# Foreign Languages Program Review 

2011-2012

## 1. Program Description

## A. Description

The foreign language courses prepare students with communication skills in a second language and provide an understanding of the respective cultures of the target language. All of the foreign language courses provide instruction to develop proficiency skills in aural comprehension, speaking, reading, and writing. The beginning level courses introduce basic grammar, vocabulary, communicative functions, and culture. The intermediate level courses continue development of proficiency skills through discussion of films, periodicals, and literary works to increase vocabulary, cultural awareness, and knowledge of linguistic variations.
(American Sign Language is presented in a separate Program Review file)

## B. Program Student Learning Outcomes - Successful students in the program are able to:

1. Listen and comprehend a passage in the target language in a variety of contexts and formats
2. Write clearly and accurately in a variety of contexts and formats in the target language
3. Read and comprehend a passage in the target language from a variety of contexts and formats
4. Speak clearly and accurately in both formal and informal settings in the target language
C. College Level Student learning Outcomes
5. Critical Thinking and Problem Solving
6. Communication
7. Information Competency
D. Estimated Costs (Required for Certificate of Achievement ONLY)

Foreign Language program does not currently have a certificate of achievement.

|  | Cost |
| :--- | :---: |
| Enrollment Fees |  |
| Books |  |
| Supplies |  |
| Total |  |

## E. Criteria Used for Admission

Admission into Spanish 02, 03, and 04 is determined by the fulfillment of prerequisites.
F. Vision

# Foreign Languages Program Review 

2011-2012

Ventura College will be a model community college known for enhancing the lives and economic futures of its students and the community.

## G. Mission

Ventura College, one of the oldest comprehensive community colleges in California, provides a positive and accessible learning environment that is responsive to the needs of a highly diverse student body through a varied selection of disciplines, learning approaches and teaching methods including traditional classroom instruction, distance education, experiential learning, and co-curricular activities. It offers courses in basic skills; programs for students seeking an associate degree, certificate or license for job placement and advancement; curricula for students planning to transfer; and training programs to meet worker and employee needs. It is a leader in providing instruction and support for students with disabilities. With its commitment to workforce development in support of the State and region's economic viability, Ventura College takes pride in creating transfer, career technical and continuing education opportunities that promote success, develop students to their full potential, create lifelong learners, enhance personal growth and life enrichment and foster positive values for successful living and membership in a multicultural society. The College is committed to continual assessment of learning outcomes in order to maintain high quality courses and programs. Originally landscaped to be an arboretum, the College has a beautiful, park-like campus that serves as a vital community resource.

## H. Core Commitments

Ventura College is dedicated to following a set of enduring Core Commitments that shall guide it through changing times and give rise to its Vision, Mission and Goals.

- Student Success
- Respect
- Integrity
- Quality
- Collegiality
- Access
- Innovation
- Diversity
- Service
- Collaboration
- Sustainability
- Continuous Improvement

## I. Degrees/Certificates

Program's courses are designed to articulate to UC and CSU for transfer students.
J. Program Strengths, Successes, and Significant Events

- The Spanish program has introduced hybrid courses into its curriculum to increase student accessibility.

## Foreign Languages Program Review

2011-2012

- Program instructors incorporate online and computer assisted resources such as online workbooks, textbooks, audio-video components, self correcting activities providing instant feedback to students.
- $57 \%$ of foreign language courses are taught by full-time faculty who has a combined total of more than 50 years of teaching experience.
- The foreign language department boasts a highly qualified, competent, and experienced adjunct faculty.
- Faculty in the foreign language use both formative and summative assessment techniques on a consistent basis.
- The foreign language faculty has a collaborative relation with the Tutoring Center and its foreign language tutors.
- The German student club hosted several cultural events such as a European breakfast, a series of movie nights, and attended the Oktoberfest.
- The foreign language department hosted a series of movie nights in collaboration with the local high school language clubs.
- All of the foreign language courses in our program are transferrable to the CSU and UC systems.

| Classification | Assistant Professor |
| Year Hired | 2011 |
| Years of Work-Related Experience | 17 years |
| Degrees/Credentials | B.A., M.A. |

# Foreign Languages Program Review 

2011-2012

## 2. Performance Expectations

A. Program Student Learning Outcomes - Successful students in the program are able to:

1. Listen and comprehend a passage in the target language in a variety of contexts and formats
2. Write clearly and accurately in a variety of contexts and formats in the target language
3. Read and comprehend a passage in the target language from a variety of contexts and formats
4. Speak clearly and accurately in both formal and informal settings in the target language

## B. Student Success Outcomes

1. The program will increase its retention rate from the average of the program's prior three-year retention rate. The retention rate is the number of students who finish a term with any grade other than W or DR divided by the number of students at census.
2. The program will increase its retention rate from the average of the college's prior three-year retention rate. The retention rate is the number of students who finish a term with any grade other than W or DR divided by the number of students at census.
3. The program will increase the student success rates from the average of the program's prior three-year success rates. The student success rate is the percentage of students who receive a grade of c or better.
4. The program will increase the student success rates from the average of the college's prior three-year success rates. The student success rate is the percentage of students who receive a grade of $C$ or better.
5. Students will complete the program earning certificates and/or degrees.

## C. Program Operating Outcomes

1. The program will maintain WSCH/FTEF above the 525 goal set by the district.

2011-2012

## 3. Operating Information

## A1: Budget Summary Table

To simplify the reporting and analysis of the Banner budget detail report, the budget accounts were consolidated into nine expense categories. The personnel categories include employee payroll expenses (benefits). The "3 Year Average" was computed to provide a trend benchmark to compare the prior three year expenses to the FY11 expenses. The "FY11 College" expense percentages are included to provide a benchmark to compare the program's expenses to the overall college expenses.

| Category | Title | FY08 | FY09 | FY10 | 3 Year <br> Average | FY11 | Program <br> Change from | Change from <br> Prior Three |
| :---: | :--- | ---: | ---: | ---: | ---: | ---: | ---: | ---: |
| $\mathbf{1}$ | FT Faculty | 238,644 | 211,395 | 221,810 | 223,950 | 361,799 | $62 \%$ | $12 \%$ |
| $\mathbf{2}$ | PT Faculty | 323,835 | 327,646 | 365,814 | 339,098 | 324,762 | $-4 \%$ | $-10 \%$ |
| $\mathbf{7}$ | Supplies | 626 | 681 | 609 | 639 | 648 | $1 \%$ | $\mathbf{2 4 \%}$ |
| $\mathbf{8}$ | Services | 100 | 200 | 200 | 167 | - | $-100 \%$ | $-17 \%$ |
|  | Total | $\mathbf{5 6 3 , 2 0 5}$ | $\mathbf{5 3 9 , 9 2 2}$ | $\mathbf{5 8 8 , 4 3 3}$ | $\mathbf{5 6 3 , 8 5 3}$ | $\mathbf{6 8 7 , 2 0 9}$ | $\mathbf{2 2 \%}$ | $\mathbf{0 \%}$ |

## A2: Budget Summary Chart

This chart illustrates the program's expense trends. The data label identifies the FY11 expenses (the last bar in each group). The second-to-last bar is the program's prior three year average.

# Foreign Languages Program Review 

2011-2012

## A3: Comparative Budget Changes Chart

This chart illustrates the percentage change from the prior three year average expense to the FY11 expenses. The top bar for each budget category represents the program's change in expenses and includes the data label. The second bar represents the college's change in expenses.

## A4: Budget Detail Report

The program's detail budget information is available in Appendix A - Program Review Budget Report. This report is a PDF document and is searchable. The budget information was extracted from the District's Banner Financial System. The program budget includes all expenses associated to the program's Banner program codes within the following funds: general fund (111), designated college equipment fund (114-35012), State supplies and equipment funds (128xx), and the technology refresh fund (445). The Program Review Budget Report is sorted by program (in alphabetical order) and includes the following sections: total program expenses summary; subtotal program expenses for each different program code; detail expenses by fund, organization and account; and program inventory (as posted in Banner). To simplify the report, the Banner personnel benefit accounts (3xxx) were consolidated into employee type benefit accounts ( $3 x x x 1=$ FT Faculty, $3 x x x 2=$ PT Faculty, $3 x x x 3=$ Classified, etc.).

## Foreign Languages Program Review

2011-2012

A5: Interpretation of the Program Budget Information
The analysis of foreign language data shows that in fiscal year 11 there was an increase by $62 \%$. This is a result of one full-time faculty member returning to the department due to being reassigned from a nonteaching position.

## Foreign Languages Program Review

2011-2012

## B1: Program Inventory Table

This chart shows the inventory (assets) as currently posted in the Banner Financial System. This inventory list is not complete and will require review by each program. Based on this review an updated inventory list will be maintained by the college. A result of developing a complete and accurate inventory list is to provide an adequate budget for equipment maintenance and replacement (total-cost-of-ownership). The college will be working on this later this fall.

| Item | Vendor | Org | Fund | Purchased | Age | Price | Perm Inv \# | Serial \# |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| No equipment inventory in the Banner Assets system |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |

## B2: Interpretation of the Program Inventory Information

The foreign language department has no inventory.

# Foreign Languages Program Review 

2011-2012

C1: Productivity Terminology Table

| Sections | A credit or non-credit class. <br> Does not include not-for-credit classes (community education). |
| :--- | :--- |
| Census | Number of students enrolled at census (typically the 4 ${ }^{\text {th }}$ week of class for fall and spring). |
| FTES | Full Time Equivalent Students <br> A student in the classroom 15 hours/week for 35 weeks (or two semesters) $=525$ <br> student contact hours. <br> 525 student contact hours $=1$ FTES. <br> Example: 400 student contact hours $=400 / 525=0.762$ FTES. <br> The State apportionment process and District allocation model both use FTES as the <br> primary funding criterion. |
| FTEF | Full Time Equivalent Faculty <br> A faculty member teaching 15 units for two semesters ( 30 units for the year) $=1$ FTE. <br> Example: a 6 unit assignment $=6 / 30=0.20$ FTEF (annual). The college also computes <br> semester FTEF by changing the denominator to 15 units. However, in the program <br> review data, all FTE is annual. <br> FTEF includes both Full-Time Faculty and Part-Time Faculty. <br> FTEF in this program review includes faculty assigned to teach extra large sections (XL <br> Faculty). This deviates from the district practice of not including these assignments as <br> part of FTEF. However, it is necessary to account for these assignments to properly <br> produce represent faculty productivity and associated costs. |
| Cross | FTEF is assigned to all faculty teaching cross-listed sections. The FTEF assignment is <br> proportional to the number of students enrolled at census. This deviates from the <br> practice of assigning load only to the primary section. It is necessary to account for these <br> cross-listed assignments to properly represent faculty productivity and associated costs. |
| Listed |  |
| FTEF | Extra Large FTE: This is the calculated assignment for faculty assigned to extra large <br> sections (greater than 60 census enrollments).The current practice is not to assign FTE. <br> Example: if census>60, 50\% of the section FTE assignment for each additional group of <br> 25 (additional tiers). |
| XL FTE |  |

## Foreign Languages Program Review

2011-2012

C2A: Productivity Summary Table
This table is a summary of the detail information provided in the Program Review Productivity Report. The "3 Year Average" was computed to provide a trend benchmark to compare the results of the prior three years to the FY11 results. The "FY11 College" percentages are included to provide a benchmark to compare the program's percentages.

## French

| Title | FY08 | FY09 | FY10 | 3 Year <br> Average | FY11 | Program <br> Change | College <br> Change |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: | ---: |
| Sections | 4 | 5 | 3 | 4 | 3 | $-25 \%$ | $-12 \%$ |
| Census | 123 | 130 | 122 | 125 | 109 | $-13 \%$ | $0 \%$ |
| FTES | 19 | 20 | 20 | 20 | 18 | $-9 \%$ | $-1 \%$ |
| FT Faculty | - | 0.17 | - | 0.06 | - | $0 \%$ | $3 \%$ |
| PT Faculty | 0.60 | 0.43 | 0.50 | 0.51 | 0.50 | $-2 \%$ | $-11 \%$ |
| XL Faculty | - | - | - | - | - | $0 \%$ | $5 \%$ |
| Total Faculty | 0.60 | 0.60 | 0.50 | 0.57 | 0.50 | $-12 \%$ | $-4 \%$ |
| WSCH | 475 | 500 | 600 | 526 | 540 | $3 \%$ | $3 \%$ |

## C3A: Comparative Productivity Changes Chart

This chart illustrates the percentage change from the prior three year average productivity to the FY11 productivity. The top bar for each budget category represents the program's change in productivity and includes the data label. The second bar represents the college's change in productivity.

## Foreign Languages Program Review

2011-2012

C4A: Interpretation of the Program Productivity Information
The data indicate that the productivity in the French program as measured by WSCH has increased by $3 \%$ even though the number of sections has been reduced by $25 \%$ over a three year average. Despite these reductions in sections the WSCH goal the French program has exceeded the district WSCH goal for the discipline.

# Foreign Languages Program Review 

2011-2012

C2B - German

| Title | FY08 | FY09 | FY10 | 3 Year <br> Average | FY11 | Program <br> Change | College <br> Change |

## C3C: Comparative Productivity Changes Chart

This chart illustrates the percentage change from the prior three year average productivity to the FY11 productivity. The top bar for each budget category represents the program's change in productivity and includes the data label. The second bar represents the college's change in productivity.

## Foreign Languages Program Review

2011-2012

C4C: Interpretation of the Program Productivity Information
The Italian program has significantly increased its productivity as measured by WSCH by $19 \%$ due to a $42 \%$ jump in FTES. One possible contributing factor to this considerable increase is the recent addition of an Italian program at Ventura High School. In addition, Italian is a very accessible language to our Latino students who come from Spanish-speaking backgrounds.

# Foreign Languages Program Review 

2011-2012

C2D - Japanese

| Title | FY08 | FY09 | FY10 | 3 Year <br> Average | FY11 | Program <br> Change | College Change |

## Foreign Languages Program Review

2011-2012

## C4D: Interpretation of the Program Productivity Information

The data indicate that the productivity in the Japanese program as measured by WSCH has decreased by $22 \%$ due to the reduction of sections by $33 \%$. Despite these reductions in sections the Japanese program has only seen a $22 \%$ reduction in its WSCH. What is significant to note is that this reduction can be directly related to the loss of one section of Japanese V01, the feeder course for Japanese V02. The data also suggests that the growth would be greater if the number of units offered each semester for Japanese V01 were increased from five to ten units.

## C2E-Spanish

## Foreign Languages Program Review

2011-2012

## C4E: Interpretation of the Program Productivity Information

Despite an $8 \%$ reduction in the number of sections offered, the Spanish program has increased its WSCH by $8 \%$ over its three-year average. The Spanish program has been steadily increasing its productivity every year from 434 in FY08 to 512 in FY11. Despite the reduction of sections, the Spanish program has grown by 1\% in FTES.

# Foreign Languages Program Review 

2011-2012

## D1A: District WSCH Ratio Productivity Table

This table shows the District WSCH ratio (WSCH/FTEF) for each course by year for this program. Courses not offered during FY11 (last year) or without faculty load (independent study) are excluded. Because these are ratios, the combined average is computed using total WSCH and total FTEF (not the average of ratios). The formula used in this table distributes FTEF to all cross-listed sections (proportional to census enrollment) but does not include the associated faculty costs of extra large assignment.
District WSCH Ratio = WSCH / (PT FTE + FT FTE).

## French

| District WSCH Ratio: Weekly Student Contact Hours/(FT FTE+PT FTE) |  |  |  |  |  |  |  |  |  |
| :--- | :--- | ---: | ---: | ---: | ---: | ---: | ---: | ---: | ---: | ---: | ---: |

2011-2012

## D3A: College WSCH Ratio Productivity Table

This table shows the College's WSCH ratio (WSCH/FTEF) for each course by year for the program. Courses not offered during FY11 (last year) or without faculty load (independent study) are excluded. Because these are ratios, the combined average is computed using total WSCH and total FTEF (not the average of ratios). The formula used in this table includes the associated faculty costs of extra large sections. Faculty teaching extra large sections are paid stipends equal to $50 \%$ of their section FTE assignment for each group of 25 students beyond the first 60 students (calculated in this table as XL FTE). This College WSCH Ratio is a more valid representation of WSCH productivity. The College WSCH Ratio will be used in the program review process.
College WSCH Ratio = WSCH / (PT FTE + FT FTE + XL FTE)

## French

| College WSCH Ratio: Weekly Student Contact Hours/(FT FTE + PT FTE + XL FTE) |  |  |  |  |  |  |  |  |  |

# Foreign Languages Program Review 

2011-2012

## E1: Student Success Terminology

| Census | Number of students enrolled at Census (typically the $4^{\text {th }}$ week of class for fall and <br> spring). Census enrollment is used to compute WSCH and FTES for funding purposes. |
| :--- | :--- |
| Retain | Students completing the class with any grade other than W or DR divided by Census <br> Example: 40 students enrolled, 5 students dropped prior to census, 35 students were <br> enrolled at census, 25 students completed the class with a grade other than W or DR: <br> Retention Rate $=25 / 35=71 \%$ |
| Success | Students completing the class with grades A, B, C, CR or P divided by Census <br> Excludes students with grades D, F, or NC. |

## E2A: Student Success Summary

The following two tables summarize the detail information provided in the Appendix C - Program Review Student Success Report. The first table shows the number of students. The second table shows the percentage of students. Both tables show the distribution of student grades by year for the program (subject). They show the number of students who were counted at census, completed the class (retention), and were successful. The " 3 Year Average" was computed to provide a trend benchmark to compare the prior three year expenses to the FY11 success measures. The "College" success percentages are included to compare the results of the program to the results of the college.

2011-2012

E3A: Retention and Success Rates

This chart illustrates the retention and success rates of students who were counted at census. Each measure has four bars. The first bar represents the program's prior three year average percent. The second bar shows last year's (FY11) percent. The third and fourth bars represent the overall college percents.

## Foreign Languages Program Review

2011-2012

## E4A: Grade Distribution

This chart illustrates the program's distribution of grades (by subject). Each grade has four bars. The first bar represents the program's prior three year average percent of grades. The second bar shows last year's (FY11) grade distribution percents. The third and fourth bars represent the overall college distribution percents.

## E5A: Student Success Detail Report

The program student success detail information is available in Appendix C - Program Review Student Success Report. This report is a PDF document and is searchable. The student success information was extracted from the District's Banner Student System. The student success information includes all information associated with the program's subject codes. The Program Review Student Success Report is sorted by subject code (alphabetical order) and includes the following sections: comparative summary and course detail by term. The following table defines the terminology.

# Foreign Languages Program Review 

2011-2012

E6A: Interpretation of Program Retention, Student Success, and Grade Distribution

The analysis of the French program's student success rate indicates that for FY11 it was 2\% higher than the college average and 5\% higher than the college's three year average. The retention rate indicates a similarity between the French program and the college's FY11 and three year average. There is very little difference between the college and French program's grade distribution. In FY11 32\% of students received A's compared to $33 \%$ for the college, $27 \%$ received B's compared to $20 \%$ for the college, and both the college and the French program had $13 \%$ of students who received a grade of C. As can be seen from these numbers the students in the French program were more successful as compared to the college average.

2011-2012

## E2B: Student Success Summary

The following two tables summarize the detail information provided in the Appendix C - Program Review Student Success Report. The first table shows the number of students. The second table shows the percentage of students. Both tables show the distribution of student grades by year for the program (subject). They show the number of students who were counted at census, completed the class (retention), and were successful. The " 3 Year Average" was computed to provide a trend benchmark to compare the prior three year expenses to the FY11 success measures. The "College" success percentages are included to compare the results of the program to the results of the college.

# Foreign Languages Program Review 

2011-2012

E6C: Interpretation of Program Retention, Student Success, and Grade Distribution
The analysis of the Italian program's student success rate indicates that there has been a significant 16\% increase from FY08 to FY11. The retention rate indicates an increase from 75\% in FY08 to 83\% in FY11. The three year average of grade distribution shows little variance between the college and the program's three year average. All letter grades were within $2 \%$ variance with the exception of the B grade which had a $4 \%$ spread. The fact that we have had continuity in staffing the Italian program is likely a contributor to the increase of the student success and retention that we have seen in the last three years.

# Foreign Languages Program Review 

2011-2012

## E6E: Interpretation of Program Retention, Student Success, and Grade Distribution

The analysis of the Spanish program's retention rate indicates that it has been consistent in the past three years changing only by a marginal $1 \%$. The Spanish program's three year average retention rate is $84 \%$ compared to the college's $85 \%$. However, the success rate for the Spanish program has been significantly higher than that of the college. The Spanish program's three year average of 74\% exceeds the college's three year average of 68\% by 6\%. In addition, in FY11 the Spanish program boasted a $77 \%$ success rate compared to the college's $70 \%$ success rate. The program has seen steady progress in increasing its success rate going from $73 \%$ in FY08 to 77\% in FY11. The success could be attributed to the increase of full time faculty and the overall stability of our instructional staff. The part time faculty team has remained constant since the increase of the maximum part time load to .66 FTEF allowing each instructor to teach two sections of Spanish thereby being more invested in the program and students' success.

Regarding grade distribution, the Spanish program's three year average for the number of A's is $3 \%$ higher than the college's three year average, and 6\% higher for the number of B grades. This could possibly be attributed to the 9\% increase of Hispanic enrollment from FY08 to FY11. The prerequisite enforcement may have been a contributing factor to this increase because it has made it more difficult for more advanced students to enroll in the second and third semester courses; thereby perhaps increasing the number of over-prepared students in lower level classes.

## G2:A Student Demographics Chart

This chart illustrates the program's percentages of students by ethnic group. . Each group has four bars. The first bar represents the program's prior three year percent. The second bar shows last year's (FY11) percent. The third and fourth bars represent the overall college percents.

## G3A: Student Demographics Detail Report

The program student success detail information is available in Appendix D - Program Review Student Demographics Report. This report is a PDF document and is searchable. The student success information was extracted from the District's Banner Student System. The student demographic information includes all information associated with the program's subject codes. The Program Review Student Demographics Report is sorted by subject code (alphabetical order) and includes the following sections: comparative summary by year, and detail demographics by term and course.

## Foreign Languages Program Review

2011-2012

G4A: Interpretation of the Program Demographic Information
The French program's demographic rates indicate a similar increase in Hispanic students to that of the college as a whole.

# Foreign Languages Program Review 

2011-2012

G4D: Interpretation of the Program Demographic Information
The Japanese program has more than doubled its Hispanic enrollment from FY08 to FY11. The program's Hispanic enrollment is slightly lower than the college average, but it has made dramatic increases. The Asian student enrollment in the Japanese program has been consistently higher than the college's three year average. The three year average of Asian enrollment in the Japanese program was five times higher than the college as a whole. However, in FY11 the Asian enrollment dropped by nearly half from $15 \%$ (its three year average) to $8 \%$ in FY11; while Hispanic enrollment has seen dramatic increases. This program provides one of the few opportunities for students to pursue an interest in Asian language and culture.

2011-2012

## 4. Performance Assessment

## A1: Program-Level Student Learning Outcomes

| Program-Level Student Learning Outcome 1 | Performance Indicators |  |
| :--- | :--- | :---: |
| Listen and comprehend a passage in the <br> target language in a variety of contexts and <br> formats. | The students will listen to a 1 to 2 minute recorded <br> selection in the target language and answer 8-10 <br> multiple choice or true/false questions. 75\% of the <br> students will perform at a satisfactory level as <br> defined in the rubric. |  |
| Operating Information |  |  |
| Of the 265 students who took the assessment in Spanish V01, 94\% performed at a satisfactory level. <br> However, 6\% of those students performed below the satisfactory level. All levels and languages in the <br> department participated in the SLO assessment. However, the Spanish program's results were selected <br> because they provide the largest sample. The program level SLO assessment data will be analyzed in the <br> near future. |  |  |
| Given the results of the assessment, modifications will be made to adjust the rubric and performance <br> indicators to more accurately reflect the student's level of mastery. |  |  |

| Program-Level Student Learning Outcome 2 | Performance Indicators |  |
| :--- | :--- | :---: |
| Write clearly and accurately in a variety of <br> contexts and formats in the target language | The students will respond to written questions <br> related to a topic under discussion with one <br> sentence answers in the target language with 90\% <br> grammatical and syntactical accuracy. 80\% of the <br> students will perform at the mastery level. |  |
| Operating Information |  |  |
| Analysis - Assessment |  |  |
| Assessment of the course level writing SLO has been completed. However, the data has not yet been <br> compiled at the program level. |  |  |

## Foreign Languages Program Review

| Program-Level Student Learning Outcome 3 | Performance Indicators |  |
| :--- | :--- | :---: |
| Read and comprehend a passage in the target <br> language from a variety of contexts and <br> formats | Having read a narrative of 50-100 words the <br> student will be able to answer correctly 5-10 <br> multiple choice or true/false questions. 80\% of the <br> students taking the assessment will perform at <br> mastery level as defined by the rubric. |  |
| Operating Information |  |  |
| Analysis - Assessment |  |  |
| Assessment of the course level reading SLO has been completed. However, the data has not yet been <br> compiled at the program level. |  |  |

| Program-Level Student Learning Outcome 4 | Performance Indicators |  |
| :--- | :--- | :---: |
| Speak clearly and accurately in both formal <br> and informal settings in the target language | The students will respond orally to aural questions <br> related to a topic under discussion in complete <br> sentences in the target language with $90 \%$ <br> grammatical and syntactical accuracy. 80\% of the <br> students will perform at the mastery level. |  |
| Operating Information |  |  |
| The data is not yet available. |  |  |
| Assessment of the course level speaking SLO has been completed. However, the data has not yet been <br> compiled at the program level. |  |  |

# Foreign Languages Program Review 

2011-2012

## 4B: Student Success Outcomes

| Student Success Outcome 1 | Performance Indicators |  |  |
| :--- | :--- | :---: | :---: |
| The Italian program will increase its retention rate <br> from the average of the college's prior three-year <br> retention rate. The retention rate is the number <br> of students who finish a term with any grade <br> other than W or DR divided by the number of <br> students at census. | The Italian program will increase the retention rate by <br> 2\% or more above the average of the program's <br> previous three year average retention of 80\%. |  |  |
| Operating Information |  |  |  |
| The data indicate that the Italian program retention rate in FY11 was 83\%. The retention rate in the previous <br> three year average was 80\%. |  |  |  |
| Analysis - Assessment |  |  |  |
| The Italian program exceeded the 2\% retention rate increase goal. While still below the college average rate <br> of 85\%, the Italian program has made strides in its retention rate over the past four years. |  |  |  |

| Student Success Outcome 2 | Performance Indicators |  |  |
| :--- | :--- | :---: | :---: |
| The Spanish program will increase its retention <br> rate from the average of the college's prior three- <br> year retention rate. The retention rate is the <br> number of students who finish a term with any <br> grade other than W or DR divided by the number <br> of students at census. | The Spanish program will increase the retention rate by <br> 2\% or more above the average of the program's <br> previous three year average retention of 84\%. |  |  |
| Operating Information |  |  |  |
| The data indicate that the Spanish program retention rate for FY11 was 85\%. The retention rate in the <br> previous three year average was 84\%. This represents a 1\% increase. |  |  |  |
| Analysis - Assessment |  |  |  |
| The Spanish program's retention rate is only 1\% less than the college's three year and FY11 averages. Given <br> that the program's retention rate is already so close to the college's retention rate, it is unlikely to see more <br> than incremental increases in retention due to the variety of factors that affect community college student <br> persistence. |  |  |  |

## Foreign Languages Program Review

2011-2012

| Student Success Outcome 3 | Performance Indicators |
| :--- | :--- |
| The Italian program will increase its success <br> rate from the average of the program's prior <br> three-year success rate. The success rate is the <br> percentage of students at census who receive a <br> grade of C or better. | The Italian program will increase the success rate by 2\% or <br> more above the average of the program's retention rate <br> for the prior three years. |
| Operating Information |  |
| The data indicate that the Italian program success rate for FY11 was 70\%. The retention rate in the previous <br> three year average was 64\%. This represents a 6\% increase. |  |
| Analysis - Assessment |  |
| The Italian program exceeded the 2\% success rate goal by 4\%. The Italian program has exceeded the college <br> three-year average of 68\%. In FY11 the Italian program matched the college success rate of 70\%. |  |

| Student Success Outcome 4 | Performance Indicators |  |  |
| :--- | :--- | :---: | :---: |
| The Spanish program will increase the student <br> success rates from the average of the college's <br> prior three-year success rates. The student <br> success rate is the percentage of students at <br> census who receive a grade of C or better. | The program student success will increase by 2\% over the <br> average of the program's student success rate for the <br> prior three years of 74\%. |  |  |
| Operating Information |  |  |  |
| The data indicate that the Spanish program success rate for FY11 was 77\%. The success rate in the previous <br> three year average was 74\%. This represents a 3\% increase. |  |  |  |
| Analysis - Assessment |  |  |  |
| The Spanish program exceeded the 2\% success rate goal by 1\%. The Spanish program success rate in FY11 <br> was 7\% greater than the college's FY11 success rate. |  |  |  |

## Foreign Languages Program Review

2011-2012

| Student Success Outcome 5 | Performance Indicators |  |
| :--- | :--- | :---: |
| Students will complete the program earning <br> certificates and/or degrees. | Increase the number of students earning a certificate to a <br> minimum of 20\% of the number of students enrolled in <br> second-year courses. |  |
| Operating Information |  |  |
| Not applicable. |  |  |
| Analysis - Assessment |  |  |

## Foreign Languages Program Review

2011-2012

## C. Program Operating Outcomes

| Program Operating Outcome 1 | Performance Indicators |  |  |
| :--- | :--- | :---: | :---: |
| The program will maintain WSCH/FTEF above <br> the 525 goal set by the district. | The program will exceed the efficiency goal of 525 set by <br> the district by 2\%. |  |  |
| Operating Information |  |  |  |
| Analysis - Assessment |  |  |  |

| Program Operating Outcome 2 | Performance Indicators |  |
| :--- | :--- | :---: |
| Inventory of instructional equipment is <br> functional, current, and otherwise adequate to <br> maintain a quality-learning environment. | A current inventory of all equipment in the program will <br> be maintained. Equipment having a value over \$5000 will <br> have a service contract. A schedule for service life and <br> Inventory of all equipment over \$200 will be <br> maintained and a replacement schedule will be <br> developed. Service contracts for equipment over <br> \$5000 will be budgeted if funds are available. |  |
| Operating Information ownership. |  |  |
| The inventory list is out of date and needs to be reviewed (3B1) |  |  |
| Analysis - Assessment |  |  |
| Not applicable. |  |  |

# Foreign Languages Program Review 

2011-2012

## 5. Findings

Finding 1: The disproportionate number of $A$ and $B$ grades in the Spanish program could possibly be attributed to the $9 \%$ increase of Hispanic enrollment from FY08 to FY11. The prerequisite enforcement may also be a contributing factor to this increase because it has made it more difficult for more advanced students to enroll in the second and third semester courses; thereby perhaps increasing the number of over-prepared students in lower level classes.

Finding 2: The $94 \%$ success rate of the foreign language program students who took the listening comprehension SLO assessment and a review of the grading rubric indicate that we should reexamine the testing instrument to more accurately reflect the course level objectives.

Finding 3: The V01 course in the foreign language program exceeded its district 525 goal by $10.4 \%$. At the V02 level even the largest discipline in the program, Spanish, fell short by $9 \%$ of the district 525 goal. This is a natural drop given the significant and normal decrease in enrollment numbers in upper-level foreign language courses.

# Foreign Languages Program Review 

2011-2012

## 6. Initiatives

Initiative: Explore and implement a Spanish placement exam to provide a suggested level placement for students.

## Initiative ID

Links to Finding 1: In order to decrease the number of over-prepared students in the lower- level courses, it is necessary to assess students who do not fulfill the pre-requisite, but who may otherwise have equivalent language skills. Currently the introductory-level courses of Spanish have too many overprepared students resulting in an inflated performance of SLO assessments.

Benefits: Suggested level placement will increase the number of students in higher-level courses and will better suit the linguistic needs of students who have already acquired Spanish skills from experiences outside of a classroom. Placing students in upper-level Spanish courses may help to approach the 525 WSCH goal in the V02 and V03 courses.

Request for Resources: Researcher costs for the exploration and development of a placement exam (approximately $\$ 2000.00$ ). Assessment Office personnel cost for the administration and evaluation of the placement exam (unknown amount).

## Funding Sources

| No new resources are required (use existing resources) |  |
| :--- | :--- |
| Requires additional general funds for personnel, supplies or services <br> (includes maintenance contracts) | X |
| Requires computer equipment funds (hardware and software) |  |
| Requires college equipment funds (other than computer related) |  |
| Requires college facilities funds |  |
| Requires other resources (grants, etc.) |  |

## Foreign Languages Program Review

2011-2012

Initiative: Improve the grading rubric of the SLO assessments to more accurately reflect the course outcomes.

## Initiative ID

Links to Finding 2: After analyzing the results of the course level SLO assessment summaries, it was determined that the achievement level for the student performance indicator was set too low. The low achievement level resulted in an elevated number of students who performed far above the achievement level and very few students who performed below the achievement level.

Benefits: By changing the rubric, the assessment results will reflect the course outcomes more accurately in order to adjust the instruction and/or curriculum to better suit the needs of the students.

Request for Resources: No monetary resources needed.

## Funding Sources

Please check one or more of the following funding sources.

| No new resources are required (use existing resources) | X |
| :--- | :--- |
| Requires additional general funds for personnel, supplies or services <br> (includes maintenance contracts) |  |

| Requires college equipment funds (other than computer related) |  |
| Requires college facilities funds |  |
| Requires other resources (grants, etc.) |  |

# Foreign Languages Program Review 

2011-2012

Initiative: Reduce the district 525 WSCH for the upper-level courses.

## Initiative ID

Links to Finding 3: After reviewing the data, it is evident that exceeding the district 525 goal is unlikely given that the higher the level of the course the smaller the pool of potential students.

Benefits: Reducing the district 525 goal for the upper-level courses would more fairly demonstrate the program's productivity.

Request for Resources: No monetary resources needed.

## Funding Sources

| 5 |  |  |  |  |  |  |  |  |  |  |  |  |

## 6B: Program Level Initiative Prioritization

All initiatives will first be prioritized by the program staff. If the initiative can be completed by the program staff and requires no new resources, then the initiative should be given a priority 0 (multiple priority 0 initiatives are allowed). All other initiatives should be given a priority number starting with 1 (only one 1 , one 2 , etc.).

## 6C: Division Level Initiative Prioritization

The program initiatives within a division will be consolidated into division spreadsheets. The dean may include additional division-wide initiatives. All initiatives (excluding the ' 0 ' program priorities) will then be prioritized using the following priority levels:

R: Required - mandated or unavoidable needs (litigation, contracts, unsafe to operate conditions, etc.).
H: High - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)
M: Medium - approximately 1/3 of the total division's initiatives by resource category (personnel, equipment, etc.)
L: Low - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)

## 6D: Committee Level Initiative Prioritization

The division's spreadsheets will be prioritized by the appropriate college-wide committees (staffing, technology, equipment, facilities) using the following priority levels.

R: Required - mandated or unavoidable needs (litigation, contracts, unsafe to operate conditions, etc.).
H: High - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)
M: Medium - approximately 1/3 of the total division's initiatives by resource category (personnel, equipment, etc.)
L: Low - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)

## Foreign Languages Program Review

2011-2012

6E: College Level Initiative Prioritization
Dean's will present the consolidated prioritized initiatives to the College Planning Council. The College Planning Council will then prioritize the initiatives using the following priority levels.

R: Required - mandated or unavoidable needs (litigation, contracts, unsafe to operate conditions, etc.).
H: High - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)
M: Medium - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)
L: Low - approximately $1 / 3$ of the total division's initiatives by resource category (personnel, equipment, etc.)

## Foreign Languages Program Review

2011-2012

## 7A: Appeals

After the program review process is complete, your program has the right to appeal the ranking of initiatives.

If you choose to appeal, please complete the form that explains and supports your position. The appeal will be handled at the next higher level of the program review process.

## 7B: Process Assessment

In this first year of program review using the new format, programs will be establishing performance indicators (goals) for analysis next year. Program review will take place annually, but until programs have been through an entire annual cycle, they cannot completely assess the process. However, your input is very important to us as we strive to improve, and your initial comments on this new process are encouraged.
