

VENTURA COLLEGE IT PROJECTS

Building Today. Preparing for Tomorrow.

The Ventura College IT team is delivering innovative technology solutions that enhance instruction, strengthen security, improve connectivity, and support campus growth for a better experience for all.

OUR PROJECT PORTFOLIO

CAPITAL & FACILITIES

- FAST STEM & Building Projects
- Student Housing Technology
- STEM Modular Building
- Campus Safety Upgrades
- Facility Technology Upgrades

TECHNOLOGY MODERNIZATION

- Windows 11 Migration
- Employee Laptop Refresh Program
- Computer Lab Modernization
- Apple Device Modernization
- iPad Program (Nursing)

INFRASTRUCTURE & NETWORKING

- Network Expansion & Fiber Projects
- Wireless Improvements
- WAP Upgrades & Installations
- Infrastructure Resiliency Improvements

INSTRUCTIONAL TECHNOLOGY

- A/V System Upgrades
- Cisco Lab Upgrades
- EAC/LRC Technology Improvements
- Classroom Technology Upgrades
- Tutoring Center Technology

CYBERSECURITY & RESILIENCY

- Axis Security Camera Pilot
- Starlink Emergency Communications
- Security Camera Upgrades
- Backup Power Resiliency
- Cybersecurity Tools & Enhancements

STUDENT SERVICES & ENTERPRISE SYSTEMS

- Starfish Migrate to Cloud
- Digital Signage & Kiosks
- Student Support Technology
- Student Success Technology

PROJECTS AT A GLANCE

ACTIVE PROJECTS

7
PROJECT LEADS

6
STRATEGIC FOCUS AREAS

JAN 2024 - NOV 2027
PLANNING HORIZON

CURRENT EXECUTIVE PRIORITIES

CAMPUS GROWTH

- Advance FAST, STEM & Building projects
- Support Student Housing technology deployment
- Expand fiber infrastructure for connectivity
- Enhance campus safety with modern technology upgrades

TECHNOLOGY LIFECYCLE

- Complete Windows 11 migration
- Refresh employee laptops & iPads
- Modernize computer labs & classrooms
- Standardize Apple devices across key programs

STUDENT SUCCESS

- Enhance tutoring center technology
- Improve learning resource center technology
- Support student success platforms (Starfish migration)
- Strengthen technology access & support

SECURITY & BUSINESS CONTINUITY

- Pilot & expand security camera systems
- Deploy Starlink for emergency communications
- Improve backup power resiliency
- Strengthen cybersecurity tools and protections

EXECUTIVE ASSESSMENT

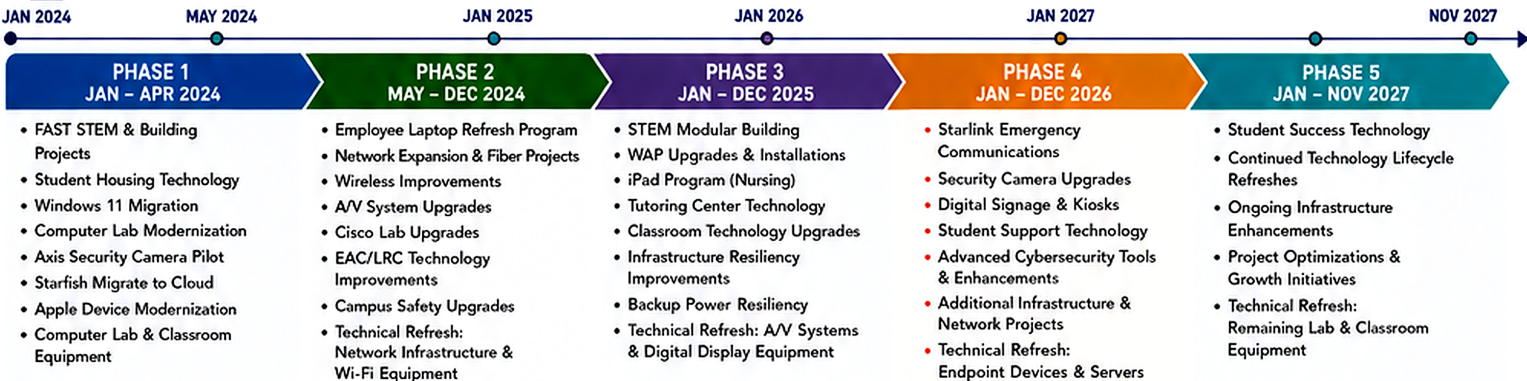

PORTFOLIO HEALTH:
STRONG

The Ventura College IT project portfolio remains closely aligned with the College's Strategic Plan, addressing campus growth, instructional excellence, operational efficiency, and security. With 27 active initiatives across six strategic focus areas, the portfolio balances short-term operational needs with long-term investments in infrastructure, technology modernization, cybersecurity, and student success. Strong execution, resource alignment, and stakeholder collaboration will ensure we deliver high-impact outcomes and prepare Ventura College for future opportunities.

EXECUTIVE TAKEAWAYS

- 27 active strategic initiatives supporting institutional priorities.
- Significant investment in campus expansion and new facilities.
- Ongoing upgrades to technology infrastructure and instructional spaces.
- Strengthened focus on cybersecurity, resiliency, and business continuity.
- Projects enhance student success, instructional excellence, and operational efficiency.

PROJECT TIMELINE OVERVIEW

Technical Refresh activities occur throughout the planning horizon to ensure systems remain reliable, secure, and up-to-date.

OUR IMPACT

These projects power better learning, safer campus environments, and a stronger future for Ventura College.

ENHANCED SECURITY
Protecting our campus community and data.

IMPROVED CONNECTIVITY
Reliable, high-speed connections everywhere.

BETTER LEARNING
Enriched classrooms and modern learning tools.

UP-TO-DATE TECHNOLOGY
New devices and systems for peak performance.

READY FOR THE FUTURE
Investing today for tomorrow's opportunities.

**BUILDING TODAY.
PREPARING FOR TOMORROW.**
