Telephone: 805-289-6420

The California Community College Board of Governors has unanimously approved changes to take effect in Fall 2014 that will establish system-wide enrollment priorities. The changes are designed to ensure that classes are available for students seeking associate degrees, transfer or job training, and to reward students who make steady and efficient progress toward their educational goals. These changes may affect your registration priority as a continuing student in future terms!

For more information please visit [http://www.vcccd.edu/students/registration\\_priorities.shtml](http://www.vcccd.edu/students/registration_priorities.shtml)

## DISTANCE EDUCATION INFORMATION

### INTERNET COURSES ARE OFFERED AT VENTURA COLLEGE!

Students with questions about how these courses work or what technology they need at home can refer to the Distance Learning web page at <http://online.venturacollege.edu> or contact us at [distance\\_ed@vcccd.edu](mailto:distance_ed@vcccd.edu). or call 805-289-6452.

➤ **REGISTRATION:** Register for online courses using the student portal <http://my.vcccd.edu>

➤ **ORIENTATION:** Most online courses hold an orientation on campus; however, not all courses are accessed the same way on the same system. For a complete list of online courses with orientation and course requirement information go to the Distance Learning page at <http://online.venturacollege.edu> and click on "Class Orientation Information."

➤ **LOGGING IN TO "DESIRE2LEARN":** Many courses at Ventura College use the Desire2Learn online course system. To access your course(s), go to the student portal, <http://my.vcccd.edu> and click on MyCourses icon at the top of the page

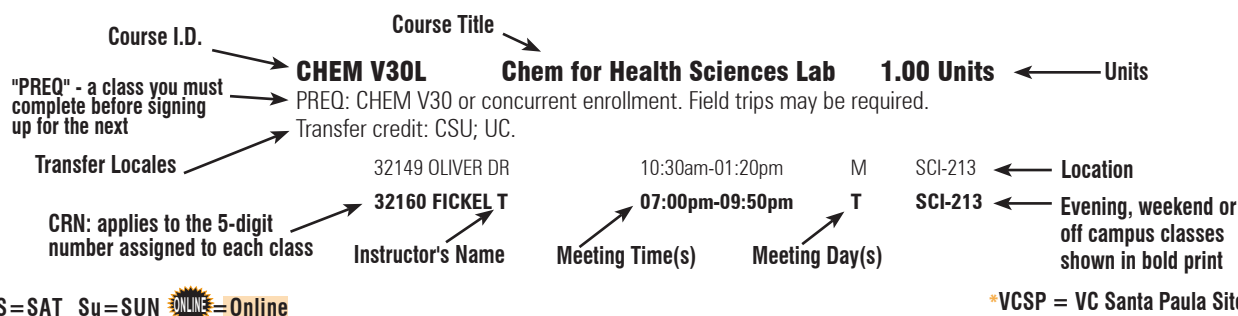

➤ **ACCESS CODES:** Access codes may be required for online courses. The code is included with the purchase of a new textbook from the College Bookstore. For used book purchases and books purchased new from other locations, the codes must be purchased separately online; detailed instructions will be posted on the orientation page or at the time of the class.

➤ **IMPORTANT INFORMATION:** Internet courses are not self-paced. This means that assignments will be due throughout the semester and that deadlines will exist for assignments, discussions, exams, etc. Most Internet courses have meetings on campus for exams. Proctored exams may be scheduled if a student is unable to come to campus; however, this must be arranged with the instructor prior to the exam date. A proctored exam is one where an official party supervises an exam taken off campus or in the VC testing center.

➤ **TECH SUPPORT:** Distance Learning at VC: (805) 289-6452

### Student Notice

All students enrolled in any credit courses may be required to attend extra educational events.

### Schedule of Classes – Subject to Change

Ventura College has made every effort to ensure that the information provided in this schedule of classes is accurate. However, the provisions of this publication should not be considered to be an irrevocable contract between the student and the College. The College reserves the right to make such additions, amendments or deletions as may be necessary due to changes in applicable federal, state or local laws, district or College policies or regulations, student enrollment, level of financial support or other unforeseen reasons. Such changes may be made without prior notice by the College administration.

### Course Prerequisites, Corequisites and Recommended Preparation

Course prerequisites, corequisites or recommended preparation are specified within course descriptions announced in the Catalog; they are also specified in this Schedule of Classes. A course has no prerequisites or corequisites unless so designated. Students must have successfully satisfied the prerequisite and/or corequisite requirements for all courses in which they enroll.

### Prerequisites

A course prerequisite states the preparation required to successfully complete a particular course. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed. Students must have successfully satisfied the prerequisite and/or corequisite requirements for all courses in which they enroll. It is recognized that students may challenge a prerequisite as allowed by state law. The student shall bear the initial burden of showing that grounds exist for the challenge.

### Corequisites

A course corequisite states the course or courses in which a student must be concurrently enrolled. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. It is recognized that students may challenge a corequisite as allowed by state law. The student shall bear the initial burden of showing that grounds exist for the challenge.

### Recommended Preparation

Recommended preparation states the preparation suggested by the faculty to successfully complete a particular course. While encouraged to do so, students are not required to satisfy recommended preparation guidelines to enroll in a course.

### Enrollment Limitations

Some course descriptions may contain restrictions such as "proof of negative TB clearance is required."

### Instructional Materials Fees

Some courses require students to purchase or provide materials and supplies for school projects.

### Courses Open to Enrollment

Each course offered by the Ventura County Community College District and its colleges is open to enrollment and participation by any person who has been admitted to the College and who meets the prerequisites to the class or program, unless specifically exempted by statute.

### Educational Work Load

A student's educational work load generally consists of 15 units of work per semester in order to make normal progress towards an AA/AS degree and/or transfer requirements. Students desiring to take an overload (more than 19.5 units, 9 units in summer) must have a counselor's approval.

VENTURA COLLEGE also offers classes at our satellite site in Santa Paula.

The Santa Paula site has a Library and Learning Resource Center (LRC) which is open Monday through Friday; the hours are as posted. The instructional lab, open to Ventura College students, is a place for students to do research, write papers for their classes, check out books via inter-library loan, and work with software programs for their specific classes.

The Santa Paula site offers limited student services to all Ventura College students including admissions and registration, academic and career counseling, financial aid assistance, student portal support, payments, and math and English assessment testing.

## Where do I begin?

Take the math assessment and meet with a counselor.  
 - Call for an appointment:  
     Assessment Office: (805) 289-6493 or (805) 654-6400 Ext. 1302  
     Counseling Office: (805) 289-6448  
 - Information on the assessment process can be found at

### Associate Degree and Non-Transferable Mathematics Courses

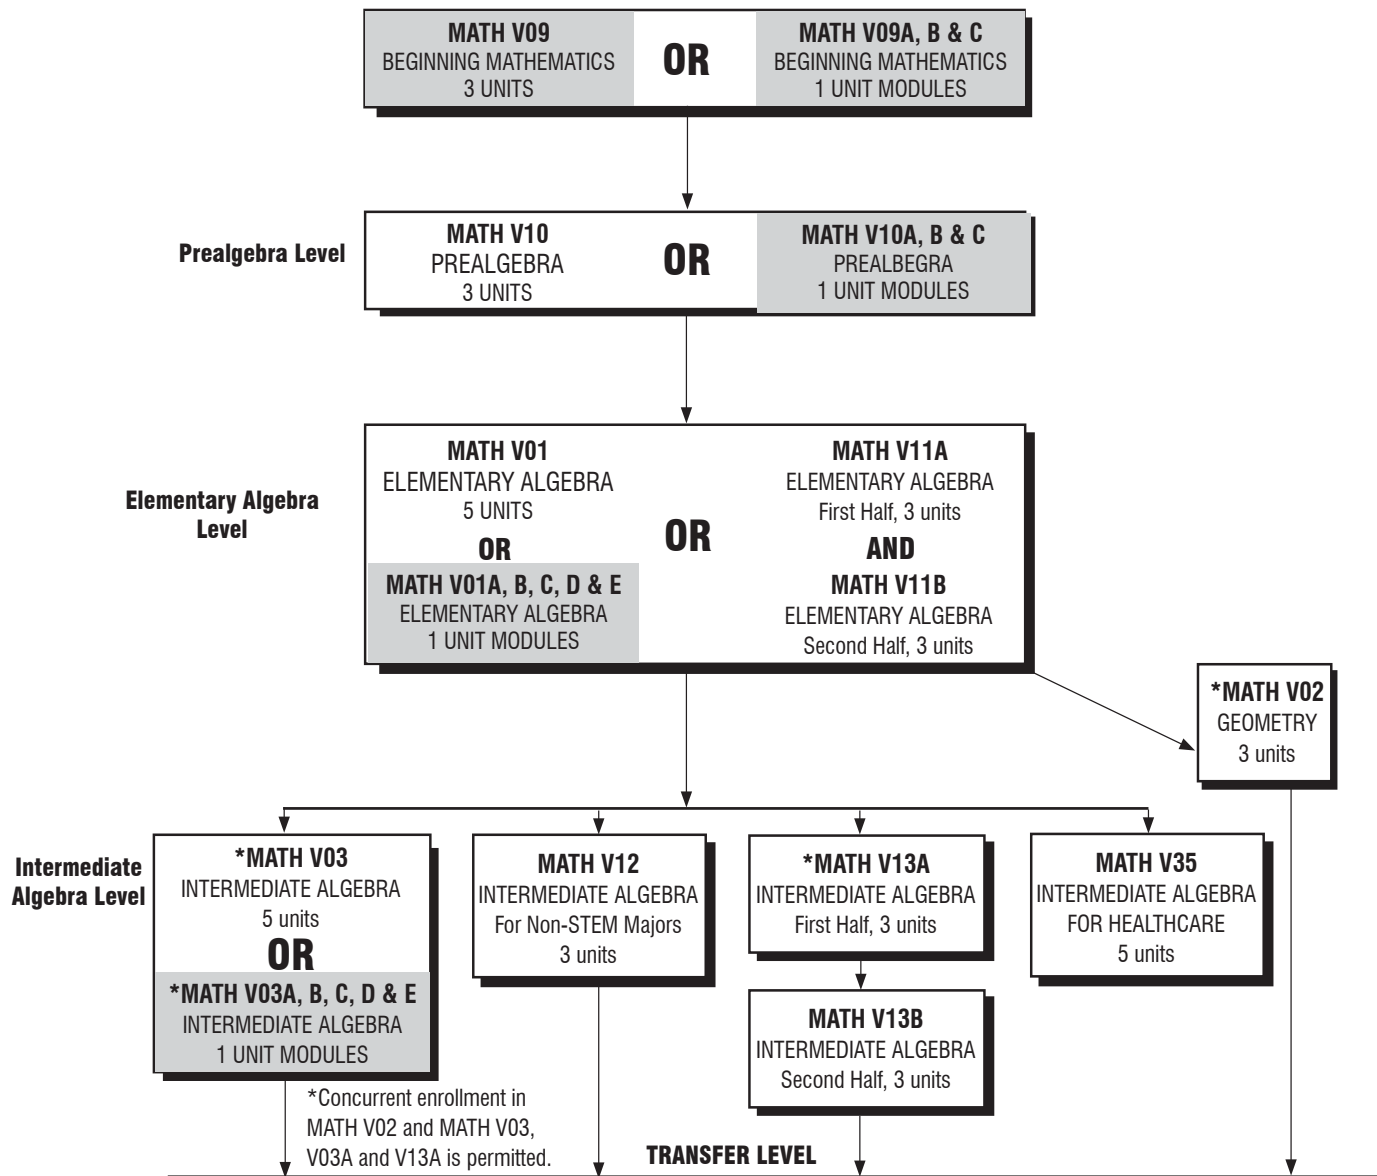

Completing an Intermediate Algebra Level course with a grade of C or better is required to earn an AA or AS degree.

(Exception: for students maintaining continuous enrollment from Summer 2009, MATH V01, V01E, V11B or V30 satisfies the math competency requirement for the AA/AS degree)

Students may prepare for transfer level mathematics classes by completing the following courses:

**Courses shaded in grey will not be offered at Ventura College during the 2014-2015 academic year.**

(For math courses below MATH V09 beginning mathematics, see the Learning Skills section of the catalog.)

Transfer level math classes - See the next page

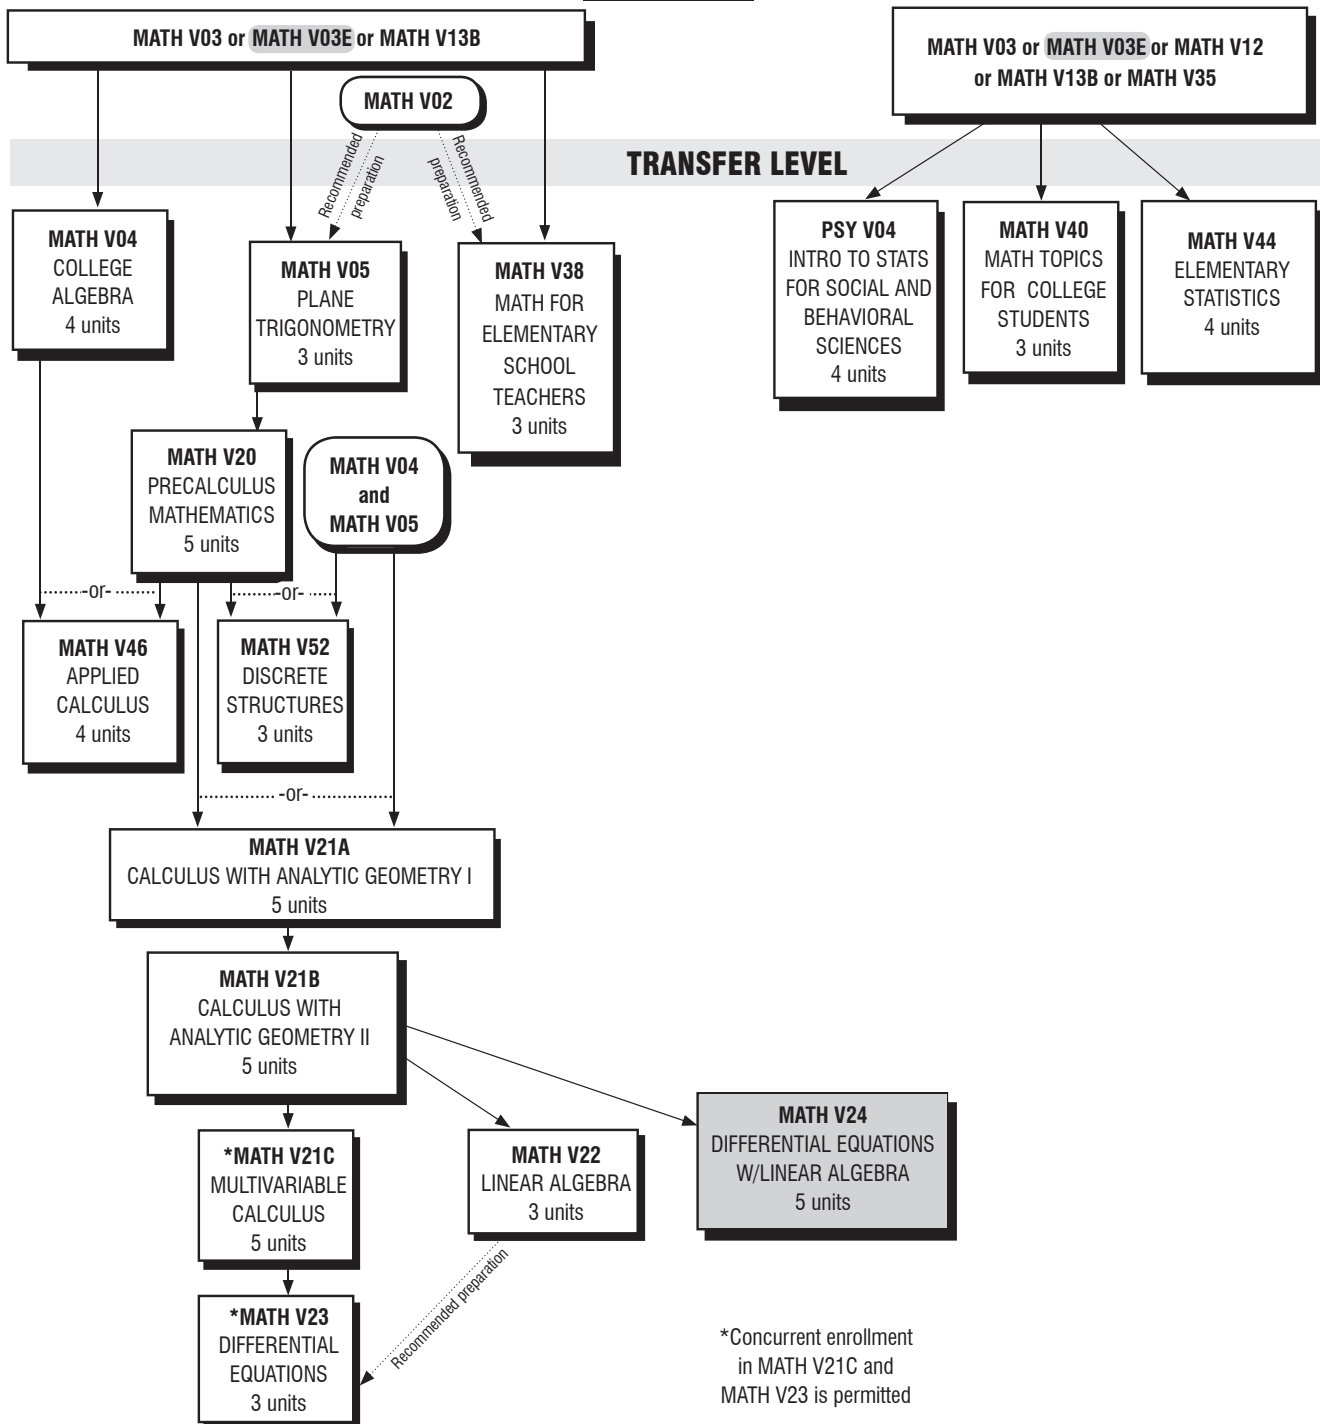

# Transferable Mathematics Courses

All transferable mathematics courses have prerequisites. Students cannot enroll in transferable courses unless they earn a C or better in the prerequisite course. The mathematics department also accepts other options for placement into transfer-level coursework. The math department/assessment office have materials available for students to take a diagnostic test and review before and after assessment.

Each university and major requires different mathematics preparation; students should consult with a counselor to ensure they select the transferable course(s) that will best prepare them for the program to which they wish to transfer. Consult ASSIST.org for a list of major preparation courses to the CSU or UC campuses.

Courses shaded in grey will not be offered at Ventura College during the 2014-2015 academic year.
