VENTURA COLLEGE

DRAFTING PROGRAM

POTENTIAL CAREERS

Ventura College Drafting Program prepares students for challenging careers as drafters, designers, engineering assistants, architectural assistants, 3-D modelers, estimators, illustrators and design/drafting checkers.

Upon completion of the program, students will be able to demonstrate an understanding of drawing methods and graphic composition techniques, prepare and analyze technical drawings and provide appropriate solutions.

No design works unless it embodies ideas that are held common by the people for whom the object is intended.

THE PROGRAM

The Ventura College Drafting Program is designed to provide the critical link between the design engineering process and manufacturing through the understanding of design principles, material properties, and the manufacturing processes. Students completing the Drafting program will be prepared to meet the design and drafting needs of engineering, architectural, and manufacturing firms. Students will acquire the practical knowledge and skills to successfully enter industry employment or to advance within their organization.

Specialized application of various software programs are taught using current technology and methods found in the architectural, manufacturing, and design industries. Cad software programs such as AutoCAD, Inventor, SolidWorks, Revit and Photoshop are taught in the program. There is a broad range of career opportunities such as drafters, designers, illustrators, and model makers.

Students may obtain an AS, Certificate of Achievement or preparation for transfer to a four year university in the fields of industrial design, manufacturing or industrial technology.

REQUIRED ADDITIONAL COURSES

Select three (3) of the following courses:

- DRFT V02A/ WEL V02: Blueprint Reading: Manufacturing 3
- DRFT V04/MT V04: Measurements and Computations 3
- DRFT V14A: Technical Illustration 1 3
- DRFT V18: Drafting Projects 3
- MT V02: Applied Machining I 2
- MT V35: Production Machining and Tooling Design Techniques 3
- WEL V01: Introduction to Welding 2

TOTAL 27-29
