

## I.B.1.6: Equity Dashboard Screenshots

CLICK HERE FOR URL

The screenshot shows the Ventura College Equity Dashboard. The page header includes the Ventura College logo and navigation links for VCCCD, MOORPARK, OXNARD, and VENTURA. The main content area is titled "Equity Dashboard" and provides an overview of the college's equity policy. A sidebar on the left lists various reports and dashboards, with "Equity Dashboard" highlighted. The main content area features two metrics: "Metric 1: Access" and "Metric 2: Course Completion (Course Success Rate)".

### Equity Dashboard

In 1992, the California Community Colleges Board of Governors adopted a student equity policy. The goal of this policy was to improve access to and completion of higher education among student groups who have been historically underrepresented in higher education. In 2014, the State of California began to provide formal funding to colleges for the specific purpose of closing gaps in access and success among underrepresented groups. This funding stipulates that each college must develop an annual student equity plan, in which the college analyzes data on five key equity metrics, identifies gaps between student groups, and then develops interventions to close those gaps. For more information about the Student Equity Plan, visit the VC Student Equity Committee website and the [CA Chancellor's Office Student Equity website](#).

Click the dashboards below to view data on the five key equity metrics for Ventura College.

#### Metric 1: Access

Do our student demographics reflect those of our community?
