Reasonable Accommodations - Reasonable accommodation in the assessment process, including testing materials in alternate formats is available upon request for students with disabilities. Prior arrangements must be made with the Alternate Media Specialist at (805) 654-6300.

Exemption Policy - You are not required to complete the Matriculation process if you: **1)** Hold an Associate degree or higher, **2)** Have completed less than 15 units and your goal is either to update job skills or advance in current job, maintain a certificate or license, or for Intellectual or Cultural development, **3)** Received these services at another college and are exempted by a VC counselor.

COUNSELING WORKSHOPS AVAILABLE - The workshops are designed to provide, in a group setting, and specific information about Ventura College's academic programs. To register for these FREE workshops, please call the Counseling Office at (805) 654-6448. Workshop schedules are subject to change. Check with the Counseling Office for any updates. Workshops available:

- 1. Counseling Workshop:** Learn about specific classes required for the SPECIFIC educational pathway(s) you would like to complete at Ventura College.
- 2. Pre-Nursing Workshop:** A brief overview of the EMT, Nursing, Paramedic Studies and Certified Nurse Assistant programs will be presented.
- 3. Ventura College Promise Workshop:** For students needing a counselor signature for the VC Promise application only. [This workshop is not intended for completing the FAFSA or completing financial aid appeals.] For workshop schedules, go to venturacollege.edu/departments/student_services/counseling/index.shtml.

Sequence of English Courses 2010-2011

Prerequisites and Corequisites

All Prerequisites and Corequisites will be strictly enforced at the time of registration.

Corequisites require a student to enroll in two or more linked classes (ex: PHYS V02A and PHYS V02AL). Prerequisites state the preparation required to successfully complete the course; an example would be ENGL V01A which has a prerequisite of ENGL V02. Prerequisites may be satisfied by completing the prerequisite course at Ventura College, or by providing transcripts to verify that you have completed the equivalent course in high school or at another college or university. In some cases, test scores may also be used to satisfy prerequisite requirements.

It is highly recommended the student seek approval for the clearance BEFORE attempting to register to minimize registration delays. See page 61 for more information.

If you have not completed the required prerequisite, your registration will be blocked.

See page 60 for more information. 27

MATH V01 & MATH V03 STUDENTS

ATTENTION!

In addition to traditional classroom lecture classes, Ventura College provides other learning options. To determine which class is best suited for you, please read the course listings carefully and consider the following features:

- Self-Paced classes are available. See the "Self-Paced Elementary and Intermediate Algebra" note for more information.
- Online classes are available. Look for the highlighted class.
- Accelerated pace classes are available. It is possible to complete MATH V01 and MATH V03 in the same semester. See the NOTE announcing a 9-week class for this option.
- Some classes require online homework. Look for the NOTE stating that an Online Component is required.
- Some classes have a Supplemental Instruction (SI) tutor provided. Look for a NOTE below the class.

Mathematics Course Sequences 2010-2011

For new or returning students:
MATH V03, MATH V03E or MATH V35 satisfies the math competency requirement for A.A./A.S.

For students maintaining continuous enrollment from summer 2009:
MATH V01, MATH V01E, MATH V11B or MATH V30 satisfies the math competency requirement for A.A./A.S.

If you have not completed the required prerequisite, your registration will be blocked.

Self-Paced Basic Mathematics, Prealgebra, Elementary and Intermediate Algebra

*Do you find that a traditional math class moves too quickly?
Too slowly? Now is your chance to learn at your own pace.*

The contents of **MATH V09**, **MATH V10**, **MATH V01**, and **MATH V03** are each broken into one-unit modules: **MATH V09A-V09C**, **MATH V10A-V10C**, **MATH V01A-V01E**, and **MATH V03A-V03E**. Start with the first Module A of your course and work through the sequence, finishing with Module C for Basic Mathematics or Prealgebra or finishing with Module E for Elementary or Intermediate Algebra, enrolling in one module at a time. The modules are offered as open enrollment courses. **THE DEADLINE TO BEGIN ANY MODULE IS NOVEMBER 29, 2010.**

COMPLETION OF MATH V09A-V09C is equivalent to completing MATH V09; **COMPLETION OF MATH V10A-V10C** is equivalent to completing MATH V10; **COMPLETION OF MATH V01A-V01E** is equivalent to completing MATH V01; **COMPLETION OF MATH V03A-V03E** is equivalent to completing MATH V03.

SOME STUDENTS will be able to complete all three or five modules in the sequence in one semester; others will need multiple semesters to complete the sequence. The modules are offered on a pass/no pass basis only.

MODULAR STUDENTS are required to attend class a minimum number of hours that matches their target course: **three hours per week for Basic Mathematics and Prealgebra** and **five hours per week for Elementary and Intermediate Algebra**, between the hours of 11:00 am and 4:00 pm, Monday through Friday. No textbook is used in these courses; however participation will require the purchase of a computer access code. Information will be provided at the orientation. **NOTE:** Students who are successful in a course with this format are students who are self-disciplined and are able to work and learn independently.

ORIENTATION will be provided Monday through Friday during the first week of classes lasting approximately one hour beginning at 11:30 am, 1:00 pm and 2:30 pm in SCI 225-226. Students beginning the courses after the first week should report to the classroom during class hours at their earliest convenience for personalized orientation.

CONTACT the instructor, Donna Beatty at dbeatty@vcccd.edu for additional information.

Prerequisites and Corequisites

(The process detailed below applies only to Ventura College)

All prerequisites and corequisites will be strictly enforced at the time of registration.

Prerequisites and corequisites are stated in the course descriptions in the college catalog and in the class schedule. Both documents are available for review at venturacollege.edu.

Corequisites require a student to enroll in two or more linked classes (ex: PHYS V02A and PHYS V02AL). A course prerequisite states the preparation required to successfully complete the course; an example would be ENGL V01A which has a prerequisite of ENGL V02. Prerequisites may be satisfied by completing the prerequisite course at Ventura College, or by providing transcripts to verify that you have completed the equivalent course in high school or at another college or university. In some cases, test scores may also be used to satisfy prerequisite requirements.

If you know you need to be cleared for a prerequisite, or if you have attempted to register and have been blocked by a "Prerequisite and test score-error message," please complete the following steps. It is highly recommended the student seek approval for the clearance BEFORE attempting to register to minimize registration delays.

Steps to Requesting Unblocking (clearance) of a Prerequisite

1. For initial placement recommendations in a Math or English sequence, take the Math and English Assessment tests. For English placement recommendations, test scores from California State universities, CTEP or other selected validated standardized test scores may be considered. For math placement, students can use high school transcripts, college transcripts from another college or AP scores.
2. Download the prerequisite form at venturacollege.edu/prerequisites or pick-up the form at the Information Desk or Assessment Office, both located inside the SSC building. For office location, go to venturacollege.edu/map.
3. Complete the form and attach supporting documentation (official or unofficial college or high school transcripts, grade reports, test scores, AP scores, etc.) **prior** to registration.
4. Deliver completed form and documentation to the Assessment Office in-person, fax, or e-mail. The Assessment Office is located in the SSC building. The fax number is (805) 654-6425 and e-mail address is smanriquez@vcccd.edu. **Please make sure to include your name, the class(es) you are requesting clearance for, student ID number, and a contact telephone number or e-mail address.** Student cannot submit this information via phone request as documentation is required.
5. Prerequisite requests will be reviewed and processed within two working days.
6. If the prerequisite request(s) is/are **denied**, the student may elect to challenge the prerequisite. For more detail on this process, go to venturacollege.edu/prerequisites and read the section titled, "How to Challenge a Prerequisite or Corequisite."

How to Challenge a Prerequisite or Corequisite

(The process detailed below applies only to Ventura College)

If the student believes he/she has met the equivalent of a course prerequisite based upon one of the reasons listed below, the student has the right to challenge the prerequisite or corequisite. Please refer to the Petition for complete description/information of the acceptable reasons for challenge.

- Student is subject to undue delay in attaining the goal of educational plan because the prerequisite or corequisite course has not been made reasonably available.
- The prerequisite or corequisite is not valid because it is not necessary for success in the course for which it is required.
- The prerequisite or corequisite is unlawfully discriminatory or is being applied in an unlawful discriminatory manner.
- Student feels he/she possesses the knowledge or ability to succeed in the course despite not meeting the prerequisite or corequisite.

Steps to Completing a "Petition to Challenge a Prerequisite or Corequisite"

1. Download the Petition to challenge at venturacollege.edu/prerequisites or pick up the form at the Information Desk or Assessment Office, both located inside the SSC building. For office location, go to venturacollege.edu/map.
2. Complete the Petition and attach any supporting documentation, with a written statement explaining the reasons the student wishes to be considered for the challenge.
3. Deliver the completed Petition and documentation to the Assessment Office for processing. The student should request a [dated copy of the Petition](#) from the Assessment Office staff upon submission. The Assessment Office will forward the Petition to the appropriate Division Office for review by a department representative.
4. The Division Office will review and notify the student, via e-mail, if the Petition has been approved or denied within five working days.
5. If **approved**, the Division Office will release the block on the registration system. The students may then register (on his/her designated registration date) via online or in-person.
6. If **denied**, student must complete the prerequisite/corequisite as stated in the College Catalog.

California residents pay enrollment, health and student center fees, plus applicable materials fees (if any). Out-of-state residents pay the same, plus nonresident tuition. Student Right-to-Know (SRTK) Disclosure

In compliance with the federal Student-Right-To-Know law (SRTK), it is the policy of the Ventura County Community College District and Ventura College to make

available its completion and transfer rates to all current and prospective students. Beginning in Fall 2005, a group of all certificate, degree, and transfer-seeking first-time, full-time students were tracked over a three-year period. (As a result, approx. 2.6% of all community college students statewide were included in the 2005 study.) The completion and transfer rates are listed here, along with a brief description of how these rates are defined. These rates do not represent the success rates of the entire student population at Ventura College, nor do they account for student outcomes occurring after this three-year tracking period. The rates below exclude part-time students, continuing students, students attending Ventura College to obtain or upgrade job skills, improve basic skills, maintain licenses, working toward high school credits, pursuing lifelong learning, etc. The rates below do not include any students who took longer than 2 years to complete their academic goal. The "transfer rate" does not include any students who first completed a degree or certificate or became "transferred prepared" prior to transferring. The "completion rate" results for the SRTK study described above was 26.12% for VC (Statewide rate 24.8%). The completion rate is the percent of students from the group studied who attained a certificate or degree or became "transferred prepared" during a three year period from Fall 2005 to Spring 2008. Transfer-prepared was defined by the study as having completed 56 transferable units with a minimum GPA of 2.0. The transfer rate result for the SRTK study of Ventura College was 24.11% (Statewide rate 25.13%). Caution: the transfer rate does not count students who attained a certificate or degree prior to transferring to another post-secondary institution such as UC or CSU. General information about SRTK is available to the public through the Chancellor's Office of the California Community College System.

CSU General Transfer Information

CAVEAT — The courses and requirements described herein are subject to change. Students should consult the VC Catalog, a counselor, and appropriate websites (e.g., csumentor.edu and assist.org) to receive the most current transfer information.

ADMISSION — Students are not assured of admission to the campus and/or major of first choice. Consult your counselor for further information about the “golden four” (all of Area A + B4) and 30 of the 39 units.

Completion of GE requirements is not currently required for admission to a CSU campus. A student who is planning to transfer to one of the campuses of the California State University can qualify for admission by meeting the following requirements:

1. **LOWER DIVISION TRANSFERS:** The CSU, with few exceptions, will no longer accept lower division transfer students.
2. **UPPER DIVISION TRANSFERS:** Upper division transfers may qualify for admission if they have completed **60 or more transferable semester units** (maximum 70 units) and have completed the appropriate college courses with a grade better of C or better to satisfy **subject area requirements**. Applicants must have a **2.0 overall grade point average** in all transferable college units completed (2.40 for non-California residents) and be in good standing at the last college or university attended; continuous attendance is not required.
3. **SUBJECT AREA REQUIREMENTS:** This admission requirement can be satisfied by completing 30 semester units of general education courses with a grade of C or better in each course, to include English Language Communication and Critical Thinking (all of Area A) and Mathematics/Quantitative Reasoning (Area B4).

TWENTY-THREE CSU CAMPUSES

Bakersfield (BAK)	Long Beach (LB)	San Diego (SD)
Channel Islands (CI)	Los Angeles (LA)	San Francisco (SF)
Chico (CHI)	Maritime Academy (MA)	San Jose (SJ)
Dominguez Hills (DH)	Monterey Bay (MB)	San Luis Obispo (SLO)
East Bay (EB)	Northridge (NOR)	San Marcos (SM)
Fresno (FRE)	Pomona (POM)	Sonoma (SON)
Fullerton (FUL)	Sacramento (SAC)	Stanislaus (STA)
Humboldt (HUM)	San Bernardino (SB)	

USE OF SUMMER COURSEWORK FOR FALL

ADMISSION — Some campuses restrict the use of summer coursework to satisfy some fall admission requirements, in particular English Language Communication and Critical Thinking (Area A) and Mathematics/Quantitative Reasoning (Area B4). Campuses known for this are: CI, CHI, FUL, LB, LA, MB, NOR, POM, SAC, SD, SF, SJ, SLO, SM, and SON.

FULL CERTIFICATION — Completion of all five Areas or sections of these requirements prior to transferring will permit Ventura College to certify to each of the CSU campuses that you have fulfilled the basic 39-unit minimum lower division general education-breadth requirement. Each of the campuses of CSU requires an additional nine units of upper division GE work in residence; some campuses may require more than the 48-unit minimum. Students should make an appointment in the Counseling Office prior to transfer to apply for CSU GE certification.

SUBJECT AREA CERTIFICATION — It is possible to complete separately any of the Areas or sections (A-E) at Ventura College and receive partial certification in any or several of these areas; if you are not fully certified, it will be necessary for you to complete the remaining areas (and perhaps other areas) after transferring as defined by the catalog of the transfer school.

CERTIFIED COURSES — Ventura College will also certify courses completed at other California Community Colleges or California State University campuses in satisfaction of GE requirements provided that such courses are baccalaureate level and would be certified by the institution offering them. Students who have completed courses at other colleges and universities should consult the Counseling Office regarding “pass along” certification.

CERTIFICATION AFTER CSU MATRICULATION — Transfer students are permitted to complete community college courses and receive CSU GE-Breadth and IGETC certification after matriculating to a CSU campus. For the CSU GE-Breadth pattern, the following campuses impose some limitations: CI, CHI, EB, LA, POM, SAC, SB, SM, SON, and STA.

SCHOLARSHIP — Most campuses require a grade of C or better for most courses and an overall C average (2.0 GPA) for all courses used to satisfy GE requirements. Also, most campuses require letter grades for all GE courses and do not permit pass/no pass grades. Campuses known to impose limitations on courses graded as credit (pass/no pass) are: DH, FUL, SB, and SON.

COURSE RESTRICTIONS — While a course may satisfy more than one general education group and/or area requirement, it shall not be counted more than once for GE and any excess units in one area shall not apply to another area.

TRANSFER COURSES — The approved CSU listing designates those courses that may be used to meet GE requirements; it is not a complete listing of all courses that transfer to CSU. Transferability of courses may be checked in the Ventura College Catalog, the Schedule of Classes, the Counseling Office, the Transfer Center, or at the ASSIST website: assist.org

U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS REQUIREMENTS — All campuses require students to complete college-level coursework in U.S. History, American Government and California Government, in addition to GE requirements. Courses approved to satisfy this requirement are specified in appropriate areas. All campuses permit double counting of courses taken to meet this requirement and GE-Breadth if the student is partially or fully certified.

MAJOR COURSES — Most campuses require a grade of C or better for each course required in preparation for a student's major; most do not allow a "Pass" (P) for major courses. Some CSU campuses allow applicants who submit full or area certifications to double count courses for general education and major requirements. Some majors are highly selective and require completion of some, or all, of the required major preparation coursework prior to transfer. Consult your counselor for more information. Campuses known to impose some double counting limitations are: CI, CHI, DH, FRE, FUL, HUM, LB, MB, NOR, SAC, SB, SF, SJ, SLO, and SON.

MAJOR PREPARATION — Satisfaction of lower division courses required for selected majors must generally be completed for those majors that are oversubscribed or impacted. UC and CSU generally prefer students to complete prerequisite major courses before completing general education courses. Of course, all requirements for admission (minimum units, GPA, and subject area requirements) must be completed prior to transfer.

FOREIGN LANGUAGE AND SECOND SEMESTER ENGLISH — Some campuses require foreign language and/or a second semester of English composition for graduation. In some cases, students certified in Areas A and C are exempt from these requirements. Also, some campuses require completion of these courses for certain majors. See the catalog of your campus choice for these requirements, especially if you are interested in these campuses: BAK, CI, EB, LA, MB, SAC, SB, SD, SF, SJ, and SM.

MULTICULTURAL / ETHNIC STUDIES REQUIREMENT — CSU campuses require all candidates for the bachelor's degree to complete at least one course in multicultural/ethnic studies as a condition of graduation. Selected campuses will not permit this requirement to be met prior to transfer; for most of these campuses, the course must be upper division: CI, CHI, DH, FRE, LB, LA, MB, SB, SD, SF, SJ, and SM.

ADDITIONAL REQUIREMENTS — You are advised to consult your counselor and the catalog of the state university that you plan to attend for requirements unique to that school. Additional courses are required in preparation for a major and/or as electives. Campuses that may impose additional graduation requirements, other than foreign language and second semester English composition, are: BAK, CI, CHI, EB, FUL, HUM, LB, LA, MB, NOR, SAC, SJ, SLO, SM, SON, and STA.

SEQUENTIAL COURSES — Most institutions recommend that students complete sequential courses at the college where the series was started. This is especially recommended for a sequence of two or more courses that requires the preceding course(s) as a prerequisite to advancement.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) — Students planning to transfer to either a CSU or UC campus may elect to use the Intersegmental General Education Transfer Curriculum (IGETC) in satisfaction of GE requirements. Consult a VC counselor for additional information or csumentor.edu or uctransfer.universityofcalifornia.edu

OTHER COLLEGES AND UNIVERSITIES — Students who plan to attend one of the campuses of the University of California (UC) or a private or out-of-state school should consult a counselor and the catalog of the particular school to determine the coursework needed to meet GE requirements at that institution. While many of the courses listed here transfer to UC and other institutions, they do not necessarily satisfy the GE requirements.

TRANSCRIPTS — You must make a written request of the Records Office to forward your transcript. Ventura College can send official transcripts of work completed at this college and at Moorpark and/or Oxnard Colleges. You must request transcripts of work completed at any other colleges (outside of this college district) to be sent to the transfer institution. Your Application for Certification is not a request for a transcript.

ASSOCIATE DEGREE — Although it is not necessary for you to complete an associate degree in order to transfer to a four-year school, many of the courses taken to satisfy associate degree requirements are transferable and, in many cases, may be used to meet transfer GE requirements.

TRANSFER ASSISTANCE — Should you encounter any problems during or after transfer, we may be able to assist you. Please feel free to contact the Counseling Office or the Transfer Center at Ventura College even after you have enrolled at another campus.

MORE INFORMATION — If you have any questions, check with a counselor or csumentor.edu

ASSIST — ASSIST is a computerized transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's public colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. ASSIST is available at assist.org

General Transfer Information

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that community college transfer students can use to fulfill lower division general education-breadth requirements for either the California State University (CSU) or the University of California (UC) systems without the need, after transfer, to take additional lower division general education courses.

General Transfer Information

CAVEAT — These courses and requirements are subject to change. Students should consult a counselor or appropriate websites to receive the most current transfer information. Completion of the IGETC is not generally a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower division general education requirements of the CSU or UC prior to transfer. It is **not** advisable for all transfer students to follow the IGETC. Some students may be better served by taking courses that fulfill the CSU General Education-Breadth requirements or those GE requirements of the UC campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation (“high-unit majors”) may not find the IGETC option to be advantageous. Students should also be aware that selected schools and colleges at most undergraduate campuses of UC have requirements that render the use of IGETC either inappropriate or not permitted (e.g., the College or School of Engineering). The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular CSU or UC campus. For current information consult the UC Answers for Transfers booklet.

ADMISSION — Most campuses of CSU and UC rarely accept transfer applicants at the freshman or sophomore levels. Upper division or advanced standing admission criteria are based on three components:

1) **Units** — a minimum number of transferable semester units (60 for CSU and UC; maximum 70 for both); 2) **Scholarship** — a minimum cumulative GPA in all transferable coursework (2.0 for CSU; 2.4 for UC; higher for non-California residents); and 3) **Subject area requirements** — course pattern (a-g) requirements and the ways in which students satisfy these requirements differ between CSU and UC. These admission criteria specify only minimum standards. CSU and/or UC may apply more rigorous standards as enrollment demand changes. **All potential transfer students are expected to read the CSU and UC publications for transfers available online or in the Ventura College Counseling Office and the Transfer Center.**

Applicants **must complete** both the necessary lower division **mathematics and English communication requirements with grades of C or better** for most campuses by the end of the spring semester prior to transfer in the fall (all of Area A plus B4 for CSU GE; Areas 1 and 2 for IGETC). Some campuses require the completion of the English and mathematics requirements by the end of the fall semester prior to transfer in the following fall. Also, some campuses require that the 60-unit minimum, the subject area requirements, and major preparation courses with grades of C or better be completed by the end of the spring semester prior to transfer in the fall.

Completion of the IGETC satisfies lower division GE requirements at all CSUs and most UCs. It does not guarantee eligibility for admission to the CSU or UC system, or to a specific campus or program. Students who are fully certified for IGETC prior to transferring to UC or CSU will satisfy the subject area or course pattern requirements for admission; they must also satisfy the units and scholarship requirements. There is no intended connection between completion of the IGETC and eligibility for admission to the CSU or UC systems.

Consult a counselor or the campus of your choice to determine transfer admission requirements.

USE OF SUMMER COURSEWORK FOR FALL ADMISSION

Some campuses permit students to use courses taken in the summer to satisfy requirements for the subsequent fall term, with the exceptions of English Communication (CSU GE, all of Area A; IGETC, Area 1) and mathematics/quantitative reasoning (CSU GE, Area B4; IGETC, Area 2). Campuses known to impose some limitations are: Cal State CI, CHI, FUL, LB, LA, MB, NOR, POM, SAC, SD, SF, SJ, SLO, SM, and SON; and UCB, UCD, UCLA, UCSD, UCSB, and UCSC.

CERTIFICATION — All CSU and most UC campuses will accept full certification of the IGETC as meeting all of the lower division GE requirements for the baccalaureate degree. Generally, the last community college a student attends before transferring will determine certification of the IGETC. In addition to the course requirements for each subject Area, full certification for the CSU must include completion of the Oral Communication requirement. For the UC, Oral Communication is not required, but full certification must include satisfaction of the Language Other Than English (LOTE) requirement. Consult a counselor to determine the options for satisfaction of the LOTE requirement.

Partial certification of IGETC is permitted. A maximum of two IGETC courses may be completed after transfer (excluding Areas 1 and 2).

Students should make an appointment in the Counseling Office prior to transfer to apply for IGETC certification or to petition for partial certification.

CERTIFIED COURSES — Coursework completed at regionally accredited institutions to include California Community Colleges (CCCs), along with those colleges and universities which are not CCCs including out-of-state and independent colleges, may be included among the courses to certify student completion of IGETC if such coursework is comparable to courses on any CCC approved course list. Each CCC course must have been IGETC approved at the time it was taken. In addition, credit awarded for Advanced Placement exams can be used to meet IGETC requirements. Students should consult a counselor to determine the applicability of coursework and external exam scores to IGETC subject area requirements.

CERTIFICATION AFTER CSU MATRICULATION — Transfer students are permitted to complete community college courses and receive CSU GE-Breadth and IGETC certification after matriculating to a CSU campus. Students are limited to a maximum of two courses to complete IGETC after matriculation at a CSU campus. For the CSU GE-Breadth pattern, the following campuses impose some limitations: CI, CHI, EB, LA, POM, SAC, SB, SM, SON, and STA.

CREDIT BY EXTERNAL EXAMS — There is no limit to the number of external exams that can be applied to IGETC. Advanced Placement (AP) exams require a score of 3, 4, or 5 to grant credit for IGETC certification. Students who have earned credit from an AP exam should not take a comparable college course because transfer credit will not be granted for both. There is no equivalent exam for Area 1B, the Critical Thinking/Composition requirement. International Baccalaureate (IB) exams require a score of 5, 6, or 7 on Higher Level exams to grant credit for IGETC certification. College Level Examination Program (CLEP) cannot be used for IGETC. Credit by examination is acceptable provided that a Pass (P) is equivalent to a C grade.

SCHOLARSHIP — Courses used for IGETC certification must be completed with a minimum grade of C (C- is not acceptable). A "Pass" (P) is acceptable, providing it is equivalent to a grade of C or higher at the institution where the course was taken. The UC system allows a maximum of 14 semester units graded Pass/No Pass. Individual CSU campuses also impose unit limitations for P/NP courses.

COURSE RESTRICTIONS — A single course may count only once; it cannot be used to fulfill GE requirements in two areas simultaneously. The more advanced coursework used to satisfy the UC requirement in Language Other Than English may also be used to satisfy the Humanities requirement. Foreign coursework cannot be applied to IGETC unless the foreign institution has U. S. regional accreditation.

TRANSFER LIMITATIONS — All transfer limitations applying to courses taken at Ventura College also apply to these general education requirements. Consult your VC counselor concerning these limitations.

TRANSFER COURSES — The approved IGETC course listing designates those courses that may be used to meet university-wide general education requirements (see Certification). The GE courses are not a complete listing of all courses that transfer to CSU and UC. Transferability of courses may be checked in the Ventura College Catalog, the Schedule of Classes, the Counseling Office, the Transfer Center, or at the ASSIST website: assist.org

ADDITIONAL CSU-GE REQUIREMENTS — Students who are fully certified under IGETC and transfer to CSU campuses will be required to complete a minimum of nine units of upper division general education work and all campus-specific non-GE graduation requirements not completed prior to transfer.

U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS REQUIREMENTS — All CSU campuses require students to complete college-level coursework in U.S. History, American Government and California Government in addition to GE requirements. Courses completed to satisfy this requirement can be used to satisfy GE requirements for IGETC. UC campuses have similar requirements in American History and Institutions (AH&I). However, the AH&I requirements may be satisfied for most UC campuses (not UCSB) by completing the subject area requirement in high school. Consult a counselor for further information about this requirement.

MAJOR COURSES — Most campuses require a grade of C or better for each course required in preparation for a student's major; most do not allow a "Pass" (P) for major courses. Also, UC will allow IGETC courses to count toward major requirements. Only some CSU campuses will allow double counting. Campuses known to impose some double counting limitations are: CI, CHI, DH, FRE, FUL, HUM, LB, MB, NOR, SAC, SB, SF, SJ, SLO, and SON.

MAJOR PREPARATION — Satisfaction of lower division courses required for selected majors is generally required in those majors that are oversubscribed or impacted. UC and CSU generally prefer students to complete prerequisite major courses before completing general education courses. Of course, all requirements for admission (minimum units, GPA, and subject area requirements) must be completed prior to transfer.

SEQUENTIAL COURSES — Most institutions recommend that students complete sequential courses at the college where the series was started. This is especially recommended for a sequence of two or more courses that requires the preceding course(s) as prerequisite to advancement.

OTHER COLLEGES AND UNIVERSITIES — Students who plan to attend a private or out-of-state school should consult a counselor and the catalog of the particular school to determine the coursework needed to meet GE requirements at that institution. While most of the courses on the approved IGETC list transfer to other institutions, they do not necessarily satisfy the GE requirements.

TRANSCRIPTS — You must make a written request of the Records Office to forward your transcript. Ventura College can send official transcripts of work completed at this College and at Moorpark and/or Oxnard Colleges. You must request transcripts of work completed at any other colleges (outside of this college district) to be sent to the transfer institution.

ASSOCIATE DEGREE — Although it is not necessary for you to complete an associate degree in order to transfer to a four-year school, many of the courses taken to satisfy associate degree requirements are transferable and, in many cases, may be used to meet transfer GE requirements.

TRANSFER ASSISTANCE — Should you encounter any problems during or after transfer, we may be able to assist you. Please feel free to contact the Counseling Office or the Transfer Center at Ventura College at any time.

MORE INFORMATION — If you have any questions, check with a counselor. More information is available for UC at uctransfer.universityofcalifornia.edu and for CSU at csumentor.edu

ASSIST — ASSIST is a computerized transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's public colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. ASSIST is available at assist.org

El Derecho "A Saber" del Estudiante

De acuerdo con Conforme a Student Right-To-Know law (la ley del derecho del estudiante "a saber"), (SRTK), es reglamentario para el Ventura County Community College District (Distrito de la Comunidad del Condado de Ventura), y de Ventura College facilitar información con respecto a la velocidad (paso) en que los estudiantes han logrado ser transferidos y al proceso de transferencia a los estudiantes actuales y un futuros. A principios del otoño de 2005 un grupo de estudiantes de tiempo completo, aspirantes agrados y/o certificados, y cuya meta consistía en ser transferidos a Universidades por primera vez, participaron en un estudio de seguimiento durante tres años. (Como resultado de lo anterior, aproximadamente un 2.6% del total de estudiantes de Colleges comunitarios a nivel estatal, también fueron incluidos en el estudio de 2005). El logro de transferencias y porcentajes de transferencia están presentados a continuación junto con una descripción de la definición de dichos porcentajes. Estos resultados no representan los niveles de logro de toda la comunidad de Ventura College, tampoco incluyen a aquellos estudiantes dentro del período posterior al estudio de tres años. Los resultados siguientes excluyen, además, estudiantes de medio tiempo, estudiantes "continuos" y estudiantes que asisten de Ventura College con el

fin de ampliar sus conocimientos o habilidades a nivel profesional o cuyo objetivo es mejorar sus destrezas básicas o validar licencias. También están excluidos del estudio aquellos estudiantes que están tomando créditos para completar su grado de bachiller o que buscan enriquecer sus conocimientos generales, etc. Los resultados siguientes tampoco incluyen a aquellos estudiantes que demoraron más de dos años en completar su meta académica. Los resultados del estudio relacionado con la rapidez en la que los estudiantes lograron su transferencia a Universidades tampoco incluye a aquellos estudiantes que poseían un certificado o que estaban "preparados para transferirse" antes de hacerlo. El resultado del estudio SRTK descrito anteriormente fue de 26.12% para VC. El resultado del grado de logro sólo concierne al porcentaje de estudiantes incluido dentro del grupo estudiado y que logró su transferencia durante el período de tres años incluido desde otoño de 2005 hasta la primavera de 2008. Los estudiantes preparados para ser transferidos se definen como aquellos que completaron 56 (cincuenta y seis) unidades transferibles con un GPA mínimo de 2.0. El resultado de transferencia en el estudio SRTK de Ventura College, descrito anteriormente, fue del 24.11%. Advertencia: Los resultados del estudio no incluyen a aquellos estudiantes que obtuvieron su título, grado o certificado antes de transferirse a otras instituciones de educación postsecundaria, tales como UC o CSU. Más información general acerca del estudio SRTK está disponible al público en la página electrónica de la oficina del State Chancellor of the California Community College System (Canciller del Sistema de Colegios Comunitarios de California).

El Título IX prohíbe la discriminación

Las personas que deseen información sobre el Título IX de las Enmiendas de Educación de 1972, que prohíbe la discriminación por razón de sexo en la educación, programas y actividades, deben dirigir sus preguntas a David Bransky, Asistente del Decano de Servicios Estudiantiles, de Ventura College, 4667 Telegraph Road, Ventura, CA 93003. Título IV, Devolución de Fondos

Existe una ley federal acerca de la devolución de dinero en caso de que el estudiante abandone de Ventura College. Si uno obtiene una beca o un crédito financiero y luego se retira de las clases, se quedará debiendo dinero al programa federal de Ayuda Financiera para el estudiante. De acuerdo a la fecha de su retiro, la oficina de Ayuda Financiera hará un cálculo de la parte de la beca que se ha utilizado. Nota: Si se retira después de haber utilizado el 60% de la beca, no se debe hacer un repago. La oficina de Ayuda Financiera le ayudará al estudiante a hacer los cálculos. Si se recibe dinero prestado y luego se retira, debe devolver el dinero de acuerdo con las pautas comunes del programa de créditos. Si se recibe dinero de workstudy (trabajo-estudio), y se retira, se queda a paz y salvo. Comience el proceso de retiro en la oficina de Consejería. Luego, vaya a la oficina de Ayuda Financiera para estudiantes. Es importante que se tenga en cuenta estos procedimientos antes de retirarse. Omitir estos pasos, podría resultar en la eliminación de posibilidad de elegibilidad para otro tipo de ayuda financiera por parte del gobierno federal o de cualquier otra institución.
