

Unit Assessment Report - Four Column

Ventura College

Program (CKAO) - Holistic Studies

Program Description: The objective of the Health Education Program is to enrich the students' education, career, and life by learning integrated wellness strategies. This helps promote a healthy lifestyle as well as to prepare students for higher education and professional careers in the health industry. With a foundation based in liberal arts and the natural and behavioral sciences, the curriculum is directed to prepare students for the multitude of activities in the health profession. Transfer students interested in specializing in Health Education who wish to qualify for an Associates Degree could explore Nursing Science or Holistic Health Studies as a possible major.
