Student Orientation

In addition to learning about Ventura College through the Online College Orientation, there are specific programs on campus that you may learn about by watching these other orientations.

Online Orientation

The College Orientation introduces anyone to the education options, taking classes, Student Services, student success tips, and campus resources at Ventura College.

Student Success Resources

Being a college student can be quite challenging. At Ventura College we want to help you succeed. In this Student Success Resources box you will find dozens of resources that provide you with tools and strategies to be a successful student.

Assistance With Academic Standing

Your academic standing is very important. It affects everything from your registration priority to financial aid eligibility. Your goal is to be in good academic standing, and you can achieve that goal by completing your classes and getting passing grades of "C" or better! We want to work with you to help you achieve and maintain good academic standing. The resources below will provide additional information, and our Ventura College counselors are here to help you develop a plan for success!

1. Good standing - means student has at least a 2.0 grade point average (GPA) and is completing most of the classes attempted.
2. Progress Probation - means a student has not successfully completed at least half of the total units attempted. "Successful completion" as used here means passing the class with a grade of C/P or better.
3. Academic Probation - means a student has a GPA lower than 2.0.
