According to Title 5, Section 53200, each California Community College shall have an Academic Senate, an organization of faculty whose primary function is to make recommendations with respect to academic and professional matters.

“Academic and Professional matters” means the following policy development and implementation matters that cover the following areas:

1. Curriculum, including establishing prerequisites.
2. Degree and certificate requirements.
3. Grading policies.
4. Educational program development.
5. Standards or policies regarding student preparation and success.
6. College governance structures, as related to faculty roles.
7. Faculty roles and involvement in accreditation processes.
8. Policies for faculty professional development activities.
9. Processes for program review.
10. Processes for institutional planning and budget development.

AND Other academic and professional matters as mutually agreed upon.

Ventura College Academic Senate
Minutes
Thursday, 23 August 2012  MCW-312

I. This meeting was called to order at 1:34 p.m. The following senators were present:
   Chen, Albert—Social Sciences, Arts, and Humanities
   Enfield, Amanda—English and Learning Resources
   Forde, Richard—Career and Technical Education
   Guillen, Guadalupe—Student Services
   Haines, Robbie—Senate Secretary
   Horigan, Andrea—Social Sciences, Arts, and Humanities
   Kim, Henny—English and Learning Resources
   Lange, Cari—Senate Vice President
   Mitchell, Nancy—Career and Technical Education
   Morris, Terry—PE/Athletics, Communication Studies, Foreign Languages, and ESL
   Pauley, Mark—Senate Treasurer, Curriculum Co-chair
   Rose, Malia—Mathematics and Sciences
   Sandford, Art—PE/Athletics, Communication Studies, Foreign Languages, and ESL
   Sezzi, Peter—Senate President
   Wendt, Patty—Student Services

The following guests were present:
   Jones, Mary—Career and Technical Education
   Muñoz, Paula—Student Services

II. Public Comments
   Muñoz notified senators of upcoming Faculty Symposium on 21 Sept 2012 in Oxnard.

III. Introductions & Acknowledgement of Guests
   Sezzi notified those in attendance about the need for additional faculty members on various committees.

IV. Approval of minutes, 3 May 2012
   Forde motioned to approve, Lange seconded. Minutes approved 7–0–2 with Wendt and Rose abstaining.

V. Study Sessions
   a. VC Academic Senate Goal Setting for 2011-2012
      Sezzi solicited written goals from senators. Goals will be compiled by Sezzi and discussed at a future meeting.

   b. VC & VCCCD Accreditation reports
      Sezzi updated senators on status of both reports. Sezzi was happy to announce that administration’s willingness to involve each campus’ Academic Senate President in the development of these reports was highly involved, encouraged and appreciated. This is a marked difference from the manner in which last year’s Accreditation follow-up reports were developed. One additional part of the District report, relating to the Accreditation Commission’s concern about Board performance, is still being written and should be available in a few days. Sezzi described the corrected Commission letter to Robin Calote, which explains why we are working on this when the remaining problems appeared to concern the District only. For the reports that are due, most of the work has been done. College recommendations 6 and 8 were briefly discussed, it was opined that the BRC should be mentioned in part 6. Sezzi will re-evaluate these to be sure they are clear and accurate, adding BRC as requested.
VI. Action Items
   a. District & College Committee Appointments
      The difference between defined and undefined membership was discussed. It was noted that the Senate needs to appoint people to certain committees.

      The CPC membership and meeting schedule were discussed. Sezzi suggested affirming for the CPC spots for which there was “no contest” (i.e., more people interested than spots available) and a mechanism was discussed for appointing others if there is competition or if there are too few volunteers. Sandford volunteered for CPC. CTE representative for CPC will be discussed at the next meeting after candidates have briefly justified their candidacy. Senators agreed to confirm Becky Hull (Past Senate President), Art Sandford (General Ed faculty), Ty Gardner (General Ed faculty), Bob Moskowitz (General Ed faculty), and Eric Martinsen (General Ed faculty/instructor of Basic Skills).

      DCAA: There are 4 candidates for three slots. Sezzi will request a 1-paragraph justification of candidacy from each, then senators will vote at next meeting.

      DTRW-SS: Senate will delay action for this committee, because counselling will select representatives at their next division meeting on Sept 4.

      Student Grievance and Student Conduct committees: Sezzi read the following names as faculty interested in being in the “pool” to serve on both of these ad-hoc committees (unless otherwise noted): Ann Bittl, Albert Chen, Marta de Jesus, Sharla Fell, Richard Forde, Cari Lange, Lydia Matthews-Morales, Nancy Mitchell, Ted Prell, Robbie Haines (Student Grievance only) and Steve Quon (Student Conduct only).

      Sandford motioned to appoint the faculty names for appointment to the CPC, Student Grievance and Student Conduct committees as read, Horigan seconded. Motion carried unanimously.

   b. VC Accreditation Follow-Up Report (First Reading)
      Pauley motioned to move this item to second reading, Sandford seconded. Motion carried unanimously.

   c. VCCCD Accreditation Follow-Up Report (First Reading)
      Pauley motioned to move this item to second reading, Morris seconded. Motion carried unanimously.

   d. BP/AP 6200—Budget Preparation & BP/AP 6250—Budget Management (First Readings)
      These documents were discussed. Sezzi reported that many apparent changes made to them simply involved moving items from a BP in question to the corresponding AP. Budget difficulties were discussed in light of the fact that the state often does not have a budget at the time that VCCCD is supposed to have one. Sandford motioned to move this item to second reading, Lange seconded. Motion carried unanimously.

VII. President’s Report
   a. Summer Board of Trustees Meetings report
      The six (!) Board meetings since the last Senate meeting in May were described by Sezzi.
b. **Administrative Council report**

David Keebler will soon be emailing the campus about the inventory associated with VC’s accreditation activities. Sezzi suggested faculty respond to that email if they are interested in participating in the inventory of their supplies.

c. **DCAS**

This morning’s meeting focused on the Budget. The outcome of Proposition 30 will be a huge determinant of how we operate as a college for the foreseeable future. The district will face ~$8–9 million cut if the proposition fails; about $2 million are currently set aside to help offset this amount. Cuts, if they happen, will be realized this year. Program discontinuance at VC will probably be minimally disruptive this year, may be contentious next year. Full-time positions may no longer be automatically replaced as they have been in the past. Sezzi pointed out that if Prop 30 fails that in the span of only about 5 years, we’d go from having $25 million on reserves to only about $2 million in reserves available to be spent for the entire district.

Led by Kathy Scott and Mike Callahan, VC won a Title V single-college grant aimed at improving transfer rates for Latino students. This will fund more tutoring, counseling, and the Reading/Writing center.

The structural deficit model (Infrastructure Funding Model, or IFM) was discussed, especially in light of the Accreditation Commission’s spotlight on VC requiring us to improve total cost of ownership. It was originally thought that the model would only incrementally be funded and not be fully funded ($4 million) for about 8 years. However, over $1 million was allocated to it just this year. The lion’s share of these monies came from breakage in utilities (i.e., we underspent what was budgeted in utilities as a District). The IFM can only be spent in five areas (scheduled maintenance/capital furniture, library materials & databases, instructional and non-instructional equipment, tech refresh and “other”, which really is a by-word for special accreditation costs, research & development, start-up costs for new initiatives or programs, etc.) it can only be spent in these areas (i.e., these funds cannot be moved to other areas such as instruction, etc.). Sezzi reported that at VC alone $438,000 are available this year for program review. Unspent funds from program review funds can carry over to future years.

A discussion ensued regarding the State “mandated claims” to reimburse community colleges for things like student health centers, Brown Act compliance costs, etc. Traditionally, the state will pay the entire community colleges system only a fraction of what the system is owed, however, so each college gets only a few dollars. A bill is working through the State Assembly now called the Mandated Claim Block Grant in which the State would agree to pay colleges essentially a few cents on the dollar if those colleges stop demanding what is really owed to them. This is a complicated issue, and senators had many questions that were difficult to answer: What other schools are settling for the lower amount? Would VC get any money if we didn’t settle, but rather demanded what we are owed? Would VC get the entire amount owed us if we waited until the State was solvent again? Sezzi agreed to gather more information; no Senate position was adopted.
VIII. Information/Discussion Items
   a. Senate Dues Drive in September/October
      The dues drive is coming next month. In addition to scholarships, this year Senate dues will fund a
design competition for a ceremonial mace for graduation. The mace will be designed and
manufactured by students, and who the mace-bearer is each year will be democratically decided.
Most Senate dues are used for student scholarships; most senate activities are funded by the school.

IX. Senate Subcommittee reports
   a. One Book, One Campus Committee
      These activities will take place in the spring this year. The book selected is *Packing for Mars* by Mary
Roach. Sezzi will try to get free copies for students if instructors who agree to participate.
   b. Faculty Professional Development Committee
      Funds are available to people who did not opt out. The form to request them is on the portal and can
also be obtained from Gigi Fiumerodo.
   c. SLO Oversight Committee
      The critical importance of doing SLOs was discussed. Communication and quantitative reasoning are
the ISLOs being assessed this semester. Training for TracDat was discussed, as was its ease of use.
   d. Other Senate Committees
      There was nothing to report.

X. Campus Committee reports
   a. College Planning Council
      The CPC meets next Wednesday, and the agenda will be distributed to all users soon. The timelines
for Program Review have changed a bit, the documents are simpler. The name “Program Review”
was discussed in light of the confusing situation that entities which are not programs are reviewed in
Program Review. Alternate names were suggested (i.e. Functional Unit Review), but no action was
taken. Sezzi suggested thinking about this for possible future action.
   b. Other Campus Committees
      There was nothing to report.

XI. Adjournment

FOLLOW-UP REPORT - CERTIFICATION
October 15, 2012

This institutional Follow-Up Report is submitted to the ACCJC for the purpose of assisting in the determination of the institution’s accreditation status and to fulfill the requirement from the February 2, 2012, and the July 2, 2012 ACCJC Action Letters to the College President to address four College Recommendations, seven District Recommendations, and the Commission Concern on Board Governance.

We certify that there was broad participation by the campus community and believe that this report accurately reflects the nature and substance of this institution.

Statement of Report Preparation

This Follow-Up Report is submitted to the ACCJC for the purpose of assisting in the determination of the institution’s accreditation status.

We certify there has been considerable opportunity for the Board of Trustees and VCCCD constituents to participate in the review of this report. We believe the Follow-Up Report accurately reflects the nature and substance of progress since the Team visits in October 2011 and April 16, 2012.

The college-specific portions of this report were compiled by the Ventura College Office of Institutional Effectiveness and the College Planning Council, and edited by Kathy Scott, Dean of Institutional Effectiveness. The district-wide portions of this report were compiled by the District Director of Administrative Relations and the Vice Chancellors, with input and review by the Chancellor and the District Council on Accreditation and Planning. The district-wide portion of the report was edited by Clare Geisen, District Director of Administrative Relations.

On August 15, 2012, the college-specific portions of the Follow-Up Report were posted on the district portal for faculty, staff, and student government review and comment. On August 21, 2012, the district-wide portions of the Follow-Up Report were posted on the portal. The entire document was reviewed by the Board of Trustees, Chancellor, Chancellor’s Cabinet, District Council on Accreditation and Planning (DCAP), and Consultation Council, a participatory governance committee representing District and College constituencies.

The Follow-Up Report was approved by the Ventura County Community College Board of Trustees at its meeting on October 9, 2012.

College Recommendation 3

Recommendation 3, October 2010:

In order to fully meet this Standard, the team recommends that the college strengthen the content of its program review process to include a comprehensive and meaningful analysis of data with particular emphasis on student demographics, enrollment, program completion, retention, success, and achievement of student learning outcomes. Improvements to its programs should then be based on these results. (I.B.3, II.A.1.c, II.A.2.a-b, II.A.2.e, II.C.2.i, II.B.2., II.B.3-4, II.C.2).

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team finds that the college has partially met the requirements of Recommendation 3. It noted that major work had been accomplished in the revamping of the program review process, the use of data, establishing the link to total cost of ownership, and that outcomes were being used to determine resource allocation. Work should be continued in the assessment of the program review process and that the policy for program viability/discontinuance be completed and implemented.

Update:

In the fall of 2011, Ventura College piloted a new process that linked program review to the college’s new integrated planning model, to the new SLO/SUO assessment processes, to initiatives and requests for resources stemming from SLO/SUO findings and analyses, and to total cost of ownership requirements. Program discontinuance was part of the new program review process. A complete assessment of the program review process also occurred in 2011. Both program discontinuance and the assessment process are explained below.

Program Discontinuance:

College planning parameters were created by the college’s Executive Team (President, Executive Vice President, and Vice President of Business Services) in April 2011 and distributed to the college as a planning framework for program review in the early fall 2011 semester. The planning parameters document contained a list of courses and programs that administration was considering discontinuing, pending any compelling contrary arguments that emerged through program review. Programs on the list were encouraged to use the program review process and data to explain the significance of the program and/or courses if they intended to make an argument to maintain them.

At the beginning of the fall 2011 semester, the Executive Team redistributed an updated version of the college planning parameters, which were then reviewed again by the College Planning Council (CPC)(C3-01). Some programs with a degree, certificate, or courses on the proposed discontinuance list spent a considerable amount of time analyzing data and writing their program review reports in preparation for the program review presentations.
Also during the fall 2011 semester, and concurrently with the work of Ventura College’s CPC, the District Council on Student Learning (DCSL) began discussing the district-wide Administrative Procedure (AP) for program discontinuance (C3-02). While a brief Board Policy (BP) on program discontinuance had existed for some time, the AP had been in draft form only and had not been approved at the district level. During the fall 2011 semester, DCSL worked on the document, with input from all three Academic Senates, and in November 2011 the document was approved and forwarded to the Board of Trustees. The new AP (C3-03) allowed the college either to form a recommending group to “examine programs for possible remediation or discontinuance” or to “assign the task to an existing standing committee with majority faculty representation.” Ventura College opted to use the latter option and the CPC, a participatory governance committee co-chaired by the Academic Senate President and the Dean of Institutional Effectiveness, to oversee the program discontinuance process.

In October 2011, program review presentations were made to the CPC by the division deans (C3-04). While the district AP on program discontinuance had not yet been approved, the college followed the direction of the new AP draft. Program Review presentations by the deans included the following areas:

- Process Overview (including the process for prioritizing initiatives at the program/department and division levels)
- Initiatives Not Requiring Additional Resources
- Major Findings, Initiatives, and Requests for Resources
- Program Discontinuance (program and division stand on any programs on the discontinuance list)
- Minority Opinions on Other Resource Requests
- Appeals (a separate meeting was scheduled to hear any appeals)
- Additional Information

Faculty members in programs being considered for discontinuance were provided the opportunity to make their own presentations in support of continuing their programs. Two programs made such presentations, and their backup documentation was included as part of the program review and posted online. Questions and comments on the program review presentations, including those for program discontinuance, were solicited by the co-chairs of the CPC. Executive Team members took extensive notes and participated in these discussions. The Academic Senate, whose opinion on possible program discontinuance is to be solicited as part of the AP, opted to defer to the divisions and to support the division’s position on program discontinuance (C3-05).

At the conclusion of the program review presentations, the Executive Team made the final decisions about program discontinuance. For three of the programs discontinued, the Executive Team, in consultation with program faculty, decided to continue offering classes that were needed for transfer (in the case of Architecture), that could be incorporated into other subject disciplines (in the case of Agriculture courses moving to Biological or Environmental Sciences), or were needed as requirements for other programs (i.e. Computer Science classes needed for the Engineering
In all cases, student need was considered and options for assisting students to complete the affected programs were made available.

In the area of program discontinuance, specifically, the college’s open and transparent process for program discontinuance was supported by both the Academic Senate and the union.

In the spring of 2012, the college’s planning parameters were again published and discussed with the CPC in anticipation of the program review process for academic year 2012-13. The document explained that programs that awarded fewer than eight degrees, certificates, or proficiency awards in the last four years would be on the possible program discontinuance list. As noted in the planning parameters, this list was distributed again to the college in August 2012 (C3-06), and in fall 2012, the college conducted its second annual program review using this improved process.

Assessment of the Program Review Process:

At the completion of the program review process in fall 2011, input for evaluating the process was gathered from various sources. First, the program review process was discussed extensively at two CPC meetings, with members bringing feedback from each division. Second, an online survey was distributed to all college employees. And third, the Dean of Institutional Effectiveness went to the November 2011 Department Chairs and Coordinator’s Council to gather verbal feedback. In January 2012, a Program Review Report was written that included input from these sources (C3-07). The report also included a summary of the process, the successes, and the areas needed for improvement. The report was distributed to the CPC and discussed at a CPC meeting, and was later incorporated into the college’s Annual Planning Report that was distributed during the fall 2012 semester (C3-08).

One department from one division made a process appeal during program review in 2011, citing problems with implementation in that particular division. The appeal was entered into the record and the concerns were considered as departments in that division were reviewed by the CPC.

The main suggestions that emerged from the CPC discussion, the online survey of the campus and the feedback from the department chairs for improvement of the process were as follows:

- A separate committee for Services needs to be established to review the content of the work required and to discuss the challenges involved in self-supplied data.
- A better timeline needs to be established.
- The process for setting up and holding department and division meetings needs to be reviewed.
- Content/goals for each department and division meeting regarding program review need to be made clearer.
- The process for who votes on various aspects of program review needs to be clearer.
- The collaborative nature of the process needs to be emphasized, and part-time faculty members need to be encouraged to participate.
- The content of program review presentations needs to be reviewed and made consistent.
• Clearer directions on how to access program review data needs to be established.
• District productivity targets need to be reviewed.
• Consistency in prioritization of initiatives needs to be established.
• Terms (i.e. performance analysis) need to be clearly defined.

In order to address these issues, two subcommittees of the CPC were established, one for the Services and one to review process for all programs. These subcommittees worked during the spring 2012 semester and progress was reported at the May 2012 CPC meeting (C3-09) and in the college’s Annual Planning Report.

The recommendations from the Services subcommittee included increasing collaboration with instructional faculty, being provided more access to the institutional researcher time, and making small revisions to the form to make it more applicable to the Services.

Recommendations from the process subcommittee included the use of facilitators at division meetings in order to provide more consistency amongst and between divisions in prioritizing initiatives and voting, additional program and division meetings in order for the programs within a division to more clearly understand each other’s initiatives for collaboration purposes, revision of the timeline, the use of PowerPoint templates for consistency in division presentations made to the CPC, and clearer direction and timelines given to programs whose initiatives are funded through the program review process.

The revisions were discussed at the CPC’s first meeting of the fall 2012 semester and modifications to the process were implemented prior to the start of the 2012 program review process.

College Recommendation 4

Recommendation, October 2010:

In order to fully meet this Standard, the team recommends that the college must examine and provide evidence that appropriate leadership is addressing the various initiatives and programs on campus that support student learning. Efforts in online learning technology, basic skills initiatives, and SLOs lack an oversight committee or person responsible to oversee each of these projects and to ensure that they are implemented college wide in a manner that best serves the interests of student learning. (II.A, II.B)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team finds that the college has partially satisfied Recommendation 4. The intense work that the college has accomplished in its reorganization under the leadership of the president should be commended. The college should continue to develop an effective assessment process both formative and summative with broad participation to be able to determine the degree to which this structure meets the intent of the standards cited.

Update:

As noted in the college’s October 2011 Follow-Up Report, a systematic series of steps were taken to address College Recommendation #4. These steps included large-group meetings, campus forums, and online surveys, which collectively, assisted the college to identify gaps in the organizational structure and to gather input for possible solutions. After analyzing the information and meeting with the Executive Vice President, the Vice President of Business Services, and the Deans, the President prepared a draft of a new organizational structure, which was presented to the campus in March 2011. The new structure included the following elements: (1) the combination of all career and technical education programs into one division; (2) the assignment of distance education oversight and faculty professional development to the Dean of Social Science & Humanities (with the resultant renaming of that division to Distance Education, Professional Development, Social Science & Humanities); (3) the assignment of oversight for the Santa Paula program to the Dean of Physical Education/Athletics (with the resultant renaming of that division to Kinesiology, Athletics & Off-Site Programs); and (4) the assignment of oversight for planning, program review, student learning outcomes, institutional research, basic skills, and accreditation to the Dean of Communication & Learning Resources (with the resultant renaming of that division to Institutional Effectiveness, English & Learning Resources). The departments of Communication, ESL, and Foreign Language, which had been part of that last division, were reassigned to the Division of Kinesiology, Athletics & Off-Site Programs Division (with the resultant renaming of that division to Communication, Kinesiology, Athletics and Off-Site Programs) (C4-01).
In addition to organizational structure changes, several new campus committees were formed to support efforts in institutional effectiveness, online learning technology, basic skills initiatives, professional development, and student learning outcomes (C4-02):

- **College Planning Council:** The College Planning Council is a participatory governance committee that monitors college compliance with Accreditation Standard I. As part of the college planning, program review and budget allocation cycle, the College Planning Council reviews the Educational, Facilities, and Technology Master Plans and calls for their revision in accordance with an established cycle; proposes a limited number of three-year strategic goals based on the Educational Master Plan to form the basis for the college’s Strategic Plan; receives the college planning parameters each spring; recommends priority lists for new programs and initiatives that emerge through the annual planning and program review process; responds to administration’s recommendations for program growth, reduction and discontinuance; and contributes to the development of the college’s Annual Report by documenting the progress made on the Strategic Plan. The Dean of Institutional Effectiveness, English & Learning Resources provides administrative support for this Council. This committee is co-chaired by the Academic Senate President.

- **Distance Education Committee:** The Distance Education Committee, a subcommittee of the Faculty Professional Development Committee, provides a collaborative venue to share and promote effective practices and techniques that contribute to the quality and growth of distance education at Ventura College, including web enhanced on-ground courses, partially-online courses, and fully-online courses. In addition, the Committee is responsible for drafting the college’s Distance Education Master Plan and for providing advice to the Administration, the Academic Senate’s Curriculum Committee and the Technology Committee about procedures that can help to sustain and managing the distance education infrastructure. The Dean of Distance Education, Professional Development, Social Science and Humanities provides administrative support for the Committee.

- **Student Learning Outcomes Committee:** The Student Learning Outcomes Committee monitors college compliance with Accreditation Standard IB, IIA, IIB, and IIC, and is charged with overseeing the process of developing, assessing, and refining program, course and institutional student learning outcomes (SLOs) and service unit outcomes (SUOs). The committee also provides vision and leadership for outcomes-based assessment; establishes a plan and timeline for the development and assessment of SLOs and SUOs; and monitors and evaluates the process of assessing SLOs for courses, programs, and services. The SLO Committee recommends improvements to the SLO process to the Academic Senate, and documents SLO efforts and results for accreditation. The Dean of Institutional Effectiveness, English & Learning Resources provides administrative support for this Committee. This committee is co-chaired by a faculty member selected by the body.

- **Basic Skills Committee:** The Basic Skills Committee monitors college compliance with portions of
Accreditation Standard IIA, and develops, recommends, coordinates strategies to help Ventura College students successfully acquire the basic skills necessary to succeed in college-level coursework. This includes, but is not limited to: developing and implementing a plan to oversee the state basic skills funding dollars; serving as a central forum for campus dialog on the topic of basic skills; seeking out and sharing effective practices developed at Ventura College and elsewhere; assisting in the identification and acquisition of necessary resources to enhance basic skills courses. As a result, in part, to the efforts of the Basic Skills Committee, Ventura College has become the recipient of a Title V grant that will focus, in part, on supporting and expanding the capacity of the college’s Reading/Writing Center and supplemental instruction programs and expanding the use of accelerated instruction in math and English. The Dean of Institutional Effectiveness, English & Learning Resources provides administrative support for this Committee. This committee is co-chaired by a faculty member selected by the body.

• Faculty Professional Development Committee: This long-standing college committee is now being provided administrative support by the Dean of Distance Education, Professional Development, Social Sciences & Humanities. The Faculty Professional Development Committee, a subcommittee of the Academic Senate, develops equitable processes for the disbursement of contractually-obligated professional development funds; develops Flex Week activities, and hosts other professional development activities related to academic, professional and pedagogic matters that foster the continued professional growth of the members of the faculty as specialists within their disciplines as well as community college educators. In addition, the Faculty Professional Development Committee monitors compliance with portions of Accreditation Standard IIIA. This committee is co-chaired by a faculty member selected by the body.

In January 2012, six months after the implementation of the new organizational structure, the college President invited all college employees to participate in an online survey to assess the new structure (C4-03). Respondents were asked to identify on a five-point Likert scale their degree of satisfaction with way that distance education, professional development, institutional effectiveness, basic skills, professional development, and off-site programs were addressed by the structure. Programs that had changed divisions as a result of the reorganization (Communication, Foreign Languages, CTE) were also asked to rate the degree to which they were satisfied with the new reporting relationship. In addition, respondents were invited to add additional thoughts about the organizational structure through open-ended “comments” sections (C4-04).

In February 2012, another open college forum, to which all faculty and staff were invited (as well as student leaders), was devoted to collecting feedback regarding the effectiveness of the new organizational structure (C4-05 and C4-06). At this forum, the results of the online survey were shared and used as the starting point for small group discussions on the merits of the new system and the additional improvements needed. The results of the focus group discussions were shared in one of the college President’s weekly updates, along with a written summary of the results of the online survey (C4-07).
Since February 2012, the deans and committees have used this feedback to make modifications to their operations.

- The distance education program has developed a more formal program for certification training for online instructors.

- A software program (TracDat) was identified to facilitate the SLO/SUO documentation and assessment processes for faculty and staff and to allow the institution to more easily track initiatives and close the loop on prior assessments.

- The Basic Skills Committee presented a campus-wide workshop on the mandatory flex day in an effort to make more faculty aware of basic skills students and their needs. The workshop included both student and faculty panels, and each faculty member was provided with a Toolkit of resources and strategies for teaching basic skills students across the curriculum.

- The Professional Development Committee held follow-up luncheons for the participants of the 2011 Summer Institute for Teaching Excellence and created new professional development opportunities, such as Lunch and Learn Workshops, open to all faculty.

- Outreach efforts were expanded for the Santa Paula site. New outreach activities included “Registration Days” events, ESL Registration Week, application and financial aid workshops, orientation meetings for new students, and participation in Higher Education Day and Parent College Night at local high schools.

Summative committee self evaluations were conducted at the end of the spring 2012 semester for new or reorganized campus committees. Committee members reviewed and customized the questions prior to the surveys going out, and, as a result, each survey was slightly different. Generally, the surveys asked committee members about the continued relevance of the committee charge, the establishment of committee goals, the completion of goals, other committee achievements, the timeliness of tasks, the overall environment of the committee, and suggestions for improvement. Some committee-specific questions were also asked (i.e. the College Planning Committee specifically asked about the new program review and program discontinuance processes).

Committee surveys were conducted for the College Planning Council (CPC) (C4-08), the Budget Resource Council (BRC) (C4-09), the Academic Senate (C4-10), the Classified Senate (C4-11), the Curriculum Committee (C4-12), the SLO Committee (C4-13), the Basic Skills Committee (C4-14), the Professional Development Committee (C4-15), and the Distance Education (DE) Committee (C4-16). Each committee reviewed the results of the evaluations and made adjustments, as necessary, so that the committees fully understood their charges, created clear goals, worked to meet those goals, and operated in an environment conducive to open and honest discussion. Committee
evaluations will continue to be scheduled at the end of each academic year, with results used, as noted, to begin the following academic year.

In addition, the college has built into its integrated planning process a calendar for the ongoing assessment of the organizational structure. In accordance with this calendar, the College Planning Council will assist the College President in engaging the campus in a review of the organizational structure every three years, with the next review scheduled for spring 2013 (C4-17).

College Recommendation 6

Recommendation, October 2010:

As noted in 2004, in order to fully meet this Standard, the team recommends that the college must develop a funding plan for new and modernized facilities based on the concept of Total Cost of Ownership. The plan must address the necessary staffing and other support costs to operate these facilities. (III.B.2.a)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team finds that the college has partially satisfied Recommendation 6. With the exception of the program review revisions to include the equipment inventory that, in turn, better informs the facilities/equipment prioritization process, most other strategies have either been recently implemented or are planned to be implemented at a later date. The college should aggressively activate its implementation plan as well as a strategy for assessing these actions to better ensure its optimal allocation of resources.

Update:

The total cost of ownership is now addressed through a modification to the district Budget Allocation Model, and through the work of three college committees: the Budget Resource Council, the Facilities Oversight Group, and the Technology Committee.

In February 2012, the District Council of Administrative Services (DCAS) proposed a modification to the general Budget Allocation Model (C6-01) and the establishment of an Infrastructure Funding Model (C6-02). This new model was adopted by the Board of Trustees on March 13, 2012. Under the model, lottery proceeds, interest income, and other specific revenue categories are segregated from the general Budget Allocation Model. This funding stream is designed to provide foundational funding to the college as a base resource; existing college resources as described above will continue to be allocated to augment this new Infrastructure Funding Model. Under the adopted model, specific expenditure categories are now established for:

- Scheduled maintenance and capital furniture (including classroom, faculty and administration)
- Library materials and databases
- Instructional and non-instructional equipment
- Technology refresh (hardware and software)
- Other (restricted to one-time and not on-going expenditures, such as new program/process start-up costs, staff innovation, and program specific accreditation)
A transition plan, described in the documentary evidence provided, is being used as a vehicle to move the funds from the current general Budget Allocation Model to the Infrastructure Funding Model over a period of years beginning with FY13.

The District Council on Administrative Services (DCAS) is the venue that is used to evaluate and reassess the Budget Allocation Model, as well as the new Infrastructure Funding Model. This evaluation, which involves the feedback from constituent representatives, is conducted each year prior to the development of the budget.

The Budget Resource Council (BRC) receives recommendations from both the Facilities Oversight Group (FOG) and the Technology Committee, and then analyzes the budget requirements of the prioritized requests and develops a plan to address these budget requirements.

FOG, which oversees facilities and equipment of a non-computing nature (i.e. vehicles, furniture, lab equipment, kilns, etc.), provides coordination for the periodic revision for the college’s Facilities Master Plan and meets regularly to address the college’s cost of ownership needs. As part of the college planning, program review and budget allocation cycle, FOG receives requests for facilities improvements from the College Planning Council (CPC) and creates an implementation plan to advance these requests (C6-03).

The college’s Technology Committee provides coordination for the periodic revision of the campus Technology Plan, which includes a detailed Tech Refresh Plan built around a four-year replacement cycle (C6-04).

The work of the BRC, FOG and the Technology Committee to address the total cost of ownership is supported through improved inventory control measures. Inventory lists of the equipment in each program have now been extracted from Banner, the district’s data management system. Due to some Banner errors, the lists for the 2011 program review process were not completely accurate or up-to-date. Under the 2012 college program review process, programs were required to reconcile the items on the Banner inventory list with the equipment that actually exists, and to identify equipment that is at end-of-life status. This contributed to the development and maintenance of a more accurate inventory list that includes the description, number of items, cost, date of purchase, expected life cycle, and annual preventative maintenance cost of each item. Using the reconciled inventory list (which divisions are required to maintain and update each year), programs now have the ability through the program review process to create initiatives and request appropriate resources to meet their operating and student performance goals (C6-05). Additionally, the BRC adopted an Inventory Rubric to be applied during the inventory of all of the fixed assets owned by the institution (C6-06).

Each year after programs have presented their program reviews to the CPC, a compiled list of prioritized requests for facilities improvements, based on program findings, is given to FOG. Software and technology prioritized requests, based on program review findings, are given to the Technology Committee. Other equipment requests, based on program review findings, are given to the BRC. These groups assign the committee rating of required, high, medium, low or not ranked to
each request based on the overall needs of the college, taking into consideration new technologies, if appropriate, and the ways in which resources can be leveraged. The committees’ ratings are then forwarded to the College President, Executive Vice President, and Vice President of Business Services for the final college ranking. The lists of initiatives (C6-07), with all rankings, are then shared with the CPC and the college administration for inclusion in the Strategic Plan. Divisions are notified about funded requests and have until the next program review cycle (approximately 12 months) to submit purchase orders.

College Recommendation 8

Recommendation, October 2010:

As noted in 2004, in order to fully meet this Standard, the team recommends that the college President must develop an ongoing systematic and comprehensive system to assess the effectiveness of the college’s organizational structure, campus planning processes, and community in a timely manner. (IV.B.2.a-b, IV.B.2.c)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team finds that the college has partially satisfied Recommendation 8 having restructured the use of personnel and resources to address the issues cited in this recommendation. The evaluation of the reorganization plan should be completed as outlined in the Follow-up report and the results implemented. Attention should be given to the college institutional effectiveness goals being aligned with the District’s goals.

Update:

As described in response to College Recommendation 4, the college implemented a new organizational structure in July 2011. As noted by the 2011 follow-up accreditation team at the time of their visit, this structure was scheduled to be evaluated during the spring 2012 semester. In January 2012, six months after the implementation of the new organizational structure, the College President invited all college employees to participate in an online survey to assess the new structure. In February 2012, an open college forum was devoted to collecting feedback regarding the effectiveness of the new organizational structure. At this forum, the results of the online survey were shared and used as the starting point for small group discussions on the merits of the new system and the additional improvements needed. The results of the focus group discussions were shared in one of the College President’s weekly updates, along with a written summary of the results of the online survey. Since February 2012, the deans and committees have used this feedback to make modifications to their operations, as described more fully in the response to recommendation 4. In addition, the college has built into its integrated planning process a calendar for the ongoing assessment of the organizational structure. In accordance with this calendar, the College Planning Council (CPC) will assist the College President in engaging the campus in a review of the organization structure every three years, with the next review scheduled for spring 2013. Documentation in support of efforts to assess the organizational structure and the college planning process are found in the response to College Recommendation 4 in this report.

At Ventura College, the development of a data set to quantify the college’s Core Indicators of Institutional Effectiveness was discussed throughout most of the spring 2012 semester at both the Academic Senate and the CPC. Input was gathered from division representatives about what should
be included in the Core Indicators and the document list of data elements was revised numerous times based on this input and subsequent Academic Senate and CPC discussions (C8-01). The final version of the Core Indicators list was approved at the May 9, 2012 meeting of the CPC (C8-02).

The work that was done at Ventura College to identify the data elements by which to measure institutional effectiveness was used later during the spring 2012 semester to document and support district-wide progress made at both the College and District level toward the Board of Trustee’s planning goals. Ventura College’s Core Indicators, along with documents submitted by the institutional researchers at Moorpark College, Oxnard College, Ventura College, and the District Administrative Center, assisted in the development of a data set common to all three colleges in the district. At the conclusion of this development process, the data elements in the district-wide report (which align with the Board’s goals) replicated the data elements in Ventura College’s Core Indicators, thus ensuring the necessary alignment of the college institutional effectiveness goals with the district goals.

Summary of Responses to District Recommendations 1-7 and Commission Concern Regarding Board Governance

At the Accrediting Commission for Community and Junior Colleges (ACCJC or Commission) January 11-13, 2011 meeting, the Commission imposed the sanction of “Warning” on Moorpark College, Oxnard College, and Ventura College and required the Colleges to submit follow-up reports by October 15, 2011. A follow-up accreditation team then conducted a site visit at Ventura County Community College District (VCCCD or District) on October 31, 2011. The purpose of the October 31, 2011 site visit was to verify that the follow-up reports prepared by the Colleges and District were accurate through an examination of evidence, to determine if sustained, continuous, and positive improvements had been made at the District level, and that the District had resolved the recommendations made by the comprehensive evaluation team. The site team visit focused on seven District Recommendations and one Commission Concern related to minimum qualifications of faculty. The team acknowledged VCCCD had adequately addressed the Commission Concern regarding minimum qualifications of faculty but had not made sufficient progress on the seven District Recommendations to satisfy compliance with Accreditation Standards. At its January 10-12, 2012 meeting, the Commission took action to impose the sanction of placing the Colleges on “Probation” and required VCCCD to respond to the seven District Recommendations with follow-up reports due no later than October 15, 2012. In addition, the Commission issued a new Commission Concern regarding Board governance that required a Special Report to be submitted on or before March 15, 2012, followed by a team site visit in April 2012.

The Special Report site team visited the District on April 16, 2012. The site visit focused solely on the Commission’s Special Concern regarding Board governance. The site team reviewed evidence and conducted interviews with District and College constituents. Following consideration of the District’s Special Report to the Commission and the accreditation team’s April 16, 2012 site visit report, the Commission took action at its June 6-8, 2012 meeting to continue the probationary status of the District’s Colleges. The Interim Chancellor for VCCCD received formal notification of the Commission’s June 2012 action on July 5, 2012. In response, the Interim Chancellor disseminated the Commission’s correspondence to the Board of Trustees and ensured appropriate public notification. The Commission reminded the District and Colleges that follow-up reports are due to the Commission by October 15, 2012, to be followed by a site visit of Commission representatives. The follow-up reports must demonstrate the institutions have addressed the seven District Recommendations as stated in the February 2, 2012 Commission action letters, resolved deficiencies, and meet Eligibility Requirements, Accreditation Standards, and Commission policies. Additionally, per corrected Commission action letter dated February 1, 2012 and received May 2012, Ventura College is required to address College Recommendations 3, 4, 6, and 8 by October 15, 2012.
The following responses address the seven District Recommendations as outlined in the Commission Action Letter of February 2, 2012 and the Commission Concern regarding Board governance as specified in the Commission Action Letters of February 2 and July 2, 2012.
District Recommendation 1

Recommendation, October 2010:

In order to meet the Standards, the District, in concert with the three Colleges, shall develop clearly defined organizational maps that delineate the primary and secondary responsibilities of each, the College-to-College responsibilities, and that also incorporate the relationship of major District and College committees established to assure the integrity of activities related to such areas as budget, research, planning, and curriculum. (IV.B.3.a-b, IV.B.3.g)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team acknowledges the systematic work on organizational mapping that the Ventura CCC District and its three Colleges, Moorpark, Oxnard, and Ventura, have initiated in response to District Recommendation 1. By its very foundational nature, this recommendation represents the key to articulating roles and responsibilities in a multi-college district, identifying gaps in structures and resources for planning, research, and curriculum, and improving effectiveness and communication. To date, this recommendation has only been partially addressed and compliance with the Accreditation Standards has not been achieved. The team recommends the Ventura CCC District and its Colleges collectively affirm the urgency of compliance with Accreditation Standards and accelerate and enhance their efforts to address all components of District Recommendation 1.

Update:

In response to this recommendation, District and College constituencies, working through District Consultation Council, revised the district-wide Participatory Governance Handbook (D1-01) to reflect a clearly defined organizational map and developed the “VCCCD Governance Advisory and Recommendation Pathways” delineation (D1-01) that illustrates the relationship of major District and College committees. The Handbook and accompanying Advisory and Recommendation Pathways ensure delineation of roles and responsibilities and provide venues within the District/College governance structure to host participatory dialogue. To accelerate progress and ensure broad-based collegial input, Consultation Council agreed to meet twice per month for the period of February through June 2012 to complete the work. District Consultation Council is chaired by the Chancellor and consists of district-wide constituents, including the Vice Chancellor of Business and Administrative Services; Vice Chancellor of Human Resources; Director of Administrative Relations; one College Executive Vice President appointed by the Chancellor; one District Classified Representative; one Classified Confidential Representative; College Presidents; Academic Senate Presidents or designees; Classified Senate Presidents; one Associated Student Government Representative from each College; AFT President; and SEIU President (D1-02).
The Consultation Council review process and activities related to revising the *Participatory Governance Handbook* and development of the Advisory and Recommendation Pathways included and yielded the following results (D1-03):

- In February 2012, the existing *Participatory Governance Handbook* was distributed to Consultation Council members for review and feedback. Extensive discussion regarding Consultation Council’s role in governance resulted in expanding Consultation Council’s responsibilities to include “Recommending appropriate participatory governance structures for the District, and monitoring and assessing effectiveness of the implementation of said governance structures.”

- In early March 2012, Consultation Council recommended changes to participatory governance groups related to charges and membership. As a result, the District Council on Accreditation and Planning (DCAP) was established with a charge to “Develop, monitor, and evaluate district-wide planning and accreditation cycle activities.” The March 2012 Consultation Council meeting notes indicated DCAP would meet to further develop its charge, membership, and report progress by the end of the calendar year. March, May, and June 2012 Consultation Council meeting notes reflect additional members may be appointed to DCAP at a later date or membership expanded by the Chancellor. On June 4, 2012, the former Chancellor expanded the membership of DCAP to include the District Director of Administrative Relations and a Classified Senate President. The May 22, 2012 *Participatory Governance Handbook* defines DCAP as follows:

> The District Council on Accreditation and Planning (DCAP) is an evolving body established to address immediate accreditation and planning issues. As such, DCAP advises the Chancellor, through Cabinet and the District Consultation Council, on matters pertaining to the development, monitoring, and evaluation of District-wide planning and accreditation cycle activities. Members understand that they attend meetings to represent constituent groups at a College or the District Administrative Center. In this role, members formulate recommendations to the Chancellor through consultation and are responsible to serve as a conduit of information and the catalyst for discussion on topics raised at the District group and within the constituent group. These topics include, but are not limited to, the specific areas outlined in state law and regulation. Membership will be expanded and/or modified by December 31, 2012.

Current members include a Chancellor-appointed Chair; Vice Chancellor of Business Services; Vice Chancellor of Human Resources; Student Trustee; College Presidents; Academic Senate Presidents or designees; one Classified Senate President; and others determined by the Chancellor.
• In March 2012, Consultation Council also determined the need for a District Council of Academic Affairs (DCAA) to advise the Chancellor regarding instructional program development and related Board policies, administrative procedures, and standard operating practices; facilitate the coordination of District College programs and review institutional offerings for redundancy, growth and development, and discontinuance; and prepare the initial draft of the educational master plan as it relates to instruction and student services. Dialogue addressing gaps within existing governance committees further resulted in modifying the existing District Technical Review Workgroup (DTRW), which had been focused on reviewing curriculum at all three Colleges, and the District Council on Student Learning (DCSL), which had been focused on issues related to student services, with District Technical Review Workgroup – Instruction (DTRW-I) and District Technical Review Workgroup – Student Services (DTRW-SS) to advise DCAA on academic and professional matters. DTRW-I and DTRW-SS focus on instruction and student services in program development and review/suggest revisions to Board policies and administrative procedures in these areas as needed.

DCAA, DTRW-I, and DTRW-SS began meeting formally in September 2012. DCAA membership consists of a Chancellor-appointed Co-Chair; a Co-Chair Faculty member selected by DCAA members; Executive Vice Presidents; Academic Senate Presidents or designees, one Vice President of Business Services; Faculty Co-Chairs of campus planning committees or College Faculty designees; Associated Student Government Representatives; and a College Faculty member from each campus. DTRW-I members include a Chancellor-appointed Chair and Faculty Co-Chair rotated between the Colleges; Executive Vice Presidents; Faculty Co-Chairs of College Curriculum Committees; and Articulation Officers. DTRW-SS membership consists of a Chancellor-appointed Executive Vice President as Chair; a Co-Chair selected by DTRW-SS; a Dean of Student Services from each College; Associated Student Government Representatives; Registrars; and Articulation Officers or non-instructional designees from each campus (D1-04).

• In April 2012, Consultation Council discussed and incorporated feedback into the Participatory Governance Manual and related governance process chart, “VCCCD Governance Advisory and Recommendation Pathways.” Following final review by Chancellor’s Cabinet, College Presidents distributed the organizational mapping documents to College constituents for feedback, and the Director of Administrative Relations provided the documents to District Administrative Center constituents for input.

• In May 2012, Consultation Council discussed and agreed upon minor modifications to the “Governance Advisory and Recommendation Pathways” for clarity.

• In June 2012, Consultation Council completed its final review of the Participatory Governance Handbook and related “VCCCD Governance Advisory and Recommendation Pathways” as part of its June 16, 2012 Board of Trustees Meeting Agenda Review.
The Participatory Governance Handbook has been widely communicated at the Colleges and District Administrative Center and constituents were given opportunities to provide input for improvement prior to finalization of the documents (D1-05). The Participatory Governance Handbook was presented to the Board of Trustees for information on June 19, 2012 (D1-06) and publicly posted on the District’s website at www.vcccd.edu (D1-07). In addition, the Board of Trustees approved an updated BP 2205 Delineation of System and Board Functions (D1-08) on June 19, 2012 to include the completed Participatory Governance Handbook and functional mapping documents. The District and Colleges will assess, on an annual basis, the appropriateness of constituent role delineation and responsibilities involved in district-wide governance processes, identifying gaps in governance structures and resources, as well as the overall effectiveness of the process.

District Recommendation 2

Recommendation, October 2010:

In order to meet the Standard, the District, in concert with the three Colleges, shall document evidence that a review of District Policies and Procedures that may impede the timely and effective operations of the departments of the Colleges has taken place and that appropriate modifications are made that facilitate the operational effectiveness of the Colleges. A calendar that identifies a timeline for the regular and consistent review of policies shall be developed. (IV.B.1.e)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team acknowledges the scope and extent of District and College work resulting in considerable progress on District Recommendation 2. Of its three inter-related components, the recommendation for the development of a calendar for the regular and consistent review of policies has been fully addressed. With regard to the review and modifications of policies and procedures that may impede operational effectiveness, the team find these elements to be partially addressed and recommends the District and Colleges analyze all collected data for potential impediments and continue to modify operating practices to ensure consistency and appropriate application.

Update:

In response to this recommendation, the District developed and the Board of Trustees adopted a two-year policy/procedure review cycle calendar. The proposed review schedule was implemented in March 2011 and is being vigorously adhered to (D2-01) as evidenced by the substantial amount of activities undertaken by the Policy Committee of the Board (D2-02) and the subsequent placement of proposed, reviewed and/or revised policies and administrative procedures on the monthly Board of Trustees agendas for action or information (D2-03).

To address the review and modification of policies and procedures that may impede operational effectiveness, policy/administrative procedure review and recommended changes follow the newly implemented “VCCCD Governance Advisory and Recommendation Pathways” outlined in the Participatory Governance Handbook (D2-04) to ensure broad-based constituent input, consistency, and appropriate application across the District and Colleges. Governance committees and District/College constituents serving on governance committees are provided opportunities to review, analyze, and recommend suggestions for modification of policies/procedures under review that may present potential impediments and negatively impact the timely and effective operations of District/College departments. As presented under “General Operating Agreements for District Groups” in the Participatory Governance Handbook, Committee members understand they attend meetings to
represent constituent groups at a College or the District Administrative Center. Constituent groups formulate recommendations to the Chancellor through consultation, and members are responsible to serve as a conduit for information and the catalyst for discussion and topics raised by District groups and within the constituent groups (D2-05).

District policies and procedures have been reviewed and analyzed consistently during the two-year cycle as evidenced through governance bodies, including District Council on Student Learning (DCSL); District Technical Review Workgroup (DTRW); District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Consultation Council; Chancellor’s Cabinet, and District Administrative Council. Governance groups maintain meeting notes that include policy/administrative procedure actions and recommendations taken during committee meetings (D2-06).

As of August 2012, the review and analysis status for Board Policies/Administrative Procedures was as follows:

- Chapter 1 The District: complete
- Chapter 2 Board of Trustees: approximately 99 percent complete
- Chapter 3 General Institution: approximately 50 percent complete
- Chapter 4 Academic Affairs: approximately 80 percent complete
- Chapter 5 Student Services: approximately 5 percent complete
- Chapter 6 Business/Fiscal Affairs: approximately 90 percent complete
- Chapter 7 Human Resources: approximately 20 percent complete

Approximately 90 percent of Chapter 7 Human Resources is scheduled for review completion by the end of October 2012. Policy and administrative procedure review of Chapter 4 Academic Affairs and Chapter 5 Student Services by newly-formed District Council on Academic Affairs (DCAA), District Technical Review Workgroup-Instruction (DTRW-I), and District Technical Review Workgroup-Student Services (DRTW-SS) began in September 2012 (D2-07).

To address extremely time sensitive policy or administrative procedures critical to District/College operational deadlines but subject to missing Policy Committee or Board Meeting timelines, governance committees can hold a special meeting and/or present such time sensitive recommended policies and administrative procedures to the Chancellor or Chancellor’s Cabinet for approval to advance to Policy Committee and the Board of Trustees.

As a result of dialogue by governance groups and constituent feedback, policy and administrative procedure modifications occurred as evidenced by the following revised operating practices to avoid impeding College operations and ensure consistency across the District/Colleges (D2-08):

- In August 2012, the District launched a website for “Business Tools, Forms, and Procedures,” a SharePoint site for employee access. The site includes frequently used district-wide forms in fillable field format; detailed procedures in some areas of Accounting, Accounts Payable, Payroll,
Information Technology, Purchasing, Risk Management, Police/Parking Services, and Contracts and Grants, including the specific Administrative Procedure 3280 for the completion of grant applications. “Business Tools” is designed to facilitate the consistent district-wide application of procedures. In order to respond to user needs and input, a dedicated link is provided for faculty and staff to submit feedback and/or suggestions via the site. To achieve continuous quality improvement, the site will be expanded in 2012-2013 to incorporate additional procedures, forms, and enhancements based on user suggestions. This process of regular updates will continue based on user input.

- In conjunction with faculty and staff, a Field Trip/Excursion electronic workflow process was developed in response to faculty needs. Staff and faculty with extensive experience in field trips worked during summer 2012 to develop the workflow. The workflow was implemented in August 2012 by a small number of key faculty from throughout the District to ensure a thorough testing and application of the process. The District Director of General Services provided an overview of the process to interested faculty during Fall 2012 Flex Days at all three Colleges. This process will be refined with additional faculty input.

The District is on schedule to complete its two-year review cycle of existing policies and procedures by March 31, 2013. The District will continue to regularly monitor the sequence, origination points, and appropriate constituency involvement in the two-year policy/procedure review process to systematically identify criteria and evaluate impacts of same on District/College operational effectiveness.

Further, the District Council on Accreditation and Planning (DCAP) is identifying additional effective measures to capture further feedback from District and College constituents, analyze collected data for potential impediments, and continue modifying operating practices to ensure Board policies and procedures enhance operations. One measure identified and developed by DCAP included a survey designed and implemented in September 2012 that collected feedback from employees about ways to improve the flow of information to and from the District through formal channels of the committee and governance structure and to identify any policies or procedures that need clarification or that are difficult to implement in practice (D2-09). Results of the newly-implemented annual survey were discussed at District Consultation Council in September 2012, summarized in the October 2012 Chancellor’s Monthly Update distributed to all employees, students, and community advisory body members (D2-10).

District Recommendation 3

Recommendation, October 2010:

*In order to increase effectiveness, the Teams recommend that the District conduct a periodic outcomes assessment and analysis of its strategic planning and decision-making processes, leading to sustainable continuous quality improvement in educational effectiveness in support of student learning and district-wide operations. (IV.B.3)*

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

*The team documented the Ventura CCC District’s progress in improving its planning process and found that the District and its Colleges have partially addressed this recommendation. However, the process is still being refined and remains incomplete without well-defined outcome measures and clear timelines. The team recommends the District focus and accelerate its work on defining outcome measures, developing appropriate timelines, and integrating its periodic outcomes assessment data into the strategic planning process in order to promote sustainable continuous quality improvement. The team further recommends that the District, through its functional mapping and related documents, articulates the District Office responsibility (separate from the Board’s oversight responsibility) for future and ongoing reviews of strategic planning and decision-making processes.*

Update:

In response to the Commission recommendation and to align with best practices in institutional planning, the Board of Trustees conducted an assessment of the District’s current planning efforts using the ACCJC Rubric on Integrated Planning at its June 26, 2012 Board Strategic Planning Session – Part One (D3-01).

Discussions from the assessment session suggest that current District practices and processes reflect many essential features of integrated planning, including a 10-year District Master Plan, Board goals and objectives with annual effectiveness reporting, annual Board planning sessions, and beginning of a dialogue regarding the efficacy of the planning process. The district-wide integrated planning process will incorporate local College planning processes and reporting timelines.

The Board recognized during the June 2012 Planning Session that to reach and maintain the level of “sustainable continuous program improvement,” process improvements were needed. Of particular importance is the documentation of the planning process, the affirmation of the planning cycle and timeline for the creation of the next Master Plan, and an orderly transition to these improved practices.
from the current activities. To that end, a transition plan and a district-wide planning model timeline were presented and discussed. Key elements of the presentation included (D3-02):

**Transition Plan:**

Conduct 2012-2013 planning cycle through the following activities:

- Revise the 2012 Goals and Objectives for 2013
- Create and Implement Action Plans
- Assess results at June 2013 Board Planning Session

The Board of Trustees approved the Transition Plan and Revised Planning Cycle Timeline on August 9, 2012 during its Board Strategic Planning Session – Part Two (D3-03). Subsequently, a *District-wide Planning Manual* was developed to guide and document the planning process (D3-04).
To assess effectiveness of the District and its Colleges, VCCCD created a district-wide Institutional Effectiveness Report that delineates the outcomes for corresponding annual Board Goals (D3-05). The Institutional Effectiveness Report provides three years of data for trend analysis and comparisons. The first report was presented at the June 28, 2012 Board Strategic Planning Session – Part One; the report will be presented annually and institutionalized as a component of the standard assessment measure. The Board also assessed and made plans to improve its current district-wide planning at the June and August Strategic Planning Sessions, taking deliberate steps to reach the level of sustainable continuous quality improvement in integrated strategic planning.

To assess its decision-making processes, the District, through Consultation Council, reviewed and revised the Participatory Governance Handbook and substantially revised the deliberation and consultation process. The resulting structure, as documented in the Handbook under the “Advisory and Recommendation Pathways,” ensures that the deliberation, recommendation, and decision-making process are appropriate and functional (D3-06). The Consultation Council review process and activities related to revising the Participatory Governance Handbook and development of the Advisory and Recommendation Pathways (D3-07) included and yielded the following results:

- In February 2012, the existing Participatory Governance Handbook was distributed to Consultation Council members for review and feedback. Extensive discussion regarding Consultation Council’s role in governance resulted in expanding Consultation Council’s responsibilities to include “Recommending appropriate participatory governance structures for the District, and monitoring and assessing effectiveness of the implementation of said governance structures.”

- In early March 2012, Consultation Council recommended changes to participatory governance groups related to charges and membership. As a result, the District Council on Accreditation and Planning (DCAP) was established with a charge to “Develop, monitor, and evaluate district-wide planning and accreditation cycle activities.” The March 2012 Consultation Council meeting notes indicated DCAP would meet to further develop its charge, membership, and report progress by the end of the calendar year. March, May, and June 2012 Consultation Council meeting notes reflect additional members may be appointed to DCAP at a later date or membership expanded by the Chancellor. On June 4, 2012, the former Chancellor expanded the membership of DCAP to include the District Director of Administrative Relations and a Classified Senate President. The May 22, 2012 Participatory Governance Handbook defines DCAP as follows:

  The District Council on Accreditation and Planning (DCAP) is an evolving body established to address immediate accreditation and planning issues. As such, DCAP advises the Chancellor, through Cabinet and the District Consultation Council, on matters pertaining to the development, monitoring, and evaluation of District-wide planning and accreditation cycle activities. Members
understand that they attend meetings to represent constituent groups at a College or the District Administrative Center. In this role, members formulate recommendations to the Chancellor through consultation and are responsible to serve as a conduit of information and the catalyst for discussion on topics raised at the District group and within the constituent group. These topics include, but are not limited to, the specific areas outlined in state law and regulation. Membership will be expanded and/or modified by December 31, 2012.

Current members include a Chancellor-appointed Chair; Vice Chancellor of Business Services; Vice Chancellor of Human Resources; Student Trustee; College Presidents; Academic Senate Presidents or designees; one Classified Senate President; and others determined by the Chancellor.

- In March 2012, Consultation Council also determined the need for a District Council of Academic Affairs (DCAA) to advise the Chancellor regarding instructional program development and related Board policies, administrative procedures, and standard operating practices; facilitate the coordination of District College programs and review institutional offerings for redundancy, growth and development, and discontinuance; and prepare the initial draft of the educational master plan as it relates to instruction and student services. Dialogue addressing gaps within existing governance committees further resulted in modifying the existing District Technical Review Workgroup (DTRW), which had been focused on reviewing curriculum from the three Colleges, and the District Council on Student Learning (DCSL), which had been focused on issues related to student services, with District Technical Review Workgroup – Instruction (DTRW-I) and District Technical Review Workgroup – Student Services (DTRW-SS) to advise DCAA on academic and professional matters. DTRW-I and DTRW-SS focus on instruction and student services in program development and review/suggest revisions to Board policies and administrative procedures in these areas as needed. DCAA, DTRW-I, and DTRW-SS began meeting formally in September 2012.

- In April 2012, Consultation Council discussed and incorporated feedback into the Participatory Governance Manual and related governance process chart, “VCCCD Governance Advisory and Recommendation Pathways.” Following final review by Chancellor’s Cabinet, College Presidents distributed the organizational mapping documents to College constituents for feedback, and the Director of Administrative Relations provided the documents to District Administrative Center constituents for input.

- In May 2012, Consultation Council discussed and agreed upon minor modifications to the “Governance Advisory and Recommendation Pathways” for clarity.
• In June 2012, Consultation Council completed its final review of the *Participatory Governance Handbook* and related “VCCCD Governance Advisory and Recommendation Pathways” as part of its June 16, 2012 Board of Trustees Meeting Agenda Review.

District Recommendation 4

Recommendation, October 2010:

In order to improve communications, the Teams recommend that the District assess the effectiveness of its formal communications and utilize constituency and community input/feedback data to implement improvements to ensure that open and timely communication regarding expectations of educational excellence, operational planning, and integrity continues and is enhanced at all levels of the organization. (III.A.3, IV.B.3)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team acknowledges the focused efforts of the Ventura CCC District and the Colleges in responding to District Recommendation 4 and finds the recommendation has been partially addressed to date. The new administrative advisory bodies, the expanded Citizens Advisory Committee, and the added communication strategies indicate a commitment to improving the effectiveness of communications throughout the District. These efforts have increased the opportunities for constituency and community input and the team recommends the District develop clear purpose statements for each of these bodies aligned with District, Board, and College communication goals. [Note: have not found evidence of this for Presidents Council and District Administrative Council, which are the advisory bodies cited in the District’s previous responses.]

While the District has assessed its formal communications through the collection of College feedback and discussed possible methods for collecting feedback about the effectiveness of communications in the future, there is no evidence that regular assessments will be implemented to ensure ongoing effectiveness and continuous improvement. It is also not clear if the District will measure improvements in constituency satisfaction with formal communications as a means to gauge effectiveness. The team recommends the District incorporate regular assessments of formal communications such as committee self-appraisal and employee surveys, to ensure improved communications and fully address the Accreditation Standards cited in District Recommendation 4.

Update:

To fully meet this recommendation, the District, through Consultation Council (D4-01), has improved the effectiveness of its formal communications as evidenced by a thorough review and revision of the District Participatory Governance Handbook (D4-02). In creating and adhering to appropriate “Governance Advisory and Recommendation Pathways” for formal consultation and dialogue, the District ensures the venues for constituent feedback are available, well-defined, and understood (D4-03). The Participatory Governance Handbook will be thoroughly assessed through Consultation
Council every three years to ensure ongoing effectiveness and demonstrate sustainable continuous quality improvement. Additionally, at the first fall meeting of the academic year, each governance group will distribute and discuss the group’s charge and reporting structure; review norms for working as a team; develop operating agreements for determining recommendations; and review or establish task-specific operating agreements, if needed (D4-04).

In March 2012, the Chancellor deployed the annual governance committees’ self-appraisal survey process through the Office of Administrative Relations to ensure assessment and improve formal communications. The annual self-appraisal process included the following activities:

- In March 2012, the existing self-appraisal survey instrument was reviewed and expanded by Consultation Council to gather and evaluate data from the District and Colleges related to formal communications within governance committee structures (D4-05).

- In early April 2012, District Consultation Council; District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Technical Review Workgroup (DTRW); District Council on Student Learning (DCSL); and Administrative Technology Advisory Group (ATAC) received self-appraisals electronically for completion through the Office of Administration Relations (D4-06). Although council/group members were identified for distribution of the self-appraisal survey, individual member participation was conducted anonymously through SurveyMonkey. Council/Group members participated as follows:

- In late April 2012, council/group self-appraisal findings were provided to council/group chairs/co-chairs by the Office of Administrative Relations for discussion with members to ensure ongoing effectiveness and continuous improvement (D4-07).

- Council/group self-appraisal findings were discussed by members of District Consultation Council; DCHR; DCAS; DCSL; DTRW; and ATAC during the period of May through September 2012. As evidenced by meeting notes and dialogue, council/group member identified areas of potential improvement based on self-appraisal findings as follows (D4-07):

  - District Consultation Council discussion resulted in consideration of using technology to eliminate the need to travel to the District Administrative Center for Consultation Council meetings, adding a standing item of “future agenda items” to Consultation
Council agendas, expanding membership of the District Council on Planning and Accreditation (DCAP), and receiving meeting summary reports from DCAP.

- DCHR discussion results will be provided following the September 2012 DCHR meeting.

- DCAS discussion resulted in a recommendation to conduct the survey mid-year and year-end or just mid-year to allow time for corrective action, if needed. DCAS agreed self-appraisal results were positive, accurately reflected the sentiments of the group, objectives were being met, and no change was needed in the functioning of the committee.

- DTRW discussion results will be provided following the September 2012 meeting of DTRW-I, the successor body of DTRW.

- DCSL discussion results will be provided following the September 2012 meeting of DTRW-SS, the successor body of DCSL.

- ATAC discussion of findings resulted in committee agreement to change the frequency of meetings from monthly to bi-monthly, meeting notes will be posted on the District website and emailed to committee members, and meeting agendas will be distributed two weeks in advance to provide an opportunity for increased campus dialogue on agenda items prior to ATAC meetings.

In addition, the Chancellor’s Office established a Chancellor’s Monthly Update in March 2012 to communicate formal governance committee/council activities occurring district-wide. The monthly updates are currently posted on the District portal under district-wide announcements (D4-08). Effective October 2012, distribution of Chancellor Monthly Updates will be expanded to students and Community Advisory Body members.

In response to the accrediting team’s recommendation, the Citizens Advisory Body description and purpose was clarified and added to the district Participatory Governance Handbook as part of the Handbook’s update and completion process as follows (D4-09):

The Citizens Advisory Body provides community input and feedback to the Board of Trustees in the preparation of its district-wide planning. The community body assists the Board in the evaluation of the District’s effectiveness in meeting educational excellence and operational efficiency and acts as a vehicle to which the Board communicates its expectations of organizational excellence and integrity. The Citizens Advisory Body consists of 20 members who serve a three-year term; members may serve multiple terms. Individual Trustees recommend up to four community members.
to the full Board for approval. Members are recommended for their broad community standing, professional experience, and/or public service.

The documented purpose statement was communicated to the Citizens Advisory Body in fall 2012. Purpose statements for Presidents Council and District Administrative Council, two administrative advisory bodies, were discussed and clearly documented at Presidents Council in August 2012 and District Administrative Council in September 2012 (D4-10).

To further utilize community input in strategic planning, the District, through the Office of Administrative Relations, conducted an electronic survey with an expanded Citizens Advisory Body in June 2012 to obtain feedback for review and consideration at the Board’s June 26, 2012 Strategic Planning Session – Part One (D4-11). The survey was designed to obtain community member opinions regarding the District/Colleges’ breadth of functions and perceived challenges to better inform the Board of Trustees in planning and deliberations. Of the 39 community members invited to participate, 24 individuals agreed to remain members of or join the Citizens Advisory Body for 2012-2013 (D4-12), and 16 Community Advisory Body members completed the survey. Individual member participation was conducted anonymously through SurveyMonkey.

Survey findings were presented to the Board during the June 26, 2012 Strategic Planning Session – Part One. Significant findings reflected the need for the District to increase communication with community constituents regarding programs, services, and budget information. In addition, findings indicated community members view the budget, alternative revenue resources, accreditation, partnerships, and college readiness as challenges currently facing VCCCD. Trustees commented the findings confirm the importance of obtaining community input, and the full Board agreed to increase the number of meetings with the Citizens Advisory Body to improve communication and ensure in-depth community participation in planning related to community needs (D4-13).

In September 2012, the District initiated a survey of all employees related to constituency satisfaction with formal communications as a means to gauge effectiveness and provide opportunity for improvement. The survey, designed by District Council on Accreditation and Planning (DCAP), was distributed to employees through the Office of Administrative Relations, Chancellor’s Office. Results of the newly-implemented annual survey were discussed at District Consultation Council in September 2012, summarized in the October 2012 Chancellor’s Monthly Update distributed to all employees, students, and community advisory body members (D4-14).

District Recommendation 5

Recommendation, October 2010:

In order to meet the Standard, the Board of Trustees shall complete an analysis of its self assessment pursuant to Board Policy 2745 and formally adopt expected outcomes and measures for continuous quality improvement that will be assessed and reported as a component of the immediately succeeding self-assessment. (IV.B.1.g)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

District Recommendation 5 has been addressed to a considerable extent. The team found the District Board of Trustees initiated an annual self-assessment activity and has made significant progress in improving its self-evaluation process through the inclusion of objectives and outcome measures. However, the improvement component of the process will remain incomplete until the newly-developed measurable objectives for 2011-12 are analyzed during the annual Board self-evaluation session scheduled for May/June 2012. The team recommends the Board complete the self-evaluation process as scheduled and ensure the self-assessment activity is conducted on a yearly basis.

Update:

To fully meet this recommendation, the Board of Trustees reviewed its self-assessment instrument and made improvements to its content (D5-01). Further, the Board implemented an ongoing self-evaluation process and completed the annual Board self-evaluation in advance of its June 26, 2012 Board Strategic Planning Session – Part One in accordance with Board Policy/Administrative Procedure 2745 Board Self-Evaluation (D5-02). The Board also formally adopted outcomes and measures of its performance, and the assessment of those outcomes was an integral part of the annual assessment. An external constituent assessment of the Board in the form of a survey to Consultation Council was established per Board Policy/Administrative Policy 2745 as part of the Board’s annual self-assessment process (D5-03). This year’s external assessment results were discussed as part of the Board self-evaluation at the June 26, 2012 Board Strategic Planning Session – Part One (D5-04). The annual self-assessment process included the following activities:

- At its January 17, 2012 Board Meeting, the Board adopted revised Board Policy 2745 Board Self-Evaluation to include Board meeting monthly assessment findings to strengthen its self-evaluation process in evaluating Board Performance Goals (D5-05).

- The Board again amended Board Policy 2745 Board Self-Evaluation on March 13, 2012 to include language regarding an annual Board self-assessment process to further align Board Policy 2745
On June 19, 2012, the Board accepted Board Administrative Procedure 2745 Board Self-Evaluation as aligned with Board Policy 2745 to include Consultation Council feedback through a Board Evaluation distributed electronically to Consultation Council members during the Board’s annual self-evaluation process (D5-07).

In May 2012, the Board implemented its annual ongoing self-evaluation process per Board Policy/Administrative Procedure 2745. The Board of Trustees received the 2012 self-evaluation survey in electronic format for completion (D5-08) through the Chancellor’s Office, and Consultation Council members were provided an opportunity to complete the Board Evaluation survey electronically (D5-09) through the Chancellor’s Office. The Board Survey was designed to gather feedback regarding Board Performance Goals, general evaluation, and individual Trustee reflective perspective. Participants were asked to indicate their opinions using a rating scale of agree, partial agreement, disagree, or don’t know. An option to provide comments was provided. The full Board and 18 of 21 Consultation Council Members completed the survey.

The annual summative Board self-evaluation was conducted at the Board’s June 26, 2012 Board Strategic Planning Session – Part One (D5-10). Expected outcomes included evaluating Board performance; identifying and discussing areas for strengthening Board performance; incorporating identified areas in need of improvement into existing Board Performance Goals; and adopting updated Board Performance Goals.

The Board’s self-evaluation process included discussion of significant findings from a summary of the Board’s Monthly Meeting Assessments (D5-11) and a results discussion of the Board’s Annual Self-Evaluation and Consultation Council Evaluation of the Board (D5-12). Significant findings suggesting possible areas of improvement included defining and limiting trustee involvement in operational matters; need for additional Citizens Advisory Body meetings; need for more information in staff reports; and need for strengthened parliamentary practice. Findings also reflected full Board agreement in spending appropriate time preparing for meetings; actively participating in meetings; unified support of Board decisions; maintaining confidentiality; and disclosing actual and/or perceived conflicts of interest. Points of Board discussion based on Consultation Council general evaluation feedback included the Board’s adherence to its policy-making role; ensuring assessment of formal communication with constituents; involving community members in strategic planning; acting as a cohesive unit and taking responsibility for the Board’s collective performance; complying with the Board’s Code of Ethics; avoiding engagement in operational matters; evaluating strategic planning; supporting the Chancellor; and understanding accreditation.

Following Board discussion on June 26, 2012, Trustees assessed the Board’s progress in achieving performance goals and considered significant findings in the review and update of
2011-12 Board Performance Goals (D5-13). The Board agreed upon recommendations for improvement and renewed their commitment to continue to strengthen Board performance in areas including the Citizens Advisory Body, community outreach, professional development, and maintaining the Board’s policy-making role.

- At the August 9, 2012 Board Strategic Planning Session – Part Two, the full Board formally adopted its updated 2012-13 Board Performance Goals incorporating 10 measurable activities designed to strengthen Board performance (D5-14).

- Following the August 9, 2012 Board Strategic Planning Session – Part Two, the Board of Trustees completed an assessment for the planning session meetings of June 26 and August 9, 2012 to ensure continuous quality improvement and effectiveness. Findings were provided for Trustee discussion at the September 11, 2012 Board meeting (D5-15).

District Recommendation 6

Recommendation, October 2010:

In order to meet the Standards, the Board of Trustees shall establish clearly written policies and corresponding procedures to ensure that decision-making is administered by staff in an equitable and consistent manner across and within the three Colleges. (III.A.3.a, III.A.4.c, IV.B.1.b-c)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

This recommendation has been partially addressed. The team found substantive District and College progress in developing consistent decision-making processes and positive efforts in responding to District Recommendation 6. The team recommends the Board and appropriate bodies continue their work in resolving uniform practice concerns and communicate to all constituencies the decision-making protocols and standard operating procedures.

Update:

To fulfill District Recommendation 6, the District administered a three-pronged strategy to ensure Board established policies and administrative procedures are administered district-wide in an equitable and consistent manner:

1. Board policies and procedures are reviewed on a two-year cycle with constituent input to ensure clarity and appropriateness in field implementation.

2. The Functional Mapping narrative in the Participatory Governance Handbook makes explicit the delineation of functions between the District and Colleges and clarifies where District/College sites have discretionary decision-making over operations and where uniformity in practice is mandated (D6-01).

3. Formal communication channels are utilized to ensure Board policies and procedures are communicated to district-wide constituents.

The two-year policy/procedure review cycle calendar implemented in March 2011 is being vigorously adhered to (D6-02) as evidenced by significant activity undertaken by the Policy Committee of the Board (D6-03) and the subsequent placement of proposed, reviewed and/or revised policies and administrative procedures on the monthly Board of Trustees agendas for action or information (D6-04).
District Board policies and administrative procedures have been reviewed and analyzed consistently with constituent input on the two-year cycle through governance bodies, including District Council on Student Learning (DCSL); District Technical Review Workgroup (DTRW); District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Consultation Council; Chancellor’s Cabinet, and District Administrative Council. Governance groups maintain meeting notes that include policy/administrative procedure actions and recommendations taken during committee meetings (D6-05). Policy and administrative procedure review related to academic affairs and student services by newly-formed District Council on Academic Affairs (DCAA), District Technical Review Workgroup-Instruction (DTRW-I), and District Technical Review Workgroup-Student Services (DRTW-SS) began in September 2012.

To address policies and procedures that may impede operational effectiveness or result in concerns about a perceived lack of uniform practices, policy/administrative procedure review and recommended changes follow the newly implemented “VCCCD Governance Advisory and Recommendation Pathways” outlined in the Participatory Governance Handbook (D6-06) to ensure broad-based constituent input, consistency, and appropriate application across the District and Colleges. The Functional Mapping narrative in the Participatory Governance Handbook explains the delineation of functions between the District and Colleges and clarifies where District/College sites have discretionary decision-making over operations and where uniformity in practice is mandated (D6-07).

As of November 2011, the following policy and administrative procedure modifications occurred as a result of dialogue by governance groups and constituent feedback to ensure uniform application across the District/Colleges (D6-08):

- In August 2012, the District launched a website for “Business Tools, Forms, and Procedures,” a SharePoint site for employee access. The site includes frequently used district-wide forms in fillable field format; detailed procedures in some areas of Accounting, Accounts Payable, Payroll, Information Technology, Purchasing, Risk Management, Police/Parking Services, and Contracts and Grants, including the specific Administrative Procedure 3280 for the completion of grant applications. “Business Tools” is designed to facilitate the consistent district-wide application of procedures. In order to respond to user needs and input, a dedicated link is provided for faculty and staff to submit feedback and/or suggestions via the site. To achieve continuous quality improvement, the site will be expanded in 2012-2013 to incorporate additional procedures, forms, and enhancements based on user suggestions. This process of regular updates will continue based on user input.

- In conjunction with faculty and staff, a Field Trip/Excursion electronic workflow process was developed in response to faculty needs. Staff and faculty with extensive experience in field trips worked during summer 2012 to develop the workflow. The workflow was implemented in August 2012 by a small number of key faculty from throughout the District to ensure a thorough testing and application of the process. The District Director of General Services provided an
overview of the process to interested faculty during Fall 2012 Flex Days at all three Colleges. This process will be refined with additional faculty input.

Governance committees and District/College constituents serving on governance committees are provided opportunities to review, analyze, and recommend suggestions for modification of policies/procedures under review that may present potential impediments or uniform application concerns in District/College departments. Committee members understand they attend meetings to represent constituent groups at a College or the District Administrative Center and serve as a conduit for information and catalyst for discussion and topics raised by District groups and within the constituent groups (D6-09).

To improve communication between Chancellor’s Cabinet and governance committees, actions taken in Chancellor’s Cabinet regarding policies and procedures are recorded in Chancellor’s Cabinet meeting notes, and the Office of Administrative Relations notifies the Chair/Co-Chairs of the appropriate governance committees of actions taken in Chancellor’s Cabinet (D6-10). In addition, through spring 2012, the Director of Administrative Relations attended DCSL and DTRW meetings as a guest to assist in maintaining consistent communication regarding review of policies and administrative procedures.

All Board policies and administrative procedures are monitored and tracked using a “Policy/Procedure Review Master Tracking Document” (D6-11) by the Director of Administrative Relations, Chancellor’s Office, and all active Board policies and procedures are available to District/College constituents and the public electronically via the District website at www.vcccd.edu (D6-12). Constituents are provided District contact information on the District website for questions or requests related to policy and administrative procedures. A hard copy master binder of all active Board policies and procedures is also maintained in the Office of Administrative Relations, Chancellor’s Office (D6-13).

District Council on Accreditation and Planning (DCAP) is identifying additional effective measures to capture further feedback from District/College constituents, analyze collected data for potential impediments, and continue modifying operating practices to ensure equitable decision-making and consistency across the District/Colleges. One measure identified and developed by DCAP included a survey designed and implemented in September 2012 that collected feedback from employees about ways to improve the flow of information to and from the District through formal channels of the committee and governance structure and to identify any policies or procedures that need clarification or that are difficult to implement in practice. Results of the newly-implemented annual survey were discussed at District Consultation Council in September 2012, summarized in the October 2012 Chancellor’s Monthly Update, and distributed to employees, students, and community advisory body members (D6-14).

District Recommendation 7

Recommendation, October 2010:

In order to meet the Standards, the Board of Trustees shall assess its actions in relation to its policy making role and implement a program for ongoing Board member professional development to enhance and improve the demonstration of its primary leadership role in assuring the quality, integrity, and effectiveness of the student learning programs and services delivered by the District Colleges. (IV.A.3, IV.B.1. e-g)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

Based on the limited extent of time and current evidence provided, the team finds that District Recommendation 7 has been fully addressed. However, the team remains concerned about the consistency and long-term sustainability of the Board’s demonstration of its primary leadership role and reiterates its recommendation for ongoing professional development for all Board members. The team encourages the Board to continue its professional growth related to Board roles and responsibilities, governance, organizational effectiveness and ethics, and recommends the Board be vigilant in assessing and monitoring its actions to ensure clear and effective policy and decision-making.

Update:

In response to the accrediting team’s recommendation, the Board of Trustees committed to ongoing professional development as evidenced by Board Policy/Administrative Procedure 2740 Trustee Professional Development (D7-01) and Best Practices Agreement (D7-02). To demonstrate its commitment and accomplish this goal, the Board developed and adopted a “Professional Development 2012/2013 Calendar” of activities (D7-03). In spring 2012, the Board began assessing the effectiveness of its external professional development activities to ensure that the full Board is in concordance on the content and value of its development experience. In fall 2012, to further the Board’s professional growth related to Board roles and responsibilities, the Board integrated the evaluation of its internal professional development activities as part of its monthly Board meeting assessments.

Since November 2011, Trustees have participated in the following professional development activities (D7-04):

- Community College League of California Conference, Annual Convention and Partner Conference, 11/2011
• Visit by Barbara Beno, Ph.D., President, Accrediting Commission for Community and Junior Colleges (ACCJC), 11/2011
• Parliamentary Procedure Training Presentation by Mary Dowell, Attorney, Liebert, Cassidy, and Whitmore, 12/2011
• Community College League of California Conference, Effective Trustee Workshop, Board Chair Workshop, Annual Legislative Conference, 01/2012
• Special Board Meeting with John Didion, Executive Vice Chancellor of Human Resources and Educational Services for Rancho Santiago Community College District, 02.22.12
• Role of the Faculty in Accreditation Processes Within the VCCCD presented by Moorpark College Academic Senate President, Oxnard College Academic Senate President, and Ventura College Academic Senate President, 02.22.12
• Role of the Academic Senates/Areas of Authority and Responsibility presented by Moorpark College Academic Senate President, Oxnard College Academic Senate President, and Ventura College Academic Senate President, Educational Programs and Services, 03.13.12
• Community College League of California Conference, Annual Trustees Conference, 05/2012
• Ad Hoc Strategic Planning Committee and Chancellor Visit with Barbara Beno, Ph.D., President, Accrediting Commission for Community and Junior Colleges (ACCJC), 05.02.12
• External Leadership Role presented by VCCCD Director of Administrative Relations; Elements of an Integrated Strategic Plan presented by Moorpark College President, 06.26.12
• Fiscal Affairs presented by VCCCD Board Trustee Dianne McKay and VCCCD Vice Chancellor of Business and Administrative Services; Legal Affairs presented by VCCCD Board Chair Stephen Blum, Esq., 07.10.12
• Legislative presented by VCCCD Trustee Bernardo M. Perez; Human Resources presented by VCCCD Vice Chancellor of Human Resources, 08.14.12
• Student Trustee Role presented by VCCCD Student Trustee Arthur Valenzuela, Jr., and VCCCD Board Chair Arturo Hernández; Program Discontinuance Process presented by Moorpark College Academic Senate President, Oxnard College Academic Senate President, and Ventura College Academic Senate President, 09.11.12

Professional development activities scheduled through May 2013 include:

- Role of the Board Chair; Board Chair/CEO Relationship, 10/2012
- Community College League of California, Annual Convention and Partner Conference, 11/2012
- Effective Board and Committee Meetings, 10/2012
- Technical Assistance Visit (AB 1725), 01/2013
- Community College League of California, Effective Trustee Workshop, Board Chair Workshop, Annual Legislative Conference, 01/2013
- Board/Staff Relationships, Accreditation, 02/2013
- Emergency Preparedness, 03/2013
- Board Role in Strategic Planning, 04/2013
- Community College League of California, Annual Trustees Conference, 05/2013
A majority of Board professional development activities are based on “Board and CEO Roles, Different Jobs, Different Tasks,” provided by the Community College League of California (D7-05). Activities provided on the District premises will be attended by the full Board, with the exception of excused absences requiring action by the Board. Off-site activities requiring travel will be attended by a minimum of one or two Board members on behalf of the full Board. Board members attending off-site activities will provide a verbal report to the full Board during a regularly-scheduled Board meeting to communicate the value of the professional development experience. Effective summer 2013, the Board, through its annual planning session, will evaluate a summary of its professional development activity assessments to ensure continued growth related to roles and responsibilities, governance, effective policy and decision-making, organizational effectiveness, and ethics.

D7-05 Community College League of California “Board and CEO Roles, Different Jobs, Different Tasks, 2000
Commission Concern Regarding Board Governance

Commission Concern as stated in Commission Action Letter, July 2, 2012:

The team report confirmed that board development activities had been provided and all board members were encouraged to attend. At the same time, the team expressed concern about the consistency and long-term sustainability of the Board’s demonstration of its primary leadership role and reiterates its recommendation for evidence of ongoing professional development for all Board members. Specifically, the Commission notes a particular board member’s disruptive and inappropriate behavior and the entire board’s responsibility to address and curtail it. (Eligibility Requirement 3; Standard IV.B.1.g, h, i) The Commission also notes that the continued behavior and non-compliance of the District jeopardizes the accreditation of the VCCCD colleges.

Conclusion (from ACCJC Follow-Up Visit Evaluation Report of Commission Concern from April 16, 2012 report):

The team acknowledges the systematic work that the Board of Trustees and Chancellor have made in addressing the Commission Concern. The Board has recognized and taken seriously that, by their lack of control of how they operate as a Board and exercise their roles and responsibilities as individual Board members, they have jeopardized the accreditation status at each of the three colleges within the VCCCD.

It is evident that even though the Trustee has blatantly and consistently violated the role of a Trustee, the entire Board has failed to respond in a decisive and timely manner to curtail the Trustee’s inappropriate behavior. The actions that the Board has taken to refine and improve the policies and procedures governing their actions provide the framework for the Board to function effectively. The question remains as to whether or not the Board Chair and other members of the Board can sustain a successful application of the policies and procedures in a way that does not distract the attention of the Board from fulfilling its duties.

The fact that the Trustee maintains an office on the Oxnard College campus by means of a facility use contract with the Trustee’s employer clearly complicates the matter. The Trustee’s presence on campus has caused a disruptive influence on the ability of the College President to conduct his business without interference. With the Trustee’s access to staff and facility on campus, selective contact is exercised with individuals to accomplish the Trustee’s own agenda and not that of the entire Board of Trustees.

Eligibility Requirement 3. In order to meet this requirement, the Board needs to demonstrate a consistent and sustainable ability to effectively function as a Board in carrying out its responsibility for the quality, integrity, and financial stability of the District and for ensuring that the District’s mission is being carried out. The individual members of the Board must demonstrate their ability to operate impartially on all matters relative to District business to secure and ensure the academic and fiscal integrity of the District.
Standard IV.B.1.g: The Board reviewed BP 2745 and modified its self-evaluation instrument following the comprehensive visit in November 2011. The follow-up team reported in its November 201[1] report that the Board had developed objectives and eleven measurable activities for the 2011-2012 academic year, and an evaluation and analysis of achievement of these outcomes would occur at a Board session in May/June 2012. With the completion of this cycle and assessment of this process, compliance with this Standard would be met.

Standard IV.B.1.h: The Board took serious action to revise and strengthen BP 2715 to more clearly identify expected behavior displayed by each member of the Board of Trustees. It further added language that identified various forms of sanction that could be administered in the event of a violation of this Board policy. The Board should be commended for taking this action. To meet compliance with this Standard, the Board will need to provide evidence that this change in Board policy has improved the behavior of the Board, and there is a track record of the Board implementing this process.

Standard IV.B.1.i: The Board has demonstrated that it has a desire to be informed and involved in the accreditation process. The evidence of its study session with ACCJC staff in November 2011, its special Board meeting in February 2012 to investigate the Commission Concern and map out a plan of action, and its request for an additional technical support session with ACCJC staff in May 2012 help support this. However, to be compliant with this Standard the Board will need more time to demonstrate fully its actions to sustain its efforts to be fully engaged with all aspects of the accreditation process.

Update:

Board Acknowledgement of Commission Concern and Commitment to Reach Compliance

As evidenced by the Board’s March 15, 2012 Commission Concern Special Report (CC-01), the Board of Trustees acknowledged the need to address the Commission’s Concern regarding Board governance and implemented a systematic approach in responding to the Commission Concern. Activities and actions included the following:

- held a February 22, 2012 Special Board Meeting to determine an immediate course of action in response to the Commission's February 2, 2012 action letter;

- accepted “Ground Rules” for all Board and Board committee meetings as defined by the ACCJC;

- reviewed California Community College League “Board and CEO Roles, Different Jobs, Different Tasks” and agreed upon implementing professional development activities to clearly delineate Board roles within a scope of best practices;
• discussed the Association of Community College Trustees “Role of a Trustee” and the California School Board Association’s “Professional Governance Standards”;

• reviewed policies and procedures related to Board roles and responsibilities (i.e., BP 2200 Board Duties and Responsibilities; BP 2430 Delegation of Authority to CEO; BP 2434 Chancellor’s Relationship with the Board; BP 2715 Board Code of Ethics/Standards of Practice; AP 2715-A Code of Ethics; AP 2715-B Standards of Practice; BP/AP 2720 Board Member Communication; BP/AP 2740 Trustee Professional Development; BP/AP 2745 Board Self-Evaluation) and agreed to further strengthen and align policies to accreditation standards;

• committed to adhere to Board policies and procedures and hold all Board members accountable to provisions contained within Board policies and procedures;

• committed to participate in Board professional development activities at least once per quarter; and

• developed and executed a Board of Trustees Best Practices Agreement under Board Policy 2715 Board Code of Ethics/Standards of Practice.

**Board’s Role and Board Member Mutual Responsibility to Monitor for Compliance**

The Board has taken significant action since its March 15, 2012 Commission Concern Special Report and the April 16, 2012 visit by the Accrediting Commission evaluating team. In response to the Commission’s Concern regarding a particular Trustee’s role violations and the entire Board’s lack of addressing and curtailing the Trustee’s behavior, Board members recognized the need to actively utilize its improved policies and procedures to govern the actions of the entire Board to function effectively.

Evidence of improved Board behavior was demonstrated when Board Policy 2715 Board Code of Ethics/Standards of Practice and Administrative Procedure 2715-A Board Code of Ethics was invoked by the Board on August 9, 2012 as a result of a verbal statement made by the Board Vice Chair at the July 10 Board Meeting regarding his perception of the April 16, 2012 Follow-Up Visit Evaluation Report of Commission Concern and July 2, 2012 Accrediting Commission’s Action Letter to VCCCD and its Colleges (CC-02). The Board Chair indicated the Vice Chair’s verbal statement violated the March 13, 2012 Board of Trustees Best Practices Agreement (CC-03) and addressed the matter in accordance with BP 2715/AP 2715-A Board Code of Ethics/Standards of Practice (CC-04) as follows:

• Alleged violation was addressed initially by the Board Chair.

• Upon a finding of sufficient cause, the Board Chair and Interim Chancellor met with the Vice Chair to discuss the alleged violation and reach resolution.
• Upon reaching resolution, the Board Chair provided during public Open Session on August 9, 2012 a verbal statement on behalf of the Board regarding the Trustee’s misconduct.

• In response, the Board Vice Chair provided a verbal statement of clarification, personal responsibility and apology related to his verbal statement made at the July 10, 2012 Board meeting and expressed full commitment in support of the Board.

To maintain successful application of policies and procedures and ensure the Board continues to fulfill its primary leadership role, the Board and Chancellor have scheduled a special September 2012 Board Retreat to develop additional strategies that will build and sustain stronger formal communication, accountability, enhance working relationships between Trustees, and ensure Trustees operate impartially on matters of the District.

Board Self-Assessment and Continuous Improvement

In order to comply with Standard IV.B.1.g, the Board of Trustees reviewed its self-assessment instrument and made improvements to its content (CC-05). Further, the Board implemented an ongoing self-evaluation process and conducted the annual summative Board self-evaluation at the June 26, 2012 Board Planning Session – Part One in accordance with Board Policy/Administrative Procedure 2745 Board Self-Evaluation (CC-06). The Board also formally adopted outcomes and measures of its performance, and the assessment of those outcomes was an integral part of the annual assessment. An external constituent assessment of the Board in the form of a survey to Consultation Council was established per Board Policy/Administrative Policy 2745 as part of the Board’s annual self-assessment process (CC-07). This year’s external assessment results were discussed as part of the Board self-evaluation at the June 26, 2012 Board Planning Session (CC-08). The annual self-assessment process included the following activities:

• At its January 17, 2012 Board Meeting, the Board adopted revised Board Policy 2745 Board Self-Evaluation to include Board meeting monthly assessment findings to strengthen its self-evaluation process in evaluating Board Performance Goals (CC-09).

• The Board again amended Board Policy 2745 Board Self-Evaluation on March 13, 2012 to include language regarding an annual Board self-assessment process to further align Board Policy 2745 to District Recommendation 4 (CC-10).

• On June 19, 2012, the Board accepted Board Administrative Procedure 2745 Board Self-Evaluation as aligned with Board Policy 2745 to include Consultation Council feedback through a Board Evaluation distributed electronically to Consultation Council members during the Board’s annual self-evaluation process (CC-11).
In May 2012, the Board implemented its annual ongoing self-evaluation process per Board Policy/Administrative Procedure 2745. The Board of Trustees received the 2012 self-evaluation survey in electronic format for completion (CC-12) through the Chancellor’s Office, and Consultation Council members were provided an opportunity to complete the Board Evaluation survey electronically (CC-13) through the Chancellor’s Office. The Board Survey was designed to gather feedback regarding Board Performance Goals, general evaluation, and individual Trustee reflective perspective. Participants were asked to indicate their opinions using a rating scale of agree, partial agreement, disagree, or don’t know. An option to provide comments was provided. The full Board and 18 of 21 Consultation Council Members completed the survey.

The annual summative Board self-evaluation was conducted at the Board’s June 26, 2012 Board Strategic Planning Session – Part One (CC-14). Expected outcomes included evaluating Board performance; identifying and discussing areas for strengthening Board performance; incorporating identified areas in need of improvement into existing Board Performance Goals; and adopting updated Board Performance Goals.

The Board’s self-evaluation process included discussion of significant findings from a summary of the Board’s Monthly Meeting Assessments (CC-15) and a results discussion of the Board’s Annual Self-Evaluation and Consultation Council Evaluation of the Board (CC-16). Significant findings suggesting possible areas of improvement included trustee involvement in operational matters; need for additional Citizens Advisory Body meetings; need for more information in staff reports; and need for strengthened parliamentary practice. Findings also reflected full Board agreement in spending appropriate time preparing for meetings; actively participating in meetings; unified support of Board decisions; maintaining confidentiality; and disclosing actual and/or perceived conflicts of interest. Points of Board discussion based on Consultation Council general evaluation feedback included the Board’s adherence to its policy-making role; ensuring assessment of formal communication with constituents; involving community members in strategic planning; acting as a cohesive unit and taking responsibility for the Board’s collective performance; complying with the Board’s Code of Ethics; avoiding engagement in operational matters; evaluating strategic planning; supporting the Chancellor; and understanding accreditation.

Following Board discussion on June 26, 2012, Trustees assessed the Board’s progress in achieving performance goals and considered significant findings in the review and update of 2011-12 Board Performance Goals (CC-17). The Board agreed upon recommendations for improvement and renewed the Board’s commitment to continue to strengthen Board performance in areas including the Citizens Advisory Body, community outreach, professional development, and maintaining the Board’s policy-making role.
At the August 9, 2012 Board Strategic Planning Session – Part Two, the full Board formally adopted its updated 2012-13 Board Performance Goals incorporating the following 10 measurable activities designed to strengthen Board performance (CC-18):

1. Continue to strengthen Board performance through training in best practices by the Accrediting Commission of Community and Junior Colleges ACCJC.

2. Continue to strengthen Board decision making through improved communication with county constituents through the Citizens Advisory Body and community forums.

3. Continue to strengthen, with Trustee involvement, understanding and performance through staff reports on:
   a. The Governance Structure
   b. Budget and Finance
   c. Accreditation Processes
   d. Student Success, Transfer, Certificate Completion, Employment
   e. Program Performance
   f. Human Resource Planning
   g. Facilities Planning
   h. Technology Planning
   i. Fiscal Planning
   j. District Allocation Model
   k. Organizational efficiency and effectiveness
   l. District goals and objectives progress
   m. Accreditation recommendations updates
   n. Recruitment and hiring

4. Understand and respect the governance process. Continue to refrain from direct Board or individual Trustee involvement in operational matters.

5. Continue to strive for a common understanding of the Board’s role as an effective and efficient policy-making body.

6. Continue to thoroughly review new or modified policies and/or procedures as the first item of business during public meetings. Board policy and corresponding procedure will be reviewed concurrently to enhance Board understanding.

7. Continue to prepare an annual calendar of professional development opportunities from which Board members might benefit. Trustees will attend at least one conference annually as a full Board.
8. Continue to strengthen Board understanding of Robert’s Rules and the Brown Act to ensure meetings run efficiently and effectively.

9. Continue to review and further clarify areas of operational interest to Trustees and amend the Chancellor’s delegated authority to operate the District, if necessary.

10. Continue to discuss and understand District formal communication channels.

Following the August 9, 2012 Board Strategic Planning Session – Part Two, the Board of Trustees completed an assessment for the planning session meetings of June 26 and August 9, 2012 to ensure continuous quality improvement and effectiveness (CC-19). Findings were provided for Trustee discussion at the September 11, 2012 Board meeting.

Professional Development Focus on Accreditation: Eligibility Requirement 3 and Accreditation Standard IV

In order to comply with Standard IV.B.1.i, the Board of Trustees committed to ongoing professional development as evidenced by Board Policy/Administrative Procedure 2740 Trustee Professional Development (CC-20) and Best Practices Agreement (CC-21). To demonstrate its commitment and actions to sustain its efforts to be fully engaged with all aspects of the accreditation process, the Board developed and adopted a “Professional Development 2012/2013 Calendar” of activities (CC-22) that includes professional development activities in the area of accreditation. Since November 2011, Trustees have participated in the following professional development activities involving the accreditation process (CC-23):

- Visit by Barbara Beno, Ph.D., President, Accrediting Commission for Community and Junior Colleges (ACCJC), 11/2011
- Community College League of California Conference, 01/2012
- Special Board Meeting with John Didion, Executive Vice Chancellor of Human Resources and Educational Services for Rancho Santiago Community College District, 02.22.12

Future professional development activities related to the accreditation process include a Technical Assistance Visit (AB 1725) scheduled for January 2013; Community College League of California, Effective Trustee Workshop, January 2013; and a presentation/study session regarding the Board’s role in strategic planning to be held in April 2013. Activities provided on VCCCD premises will be attended by the full Board, with the exception of excused absences requiring action by the Board. Off-site activities requiring travel will be attended by a minimum of one or two Board members on behalf of the full Board. Board members attending off-site activities will provide a verbal report to the full Board during a regularly-scheduled Board meeting to communicate the value of the professional development experience. Effective summer 2013, the Board, through its annual planning session, will evaluate a summary of its professional development activity assessments to ensure continued growth related to roles and responsibilities, governance, effective policy and decision-making, organizational effectiveness, accreditation, and ethics.

At its August 14, 2012 meeting, the Board formally established the Planning, Accreditation, and Communication (PAC) Committee (CC-24). PAC ensures that District and College planning is comprehensive and meets organizational and community needs, as well as Accrediting Commission Standards. The committee also reviews and tracks District practices and activities for alignment with Accrediting Commission Standards and receives reports on college progress toward meeting Accrediting Commission Standards. PAC ensures the Board is informed regarding all accreditation matters within the District, and that Board communication is ongoing, timely, transparent, and meets organizational and community needs.

CC-24 Board Meeting Agenda/Minutes, Planning, Accreditation, and Communication (PAC) Committee, 08.14.12
Each year, the Chancellor shall present to the Board a budget, indicating anticipated expenditures and estimated revenues for the next fiscal year, prepared in accordance with Title 5 and the California Community Colleges Budget and Accounting Manual (BAM). The schedule for presentation and review of budget proposals shall comply with state law and regulations, and provide adequate time for Board study.

Budget development shall meet the following criteria:

- The budget shall be developed each year in accordance with the current District Budget Allocation Model and Infrastructure Funding Model and appropriate shared participatory governance processes.
- The budget shall be balanced (i.e., budgeted expenditures will be covered by projected revenue). During periods of state financial decline, the budget may include a transition plan for expenditure reductions and one-time use of reserves.
- The annual budget shall support the District’s and colleges’ master and educational plans.
- The budgets for the three colleges will be developed through college participatory processes to support institutional planning and goals and objectives, as well as the Board goals and objectives.
- Assumptions, upon which the budget is based are, will be presented to the Board for review prior to approving the budget; changes in the assumptions upon which the budget was based shall be reported to the Board in a timely manner.
- Revenue associated with growth will be budgeted in the year following the year in which the growth was actually earned.
- Summer Full-time Equivalent Students (FTES) will be reported in the fiscal year in which the course ends.
- A schedule is provided to the Board each year that which includes dates for presentation of the tentative budget, required public hearing(s), Board study session (if appropriate), and approval of the final budget. At the public hearings, interested persons may appear and address the Board regarding the proposed budget or any item in the proposed budget.
- Unrestricted general fund reserves shall be no less than 5% of the current year unrestricted and designated general fund budgeted expenditures., with targeted reserves between 7% and 15%.
- Budget projections will address long-term goals and commitments.

See Administrative Procedure 6200
Each year, the Chancellor shall present to the Board a budget, indicating anticipated expenditures and estimated revenues for the next fiscal year, prepared in accordance with Title 5 and the California Community Colleges Budget and Accounting Manual (BAM). The schedule for presentation and review of budget proposals shall comply with state law and regulations, and provide adequate time for Board study.

Budget development shall meet the following criteria:

- The budget shall be developed each year in accordance with the current District Budget Allocation Model and Infrastructure Funding Model and appropriate participatory governance processes.
- District Council on Administrative Services (DCAS) will annually review the elements of the current District Budget Allocation Model and Infrastructure Funding Model and will make recommendations to the Board for modifications when appropriate.
- The annual budget shall support the District and colleges’ master and educational plans and be linked to other institutional goals and planning efforts.
- Through participatory governance, the budget process will commence with DCAS developing assumptions upon which the budget will be based, and recommending those assumptions to the Board for acceptance prior to the Board adopting the Budget.
- Assumptions upon which the budget is based are presented to the Board for review. (in BP)
- Changes in the assumptions upon which the budget was based shall be reported to the Board in a timely manner. (in BP)
- The chief business officer of the district will, as appropriate, conduct Board study sessions and will make presentations to the colleges related to the District budget assumptions and the development of the districtwide budget.
- The District will present a balanced Adoption Budget whereby all budgeted expenditures will be covered by projected current year revenue. (to BP)
- In addition to short term operating plans, budget projections will address long-term goals and commitments such as post-retirement health benefits liability.
- The budget will provide for adequate reserves for cash requirements, long-term commitments, and unanticipated expenditures, and a contingency for revenue shortfall.
- Unrestricted general fund reserves shall be no less than 5% of the current year unrestricted and designated general fund budgeted expenditures, with targeted
reserves between 7% and 15% or sufficient enough to meet the cash flow requirements of the district.

- **Budget development will consider statutory requirements including but not limited to things such as compliance with the 50% law, the district's full-time faculty obligation number, and funded Full-Time Equivalent Students (FTES).**
- Revenue associated with growth will be budgeted in the year following the year in which the growth was actually earned.
- **Summer FTES will be reported in the fiscal year in which the course ends.**
- DCAS will review the details of the budget for districtwide services and make recommendations where appropriate, including the movement of budgetary items between colleges and districtwide services and district administrative center.
- **The Tentative Budget will be presented to the Board at its June meeting and the Adoption Budget at its September meeting, unless authorized to be approved later by the State Chancellor's Office.**
- **The Budget Assumptions are presented to the Board in the spring prior to any action on the budget. The Tentative Budget will be presented to the Board at its June meeting, and the Adoption Budget at its September meeting, unless authorized to be approved later by the State Chancellor's Office.** A public hearing on the budget shall be held at the September Board meeting, unless authorized to be held later by the State Chancellor's Office.
- **The adopted budget shall be submitted to the State Chancellor's Office on or before September 30, unless the State Chancellor's Office extends that due date.**
- **The budget may will be updated from time to time in accordance with AP 6250.**
The budget shall be managed in accordance with Title 5 and the California Community College Budget and Accounting Manual. Budget revisions shall be made only in accordance with these policies and as provided by law.

Revenues accruing to the District in excess of amounts budgeted shall be added to the District’s reserve for contingencies. They are available for appropriation only upon a resolution of the Board that sets forth the need according to major budget classifications in accordance with applicable law.

Board approval is required for changes between major expenditure classifications. Transfers from the reserve for contingencies to any expenditure classification must be approved by a two-thirds vote of the members of the Board. Transfers between expenditure classifications must be approved by a majority vote of the members of the Board.

See Administrative Procedure 6250.
The budget shall be managed in accordance with Title 5 and the California Community College Budget and Accounting Manual.

Budget revisions shall be made only in accordance with these policies and as provided by law.

It is the intent of the Board to have the budget as accurate as possible throughout the year. To accomplish this, budget amendments and budget transfers will be utilized when necessary.

Total amounts budgeted as the proposed expenditure for each major classification of expenditures shall be the maximum expended for that classification for the school year, except as specifically authorized by the Board.

Transfers may be made from the reserve to any expenditure classification by written approval of the Board, and must be approved by a two-thirds vote of the members of the Board.

Transfers may be made between expenditure classifications by approval of the Board, and may be approved by a majority of the members of the Board.

Excess funds must be added to the general reserve of the District, and are not available for appropriation except by approval of the Board setting forth the need according to major classification

Budget will be managed under the Principles of Sound Fiscal Management as outlined in Title 5 section 58311.
Be it resolved by the Ventura College Academic Senate that:

**Whereas,** we have diligently participated in and partnered with our District colleagues in the development of a District Administrative Procedure regarding Program Discontinuance (AP 4021 Program Discontinuance)

And

**Whereas,** all three colleges have their own distinct and functioning planning systems and resource allocation processes and models that should be respected and honored as much as possible regardless of financial exigencies and fiscal crises

**Therefore Be It Resolved,** the current college programs and class schedules be respected; and further that no irregular or extraordinary tactics, strategies or techniques be employed (such as decimating the number of classes scheduled or the removal of necessary ancillary resources that are essential for the viability of classes or programs) to effect the discontinuance of a program in lieu of working through existing, regular, open and transparent planning processes.

*First Draft by P. Scott Corbett (Sept 4, 2009); Second Draft by VC Senate Exec (Sept 15, 2009); Presented to the Senate Council for First Reading Sept 17, 2009; Presented as a Second Reading and Adopted Oct 3, 2009.*
