Introduction

Welcome to the September 23, 2016
Fall Edition Update from the Online Education Initiative!

These updates are intended to keep our pilot college single-points-of-contact (SPOCs) in the loop with the week-to-week developments of the OEI that impact your colleges.

Please remember that as SPOCs, we expect that you are disseminating information with colleagues at your institution, particularly your **Academic Senate, Vice Presidents, and Presidents**. This helps close the information gap between various statewide groups and makes sure that your college community is all on the same page.

Happy reading!

BASIC SKILLS / OPEN EDUCATIONAL RESOURCES

OER: SB 1359 (Block) was signed into law. This bill will require colleges to disclose in course catalogs which courses use exclusively Open Educational Resources (OER). All materials must, of course, comply with the federal Americans with Disability Act of 1990 and the federal Copyright Act of 1996. The provisions of the bill will apply to courses offered after January 1, 2018. Look for more information about adopting OER to replace traditional textbooks, contact Barbara Illowsky: billowsky@ccconlineed.org.

COURSE EXCHANGE IMPLEMENTATION

As a follow-up to our Admin Interface training, we will walk you through the Course Exchange from the student perspective. Please invite your counselors, advisors, admissions personnel, and anyone at your college who may be helping students as they register for courses in the exchange.

STUDENT SERVICES

The Online Counseling Network has finalized the dates for the Spring Online College Counseling course. It is important to note that once the counselors register, they have the option to earn graduate credit. At this time only the schools who have implemented Cranium Cafe will receive the Spring registration invitation. If you would like your counselors to participate in the Spring, please contact Marilyn Harvey mharvey@ccconlineed.org in order to confirm that your campus has completed the necessary steps.

Due to the high demand in counselors who need to be trained we will offer 3 Spring sessions. The course is 5 weeks and space is limited, please make sure to remind your counselors to complete the registration process as soon as possible.

First Session: February 6th- March 10th
Second Session: March 20th- April 21st
Third Session: April 24th- May 26th

PROFESSIONAL DEVELOPMENT / COURSE REVIEWS

November Course Reviews: New Rubric Rollout

As we announced in the September Consortium and Steering Committee meetings, the OEI Management Team is working with

reviewers from @ONE to make revisions to the Course Design Rubric. In October we will be reaching out to faculty who have had a previous review in Canvas and still need a re-review. We are inviting them to be the first to experience the new rubric in the November Review Cycle and provide feedback to us. If you have faculty who are awaiting a re-review in Canvas, please encourage them to respond to the invitation or to contact Autumn Bell. We are eager for faculty to experience the streamlined rubric and get designated as "exchange ready"!

IN THE NEWS...

EDUCAUSE appoints Joe Moreau to its Board of Directors.

Joe is the FHDA Vice Chancellor of Technology and Chief Technology Officer. More importantly, he is our FHDA executive sponsor for the OEI. We think of him as our leader, although he is also a highly respected state and national leader. Way to go, Joe!!
