

**Internship Program
EMPLOYER LETTER**

Subject: Internship Program

Dear Business Owner/Manager:

The Internship Program at Ventura College (**The IP@VC**) is designed to enable students to obtain jobs in various business positions and industries. The program includes various degrees and certificates of achievement in many programs across campus including our **Career Education programs**. A student's education is enhanced when they can participate in an internship program, providing the practical application of business knowledge and skills to vital work experience.

We are seeking employers to host an intern for this additional learning opportunity. As an important part of this community, and contributor to job creation and economic development, we invite your company to participate in **The IP@VC**. The internship program is outlined below:

- Employers host a student intern for one (1) semester (Spring)
 - 12 weeks, 10-12 hours per week, 120- 150 total hours.
 - There is also an option to do a short internship of 60 – 75 hours.
 - There is no cost to the employer and no obligation to hire the interns.
- Employers provide additional on-the-job training and a brief evaluation of the student at the conclusion of the internship.
- Students apply to participate in the program and, if selected, attend an orientation with the faculty advisor. The faculty advisor selects the students and determines a suitable match with an employer.
- Employers may request a list of the program-related courses taken by the intern.
**Successful completion of at least 2 units towards a specific Ventura College Program pathway and concurrent enrollment in at least 6 units is required for a student to participate in the internship program.*
- Student, employer, and the faculty advisor sign an internship agreement.
- A faculty advisor closely monitors the internship through weekly contact with the student and employer.
- Employer will conduct assessments and/or evaluations at specific points in the internship to ensure growth and development of intern. Documents will be forwarded to internship coordinator for review.
- Employer may cancel their internship participation with reasonable notice and explanation.

By hosting an intern, your generosity and commitment to our young workforce will enhance the life and education of the student and increase their opportunity for success!

To start the process of hosting an intern, please complete and return the EMPLOYER INTAKE FORM. Please contact us to talk further or to answer any questions you may have. We hope you decide to host an intern!

Sincerely,

**Ventura College Career Center
The IP@VC Program Coordinator**
