IGETC 2016–2017

CAVEAT—These courses and requirements are subject to change. Students should consult a counselor and appropriate websites to receive the most current transfer information.

Completion of the IGETC is not generally a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower division general education requirements of the CSU or UC prior to transfer. It is **not** advisable for all transfer students to follow the IGETC. Some students may be better served by taking courses that fulfill the CSU General Education-Breadth requirements or those of the UC campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation (“high-unit majors”) may not find the IGETC option to be advantageous. Students should also be aware that selected schools and colleges at most undergraduate campuses of UC have requirements that render the use of IGETC either inappropriate or not permitted (e.g., the College or School of Engineering). The IGETC will probably be most useful for students who want to keep their options open before making a final decision about transferring to a particular CSU or UC campus. For current information, consult the UC Answers for Transfers booklet.

ADMISSION—Most campuses of CSU and UC only rarely accept transfer applicants at the freshman or sophomore levels. Upper division or advanced standing admission criteria are based on three components:

1) **Units**—a minimum number of transferable semester units (60 for CSU and UC; maximum 70 for both);

2) **Scholarship**—a minimum cumulative GPA in all transferable coursework (2.0 for CSU; 2.4 for UC; higher for non-California residents); and

3) **Subject area requirements**—course pattern (a–g) requirements and the ways in which students satisfy these requirements differ between CSU and UC. These admission criteria specify only minimum standards. CSU and/or UC may apply more rigorous standards as enrollment demand changes.

All potential transfer students are expected to read the CSU and UC publications for transfers available online or in the Ventura College Counseling Office and Transfer Center.

Applicants **must complete** both the necessary lower division **mathematics and English composition requirements with grades of C or better** for most campuses by the end of the spring semester prior to transfer in the fall; all of Area A plus B4 for CSU GE; Areas 1 and 2 for IGETC. Some campuses require the completion of the English and mathematics requirements by the end of the fall semester prior to transfer in the following fall. Also, some campuses require that the 60-unit minimum, the subject area requirements, and major preparation courses with grades of C or better be completed by the end of the spring semester prior to transfer in the fall. Completion of the IGETC satisfies lower division GE requirements at all CSUs and most UCs. It does not guarantee eligibility for admission to the CSU or UC system, or to a specific campus or program. Students who are fully certified for IGETC prior to transferring to UC or CSU will satisfy the subject area or course pattern requirements for admission; they must also satisfy the units and scholarship requirements.

USE OF SUMMER COURSEWORK FOR FALL ADMISSION—Only CSU Fullerton considers summer coursework for fall admission, excluding the Golden Four courses (Oral Communication, Written Communication, Critical Thinking, and Mathematics/Quantitative Reasoning). However, CSU Long Beach and CSU Sacramento will consider summer coursework for certain students completing or pursuing an Associate Degree for Transfer. See calstate.edu/sas/casper/upper-div/admission-registration-and-transcript-receipt.shtml for the latest on restrictions.

CERTIFICATION—All CSU and most UC campuses will accept full certification of the IGETC as meeting all of the lower division GE requirements for the baccalaureate degree. Generally, the last community college a student attends before transferring will determine certification of the IGETC. In addition to the course requirements for each subject area, full certification for the CSU must include completion of the Oral Communication requirement. For the UC, Oral Communication is not required, but full certification must include satisfaction of the Language Other Than English (LOTE) requirement. Consult a counselor to determine the options for satisfaction of the LOTE requirement. Partial certification of IGETC is permitted. A maximum of two IGETC courses may be completed after transfer. **NOTE: Partial certification that acknowledges a deficiency in Areas 1 and/or 2 may also indicate a student does not meet minimum transfer requirements.** Students should make an appointment in the Counseling Office prior to transfer to apply for IGETC certification or to petition for partial certification.

CERTIFIED COURSES—Coursework completed at regionally accredited institutions to include California community colleges (CCCs), along with those colleges and universities which are not CCCs, including out-of-state and independent colleges, may be included among the courses to certify student completion of IGETC if such coursework is comparable to courses on any CCC approved course list. Each CCC course must have been IGETC approved at the time it was taken. In addition, credit awarded for Advanced Placement (AP) exams may be used to meet IGETC requirements. Students should consult a counselor to determine the applicability of coursework and AP exam scores to IGETC subject area requirements.

SCHOLARSHIP—Courses used for IGETC certification must be completed with a minimum grade of C (C– is not acceptable). A “Pass” (P) is acceptable, provided that it is equivalent to a grade of C or higher at the institution where the course was taken.

The UC system allows a maximum of 14 semester units graded Pass/No Pass. Individual CSU campuses also impose unit limitations for P/NP courses.

COURSE RESTRICTIONS—A single course may count only once; it cannot be used to fulfill GE requirements in two areas simultaneously. The only exception is that the more advanced coursework used to satisfy the UC requirement in Language Other Than English may also be used to satisfy the Humanities requirement. Foreign coursework cannot be applied to IGETC (except Area 6) unless the foreign institution has U.S. regional accreditation.

TRANSFER LIMITATIONS—All transfer limitations applying to courses taken at Ventura College also apply to these general education requirements. Consult your VC counselor concerning these limitations.

TRANSFER COURSES—The approved IGETC course listing designates those courses that may be used to meet university-wide general education requirements (see Certification). The GE courses are not a complete list of all courses that transfer to CSU and UC. Transferability of courses may be checked in the Ventura College Catalog, the Schedule of Classes (in the online schedule, click the CRN number), the Counseling Office, the Transfer Center, or at the ASSIST website: assist.org.

ADDITIONAL CSU-GE REQUIREMENTS—Students who are fully certified under IGETC and transfer to CSU campuses will be required to complete a minimum of nine units of upper division general education work and all campus-specific non-GE graduation requirements not completed prior to transfer.

U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS REQUIREMENTS—All CSU campuses require students to complete college-level coursework in U.S. History, American Government, and California Government in addition to GE requirements for graduation. Courses completed to satisfy this requirement may be used to satisfy GE requirements for IGETC. UC campuses have similar requirements in American History and Institutions (AH&I). However, the AH&I requirements may be satisfied for most UC campuses (except UC Santa Barbara) by completing the subject area requirement in high school. Consult a counselor for further information about this requirement.

MAJOR COURSES—Most campuses require a grade of C or better for each course required in preparation for a student’s major; most do not allow a “Pass” (P) for major courses. Also, UC will allow IGETC courses to count toward major requirements. Some CSU campuses restrict double counting. To verify which campuses impose restrictions, visit calstate.edu/sas/casper/upper-div/transfer-certification-and-double-counting.shtml.

MAJOR PREPARATION—Satisfaction of lower division courses required for selected majors is generally required in those majors which are oversubscribed or impacted. UC and CSU generally prefer students to complete prerequisite major courses before completing general education courses. Of course, all requirements for admission (minimum units, GPA, and subject area requirements) must be completed prior to transfer.

SEQUENTIAL COURSES—Most institutions recommend that students complete sequential courses at the college where the sequence was started. This is especially recommended for a sequence of two or more courses that requires the preceding course(s) as a prerequisite to advancement.

OTHER COLLEGES AND UNIVERSITIES—Students who plan to attend a private or out-of-state school should consult a counselor and the catalog of the particular school to determine the coursework needed to meet GE requirements at that institution. While most of the courses on the approved IGETC list transfer to other institutions, they do not necessarily satisfy the GE requirements.

TRANSCRIPTS—Students must make a written request of the Records Office to forward their transcripts. Ventura College can send official transcripts of work completed at this college and at Moorpark and/or Oxnard Colleges. Students must request transcripts of work completed at any other colleges (outside of this college district) to be sent to the transfer institution. Your application for certification is not a request for a transcript.

ASSOCIATE DEGREE—Although it is not necessary for a student to complete an associate degree in order to transfer to a four-year school, many of the courses taken to satisfy associate degree requirements are transferable and, in many cases, may be used to meet transfer GE requirements.

TRANSFER ASSISTANCE—Ventura College can often assist students who encounter problems during or after transfer. Past, present, and future VC students should feel free to contact the Counseling Office or the Transfer Center at Ventura College at any time.

MORE INFORMATION—Students having any questions should check with a counselor. More information is available for UC at admission.universityofcalifornia.edu/transfer, for CSU at csumentor.edu, and for both at assist.org.

ASSIST—ASSIST (Articulation System Stimulating Interinstitutional Student Transfer) is a computerized transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university may be applied when transferred to another. ASSIST is the official repository of articulation for California’s public colleges and universities, and therefore provides the most accurate and up-to-date information available about student transfer in California. ASSIST is available at assist.org.
