VENTURA COLLEGE HEALTH SCIENCES DEPARTMENT
SCHOOL OF NURSING & ALLIED HEALTH
SCHOOL OF PREHOSPITAL AND EMERGENCY MEDICINE

STUDENT PHYSICAL EXAMINATION & IMMUNIZATION REQUIREMENTS

DEAR STUDENT:

You have made a choice to enroll in our ADN, EMT or Paramedic program.

PRIOR to starting the program, you are required to have a health appraisal. Contracts with the clinical agencies require that all students be documented to be in good health and free from infectious disease.

PHYSICAL EXAMS: Students must use the Ventura College Health History and Physical Exam forms and can have the physical examination and testing done by the Ventura College Student Health Center (cost sheet attached) or the health care provider of your choice.

VC Student Health Center 4667 Telegraph Rd., Ventura (805) 289-6346
(By appointment only)

YOU MUST TAKE THE REQUIRED FORMS WITH YOU. PLEASE COMPLETE THE HEALTH HISTORY FORM BEFORE YOUR PHYSICAL EXAM APPOINTMENT.

BLOOD TESTS AND IMMUNIZATIONS: Students may have blood tests and immunizations done by Ventura College Student Health Center, Ventura County Public Health, or through a health care provider of your choice. Blood tests and immunizations through Student Health are usually less expensive than what many health care providers charge.

If available, please bring any immunization records with you, such as: childhood, employment or military. This may reduce your costs and avoid unnecessary lab work and/or vaccinations.

Students must have the following before being assigned to the clinical area:

- Physical examination (valid for 1 year)
- TB clearance [TB PPD skin test (TST) or QuantiFERON blood test]
- Proof of all required immunizations or provide titers (quantitative lab work) demonstrating immunity.

THERE ARE NO EXCEPTIONS TO THE REQUIREMENTS.

*Please make and keep a copy of your physical examination and lab test results for future reference. We are unable to make copies for you.*

VENTURA COLLEGE HEALTH SCIENCES DEPARTMENT

PHYSICAL EXAMINATION & IMMUNIZATION REQUIREMENTS

Dear Health Care Provider:
The area hospitals require the following for admission into their clinical programs. Please do not make any substitutions.

1. Physical Exam completed using the attached Ventura College form (valid for 1 year).

2. Provider’s name printed clearly AND the facility name and address stamped on all medical forms.

3. TB clearance must be by QuantiFERON blood test or Tuberculin Skin Test (TST). Tuberculin Skin Test must be the PPD Mantoux only. A copy of the test with date and time given and date and time read must be included with the forms. **A 2-Step Method is required (2 skin tests must be completed within 21 days. There must be at least 7 days between Steps 1 and 2).** If there is a history of a positive TST and QFT with a negative CXR then only a system review is required annually.

4. Students must submit one of the following:
   - Documentation of two (2) MMR immunizations at least four (4) weeks apart
   - OR
   - Documentation of quantitative lab work demonstrating immunity of:
     - Rubella Antibody-IGG Lab work
     - Rubeola Antibody-IGG Lab work
     - Mumps Antibody-IGG Lab work

5. Students must submit one of the following:
   - Documentation of two (2) Varicella immunizations at least four (4) weeks
   - OR
   - Documentation of quantitative lab work demonstrating immunity of:
     - Varicella Antibody-IGG Lab work

6. Students must submit the following:
   - Tdap vaccination (valid for 10 years)
   - Current influenza vaccine documentation is required during the flu season. Flu documentation must include serum manufacturer, lot#, provider & date. **You will receive notification when this is required, after the fall semester of school starts. For spring semester, it is a requirement upon admission.**
   - Quantitative lab work and/or immunization records, with the individual’s name clearly identified, are required for the aforementioned vaccines and labs.

7. For your protection, completion of a 3-dose Hep B vaccine series or 2-dose (HEPLISAV-B) vaccine series with a positive quantitative titer is recommended.
   - A declination waiver must be signed if the aforementioned recommendation is not completed.

If you have any questions, please feel free to call Ventura College Student Health Center at (805) 289-6346, the School of Nursing at (805) 289-6342 or the School of Prehospital and Emergency Medicine (805) 289-6364.

Thank you for your cooperation in this matter. 8/14/19

VENTURA COLLEGE HEALTH SCIENCES DEPARTMENT TB SCREENING

NAME ___________________________ ID# 900-_________ DOB ________

***TB clearance is valid for 1 year AND cannot expire before the end of the semester.***

A 2-Step TB skin test (two skin tests) must be completed within 21 days (there must be at least 7 days between Steps 1 and 2).

TB Mantoux:
Test #1 Date & Time Administered: ________________ Date & Time Read: ________________
   Neg _____ Pos _____mm Ind ______mm

Test #2 Date & Time Administered: ________________ Date & Time Read: ________________
   Neg _____ Pos _____mm Ind ______mm

OR QuantiFERON Blood Test Date: _____________ Result:___________
   Hx of positive TB skin test: _____yes _____no   Lab form is also required.

If your TB skin test is positive:
A licensed professional needs to complete a Systems Review form (in your packet).
A QuantiFERON-TB lab test needs to be ordered and you may be referred for a chest X-ray.
  • If the QuantiFERON-TB test is negative, and your systems review is normal, you will be cleared to participate in the program.
  • If the QuantiFERON-TB is positive, a chest X-ray is required and you will be referred for possible treatment and further testing before clearance.

If you have a history of a positive TB skin test without a QuantiFERON-TB lab test:
A Systems Review and QuantiFERON-TB lab test within the last year is required. It must not expire before end of semester.

If you have a history of a positive TB skin test with a negative QuantiFERON blood test:
Provide results of a QuantiFERON-TB blood test done within the last year. It must not expire before end of semester.

If you have a history of a positive TB skin test, a positive QuantiFERON blood test and/or treatment for TB disease or latent TB infection:
Complete an annual Systems Review and provide a copy of the positive result along with any follow-up clinical notes regarding evaluation and treatment.

Rev. 8/14/19
HEPATITIS B VACCINE DECLINATION (WAIVER)

I have been informed and understand that due to my participation in this course and possible exposure to blood and/or other potentially infectious materials that I am at risk of acquiring Hepatitis B virus (HBV). I have been advised, and given the opportunity to be immunized for a fee with Hepatitis B vaccination and screened for immunity to Hepatitis B. However, I decline the Hepatitis B vaccination and screening, and understand that by declining, I continue to be at risk of acquiring Hepatitis B, which is known to be a serious disease.

Signed: __________________________ Date: ____________

This will satisfy the requirement on CastleBranch however, we strongly recommend you complete the series.
