Judy Garey, Nancy Mitchell, Ollie Powers, Lauri Moore, Terry Morris, Peter Sezzi, Steve Turner, Karen de la Pena, Donna Beatty, and Mayo de la Rocha

Senator Emeritus:
Edith Conn

Guests: None
ASB Rep: None

I. Called to Order: 1:45

II. The minutes were deferred for approval to the next meeting.

III. President’s Report: President Kathryn Schoenrock gave a presentation about the District Enrollment Management Task Force. A discussion of this issue followed. President Schoenrock was concerned about the short deadlines for faculty to give feedback to this task force. She brought up the issue of shared governance and how this task force is not allowing enough time for the Academic Senate presidents to bring these issues back to their respective Academic Senates and the campus divisions. The same taskforce also examined a cost/benefit analysis for student services. Discussion of this issue followed. There was concern about the model being used to determine the amount of student contact with counselors, EAC, and other student services.

IV. Vice President Becky Hull gave a report on the District Marketing Task Force. The purpose of this task force is to increase enrollment and retention. One of the major issues that came up on this task force was to try and encourage faculty to maintain our student enrollments, especially over the fall to spring transition. A discussion of some issues regarding marketing followed.

V. President Schoenrock then went over a memorandum dated November 23rd from Chancellor Meznek regarding the participatory governance manual. A discussion of this issue followed. One point that was brought up was the role of the District Council on Student Learning’s (DCSL) role. There was concern that the DCSL’s new mandate may threaten the autonomy of our local
curriculum committee. Kathryn asked for anybody to send comments about
the memo to her.

VI. President Schoenrock summarized some of the key issues that were brought
up at the Budget Forum yesterday. A discussion of this issue followed.

VII. President Schoenrock presented the core competencies as well as the vision
and mission statement. The Senate approved the documents by consensus.

VIII. Discussion Items: Bob Porter announced that there will be a one-book, one-
campus, one community event next year. This will basically add a service
learning component to the one-book, one-campus event. The book for next
fall will be *One Flew Over the Cuckoo’s Nest* and the service learning projects
will have students volunteering with populations with mental illnesses. Lauri
Moore, Bob Porter, and Kathryn Schoenrock will give a flex day event on
Academic Freedom (Friday January 6th, 10am-12noon--lunch provided) Also,
the Senate Exec will offer another flex day event on core competencies on
Thursday January 5th, 9:30-11:30. The next Board Meeting will be Tuesday,
December 13th at Moorpark College.

IX. President Schoenrock overviewed the Chancellor’s changes to the Board
Policy Manual. The issue of Academic Freedom was brought up as an area
where input was necessary. The Senate, by consensus, agreed to examine
some other colleges’ policies on Academic Freedom and then discuss the
issue further. It was agreed that the bottom statement (last paragraph) on BP
4025 should be applied to all the procedures in chapter four that the Senate
should have input in. Also, it was recommended that we ask the chancellor to
let us know if he makes any changes from the CCLC documents he is copying
to create our board policy manual.

X. Motion to adjourn at 3:23. Approved unanimously.
