Financial Resources: Financial resources are sufficient to support student learning programs and services and to improve institutional effectiveness. The distribution of resources supports the development, maintenance, and enhancement of programs and services. The institution plans and manages its financial affairs with integrity and in a manner that ensures financial stability. The level of financial resources provides a reasonable expectation of both short-term and long-term financial solvency. Financial resources planning is integrated with institutional planning at both college and district/system levels in multicollege systems.

**Old Standard Questions**

1. What is the institution’s overall budget?
2. Does it have sufficient revenues to support educational improvements?
3. Are the institution’s finances managed in a manner that ensures financial stability?
4. Does the resource allocation process provide a means for setting priorities for funding institutional improvements?
5. Are institutional resources sufficient to ensure financial solvency?

**Old Required Evidence**

1. Evidence that includes copies of the annual budget, audits for past three years, financial plans associated with institutional plans, budget documents prepared for grant and other external funding, data showing financial planning is regularly evaluated
2. Other debt evidence includes actuarial plans for the repayment of Other Post Employment Retirement Benefits (OPEB) and funding plans to address the obligation
3. Evidence that the mission and goals are used in short and long-range financial planning, such as a list of financial goals, a grid showing financial contributions to meeting goals, or an introductory text to fiscal documents such as annual budgets, long-term
4. Evidence showing that fiscal planning follows institutional planning (in time sequence), and funds are used to achieve institutional plans and goals
5. Evidence that fiscal planning is evaluated on the basis of its contribution to achievement of institutional goals, not solely on the basis of accounting principles of good practice. Evidence that the financial plans, including annual budgets, capital pl
6. Evidence of a fiscal planning process, documents describing the financial planning, and budgeting processes, and minutes or other records showing the institution has followed those processes
7. Evidence the institution monitors student financial aid obligations such as student loan default rates and compliance with all federal regulations that impact the institution
8. Evidence the institution ensures that financial decisions are developed from program review results, institutional needs, and plans for improvement
9. Evidence the institution bases its financial decisions on the results of evaluation of program and service needs
10. Evidence the institution determines that financial needs in program and service areas are met effectively
11. Evidence the institution prioritizes needs when making financial decisions
