Ask Chairs for names of team members, if you wish to provide input on any recommendation or standard.

The Accreditation Co-Chairs would like to thank all the committee chairs and team members who have participated in the draft report to date and in the collection of the supporting documentation. We have accomplished a Herculean task in less than three months – one that normally takes a year. Please keep in mind that this was not to be a full-blown self-study, but rather a response to the recommendations made by the team as a result of their visit here last April. It has come to the attention of the EVP that many people would like to contribute information to this report that would be more appropriately placed in the 2004 Self-Study Report. Don't worry, we will be forming new committees and new task forces in Fall 2003 to prepare that report. Please let Joan or Richard know what areas of interest you have and what role you would like to play. Hard-working co-chairs and excellent writers are more than welcome to apply. If you have any questions, please feel free to contact Joan at x6464. *Have a great Holiday Season!*
