VI. STUDENT GOAL ATTAINMENT

A-1. Program Completions – Summary of Degrees and Certificates Awarded

Since 2006 – 2007, Ventura College has been awarding an increasing number of degrees/certificates in each succeeding year. Although the numbers of degrees have fallen in 2009 – 2010 and 2010 – 2011, the numbers of certificates have risen substantially in these years. The increase in certificates is due mainly to student interest in the two new Transfer Certificates: the IGETC and the CSU-GE Breadth certifications. In 2009 – 2010, VC awarded 155 Transfer Certificates; in 2010 – 2011, 345 Transfer Certificates were given.

B-2. Degrees Awarded: By Race/Ethnicity

In the table that follows, the percentages of degrees awarded in 2010–2011 by race/ethnicity are compared to the percentages of fall 2010 students by race/ethnicity. The difference between the percentage of degrees awarded to **Hispanics** and their proportion of the fall 2010 student body is **- 2.5**, a **- 6%** difference.

Asians/Pacific Islanders and Whites were the two racial/ethnic groups in which the percentages of degrees was higher than their respective percentages of fall 2010 students.

B-4. C-2 Certificates Awarded: By Race/Ethnicity

In the table that follows, the percentages of C-2 certificates awarded in 2010 - 2011 by race/ethnicity are compared to the percentages of fall 2010 students by race/ethnicity. The difference between the percentage of C-2 certificates awarded to **Hispanics** and their proportion of the fall 2010 student body is - **4.1**, a - **9%** difference.

The following four racial/ethnic groups each received a greater percentage of C-2 certificates than their respective percentage of fall 2010 students: Asians/Pacific Islanders, Native Americans, Others, and Whites.

VI. STUDENT GOAL ATTAINMENT

B-5. Degrees Awarded: By Age Group

Fifty-nine percent (59%) of Ventura College degrees awarded in 2010 – 2011 went to students who were between the ages of 20 and 24. Students in the 25 to 29 year age group received 18% of the degrees and students in their 30's received 12%.

The table below compares the percentages of degrees awarded in 2010 - 2011 by age group to the percentages of fall 2010 students by age. As would be expected, students in the **19** or **younger** age group received a much lower percentage of degrees (- 96%) than their proportion of the fall 2010 student body. Additionally, it was not unexpected to find that students in the oldest age group (**50 or older**) did not receive any degrees.

COLLEGE PROFILE AND INSTITUTIONAL EFFECTIVENESS REPORT

VI. STUDENT GOAL ATTAINMENT

B-7. C-2 Certificates Awarded: By Age Group

Sixty-seven percent (67%) of Ventura College C-2 certificates awarded in 2010 - 2011 went to students who were between the ages of 20 and 24. Students in the 25 to 29 year age group received 18% of the C-2 certificates and students in their 30's received 8%.

The table below compares the percentages of C-2 certificates awarded in 2010 - 2011 by age group to the percentages of fall 2010 students by age. As would be expected, students in the **19** or **younger** age group received a much lower percentage of degrees (- 95%) than their proportion of the fall 2010 student body. Additionally, it was not unexpected to find that students in the oldest age group (**50 or older**) did not receive any C-2 certificates.

VI. STUDENT GOAL ATTAINMENT

C-1. Summary of Transfers by Educational System or Institutional Category

Over the past 10 years, Ventura College transferred its greatest number of students (1,153) in 2006 – 2007. In 2008 – 2009, transfers declined to 946; in 2009 – 2010, transfers rose slightly to 958. It should be noted that declines in transfers occurred across the California Community College System in 2008–2009 and 2009–2010.

Transfers to In-State Private and Out-of-State institutions accounted for a significant portion of total VC transfers over the last four years. In 2009 – 2010, **40%** of VC transfers went to ISPs and OOS institutions.

VI. STUDENT GOAL ATTAINMENT

C-2. Transfers to Campuses of the University of California

Ventura College students who transfer to the University of California overwhelmingly select Santa Barbara as their campus of choice. UCLA comes in a distant second, followed by San Diego and then Berkeley.

The table below indicates the numbers and percentages of VC student transferring UC campuses during the 2009 – 2010 academic year.

| University of | 2 | 2009 – 2010 | |
|---------------|---------|-------------|-------------|
| California | Ventura | College Tra | nsfers |
| <u>Campus</u> | Number | Percent | <u>Rank</u> |
| Berkeley | 10 | 7.5% | 4 |
| Davis | 7 | 5.2% | |
| Irvine | 5 | 3.7% | |
| Los Angeles | 17 | 12.7% | 2 |

| Riverside | 7 | 5.2% | |
| San Diego | 16 | 12.0% | 3 |
| Santa Barbara | 65 | 48.5% | 1 |
| Santa Cruz | 7 | 5.2% | |
| Totals | 134 | 100.0% | |

Ventura College transfers to the UC System reached its peak in 2004 - 2005 at **169** students. The least amount of transfers occurred in 2007 - 2008, when VC transferred *slightly* over **100** students. In 2009 - 2010, the number of Ventura College transfers *increased* to **134** students. In 2010 - 2011, transfers to UC grew to **145** (data for 2010 - 2011 has not yet been entered into the table below).

VI. STUDENT GOAL ATTAINMENT

C-3. Transfers to Campuses of the California State University

In 2009 – 2010, **two-thirds** of Ventura College transfers to campuses of the California State University were to two schools: **40%** to CSU Northridge and **26%** to CSU Channel Islands. The next highest campus was CSU Long Beach at **4%** followed closely by CSU Los Angeles at almost **4%**. CSU San Francisco was fifth at **3%** and Cal Poly SLO was sixth at nearly **3%**.

Ventura College transfers to the California State University reached its peak in 2002 - 2003 at **668** students. The least amount of transfers occurred in 2009 - 2010, when VC transferred **444** students to CSU campuses. In 2010 - 2011, however, transfers to CSU grew to **587** (data for 2010 - 2011 has not yet been entered into the table below).

C-4. Transfers to All CSU Campuses: Fall Terms – Data Table

<u>CSU Performance Measures</u>

Through its Division of Analytic Studies, the California State University (CSU) System regularly provides information on the performance of CCC students who have transferred to CSU campuses. The metrics, which pertain to academic **preparation** and **performance** of CCC transfers, are reported separately for **each** college and in aggregate for **all** CC colleges. In the table below, the academic preparation and CSU performance of VC transfers are compared to transfers from all CC colleges. The table is divided into the following four sections.

Transferred to CSU

Numbers of CCC transfers to CSU in fall terms 2000 to 2009 – for VC and for All CCC's

Average Transfer GPA

Average pre-CSU GPA for VC transfers and for All CCC transfers – an approximate indicator of the academic preparation of transfers to CSU

Persisted to Next Fall

CSU refers to this metric as the One-Year Continuation Rate – it is the percentage of transfer students enrolling at CSU campuses in a given fall term who re-enroll (i.e., continue) at the same CSU campus in the subsequent fall term

Average CSU GPA

Average CSU GPA of transfer students who persisted from one fall tem to the next fall term

Performance of Ventura College Transfers

Over the past ten years:

CSU persistence rate for VC transfers has been *equal to* or *slightly below* the rate for all transfers Average CSU GPA for VC transfers has been *equal to* or *slightly below* the mean GPA for all transfers

Charts of CSU Persistence Rates and Average CSU GPA's appear on the following page.

C-5. Transfers to CSU Channel Islands – Data Tables

Data in the following tables were extracted from the April 2011, **CSU-CI Transfer-Student Success Report**. The report was provided to VC's Executive Vice President by the Provost's Office at CSU Channel Islands. In the context of the CSU-CI report, a transfer student is **successful** if he/she receives a baccalaureate degree from CSU-CI. The report is limited to transfer students from VCCCD colleges.

In **Tables A** and **B**, data in the **Trn** columns indicate the numbers of **transfer** students, while data in the **D** columns show the numbers of students that received BA/B **degree** from CSU-CI. For example, in Table A, in the Fall 2005 Cohort, 40 Hispanic students transferred (**Trn**) to CSU-CI of which 29 received a BA/BS degree (**D**), which is a success rate of 73% [$(29 \div 40) \times 100$]. **Note:** In Table A, overall success rates decline from fall 2005 to fall 2009 because the more recent transfers have had *less* time to obtain a BA/BS degree.

C-6. Transfer Velocity Cohort Report (CCCC Chancellor's Office)

Introduction

The **Transfer Velocity Project** tracks cohorts of first-time college students for six years to determine if they show "behavioral intent to transfer" (i.e., they accumulated a minimum of 12 earned units and they attempted a transfer-level Math or English course). Students who show "behavioral intent to transfer" are formed into **Transfer Cohorts**. Although Transfer Cohorts are not <u>finalized</u> until <u>six years</u> (6) after initial enrollment, once a cohort has been established, the cohort's transfer rates can be retroactively calculated for years three (3), four (4) and five (5). Actual transfers to public or private four-year institutions within the United States are determined by matching student data to one of the following databases: National Student Clearinghouse (NSC), University of California (UC) or California State University (CSU). The **Transfer Rate** is computed by dividing the number of students with enrollments at a four-year institution by the total size of the Transfer Cohort.

(Adapted from "A note on the methodology of the Transfer Cohort Report"; for a complete description of the methodology, refer to the document available at: <u>http://www.ccctransfer.org/TransferReport.pdf</u>).

Ventura College Transfer Rates Compared to Statewide Averages

In the table below, Transfer Rates for the **2004 – 2005** VC cohort are compared to the statewide averages. The **2004 – 2005** VC cohort is comprised of **1,255** students who met the above stated criteria (**Introduction**). After **three years** and **six years** (conventional milestones for assessing community college transfer rates), Ventura College and statewide Transfer Rates are equivalent: **14%** after **three** years and **41%** after **six** years.

Ventura College: Transfer Rates by Race/Ethnicity

Of the **1,255** students in the 2004–2005 cohort, **33%** (**418** students) are Hispanic and **44%** (**558**) are White. After **three years**, the overall VC Transfer Rate is **14%**; for Hispanics it is **12%**, for Whites it is **15%**. At **six years** out, the overall Transfer Rate is **41%**; the Hispanic rate is **37%** compared to **44%** for Whites.

Ventura College: Transfer Rates by Age

Eighty-eight percent (88%) of the 2004 – 2005 cohort are students who were either "Less than 18" (44%) or "18 or 19" (44%) in academic year 2004 – 2005. The **three-year** Transfer Rate for each of the groups is **15%**; at **six years** out, the Rate for the "Less than 18" group is **47%** compared to **39%** for the "18 or 19" group. After **seven years**, **50%** of the "Less than 18" students had transferred to a four-year school.
