May need to work with LA to get that experience. Christian Garcia commented that it was a good opportunity but felt others didn't like it as much, suggests that it's an optional internship. Visits to VC class are preferred. Dr. Larsen suggests removing it as a clinical experience, replace with in person instruction in class (could be an optional internship if contract is put in place).</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | <p>Continue with contract development and have burn unit present to class.</p>                                                                                                               |
| 5.                                                                                                                         | <p><b>Support the Program's required minimum numbers of patient/skill contacts for each of the required patients and conditions</b><br/>           [2023 CAAHEP Standard III.C. Curriculum]</p> <ul style="list-style-type: none"> <li>Student Minimum Competency (SMC) Recommendations (<i>effective January 1, 2023</i>)</li> <li>Review summary graduate tracking reports</li> </ul> | Yes                                                | <p>(Page 32-41 prior numbers approved in Dec 2022; 42-47 cohort data for first class since implementation)<br/>           The committee reviewed the required minimum competency numbers. Program Medical Director, Dr. Larsen, approved the requirements at the numbers recommended for the Student Minimum Competency Recommendations (SMC) by CoAEMSP which were implemented for all cohorts starting after 01JAN2023.</p> <p>Discussion on reduction of total clinical hours. Students decrease documentation near the end when they've met the minimum numbers. They may not need as many hours to complete the objectives.</p> <p>Federal regulations will affect financial aid for students when hours exceed the state minimum. Pending litigation changes. Jaime Villa doesn't agree with reduction in ER hours. Tom Gallegos agrees with Jaime. Mark Petersen and Dr. Larsen also agree. Possibly bring minimums down, and then the rest is optional/voluntary (extra class?). Add to agenda for next year.</p> <p>John Terrusa – encourage VCMC to let students shadow during trauma rounds and acute management. Tom Gallegos – contact trauma department. Erica Rosa – asks for input, there are logistical challenges with space, they can work on including students when space is available and it's appropriate. Terrusa – students not seeing in-hospital trauma / background experience. Would like to students to tag along/shadow. Rosa will try to connect VC with Bill Ashland, Dr. Deaconson. Rosa concurs it would be a great benefit to students.</p> | <p>Approved SMC</p> <p>Aggregate live patient data from simulation for next report.</p> <p>Terrusa to connect with Los Robles.<br/>           Petersen to connect with Cottage and VCMC.</p> |

System stability and performance are superior to the prior tracking platform. Average data entry time has decreased by 75%. Students still complain. Some have used voice-to-text for narrative entry and further improved data entry times. Recent updates to cell phone features enable text data extraction from photos, which adds to data transfer efficiency to the tracking platform.</p> <p>Students are oriented to the system during lab and simulation experiences. The data entry is checked by course faculty and students are guided to properly document skills and experiences to meet benchmarks for program continuance.</p> <p>(Pages 48-52)<br/>Students and faculty utilize system reports to identify patient experience targets and help ensure minimum competencies/ experiences are being achieved by all students. Faculty continues to notice a decrease in data entry upon fulfillment of the program-required experience minimums. Competition for bragging rights and leaderboards may work to encourage additional documentation. Possibly post record holders for each cohort and overall accomplishments between cohort groups. Class 25 has an individual post 61 live intubations. Class 26 had multiple students post 6+ live intubations in a single shift.</p> |                              |

| <p>7. <b>Review the program's other assessment results</b><br/>[2023 CAAHEP Standard III.D. Resource Assessment]</p> <ul style="list-style-type: none"> <li>• Long-range planning</li> <li>• Student evaluations of instruction and program</li> <li>• Faculty evaluations of program</li> <li>• Course/Program final evaluations</li> <li>• Other evaluation methods</li> </ul> | <p>Yes</p>                                         | <p>(Not in handout)<br/>Long-range planning is conducted as part of the college Program Review process at the start of each fall term. This includes requests for additional equipment, faculty, office staff, technology, and facilities.<br/>Students complete electronic faculty evaluations each term (reported to faculty after the semester ends).<br/>Individual course evaluations are completed for guest speakers and specialty courses (AHA ACLS, PALS, and other CE courses). Faculty provide PRS Surveys and participate in program improvement through discussion of the survey assessments during faculty meetings.</p> <p>Add to Program Review Requests</p> <ul style="list-style-type: none"> <li>• LP35</li> <li>• Fluid warmer</li> <li>• Preceptor Course budget to develop and implement in-person training (move from FISDAP product)</li> </ul> <p>LP 35s are being ordered by other agencies; we will need to look for funding resources to purchase for program. Approx cost of life pack 35 (James Zavas)? Approx \$35K each if purchased in bulk (Petersen/Villa/Terrusa). Single item is \$75K with maintenance.</p> <p>Tom O'Connor asked for other suggestions:</p> <ul style="list-style-type: none"> <li>• HPMK for body warming (Terrusa),</li> <li>• junctional tourniquet, abdominal tourniquet (Terrusa). Chris Rosa provided links. Villa said "it's junk".</li> <li>• Melissa Corney would like more simulations rooms. O'Connor would like his own building.</li> <li>• Larsen – King scope/glide scope/Clearvue. Oxnard Fire is using, and Air Track in Ventura. Per Corney we have examples of Air Tracks, but not camera that goes with it. Villa says camera is \$2K each and blades were \$60 each. Villa and Dr. Larsen agree those skills need to be taught in class and not learned in the field.</li> <li>• Villa asked if we had Thorasite? Corney concurs that we should look into getting some, country fire and Oxnard are using them. One time use.</li> </ul> | <p>O'Connor to add equipment requests to annual program review. Request for grant funding.</p> |

|                                                                                                                            |                                                    | <p>Todd Tucker – logistic limitations due to local paramedic programs, but can help with EMT students. Hopefully next year they will launch a new full-time squad that could accommodate 2-3 interns. They use an online preceptor course.</p> <p>UCLA acquired West Hills Hospital. Our contract with West Hills was in process and did not make it over in time for the acquisition resulting in loss of the clinical site. Attempts to restart the contract with the Burn Unit are ongoing. They wanted to complete the acquisition process before taking on new contracts. Currently, there is no access to the burn unit rotation.</p> <p><b>Curriculum (Pages 95-208)</b><br/> Per advisory request Dec 2023 – A&amp;P has been moved from required to recommended for PM V01 Paramedic Theory. The survey of the Advisory Committee in April 2024 approved changes to the AS Degree and Certificate of Achievement (CoA) for Paramedics to remove A&amp;P and EMT requirements to decrease unit totals. EMT is a requirement for program entry. The removal permitted non-college-based EMT program attendees to earn the awards. Approval for an EMT CoA and pre-paramedic CoA were also granted.</p> <ul style="list-style-type: none"> <li>• PM AS and CoA have been moved through the curriculum process and are approved for fall 2024</li> <li>• New CoAs continue on their journey through the local, regional, and state approval process.</li> </ul> <p>Last year it was discussed that all programs across the district be unified. There are currently some things that still differ between VC and MC. Continuing to work towards unifying the programs.</p> <p>Change requests/ suggestions can be sent after meeting, and will be shared with MC. MC is holding their own advisory meeting possibly in October.</p> | <p>County Fire to take more students.</p> |

| 17.                                                                                                                        | <b>Other business</b>                                                                       | Yes                                                | <p>EMT Program Reports</p> <p>Oxnard College (Carl Schwab) – white polo for ride-alongs, thinks they need to earn blue so they're not confused with paramedics, gray t-shirts while on campus, no facial piercings, tattoos generally ok but bring something to cover in case it is an issue. Trying to increase rigor each semester. 90% pass rate so far for class. ALS smart mannequins have been successful. All ride-alongs are done through VCMC and Santa Paula, would like to expand to others, possibly Los Robles. National Registry Prep is going well. Would be open to collaborating with other programs to use Pearson Testing Center at OC, open every other Friday. All classes are full for the fall semester with a wait list.</p> <p>Moorpark College (John Everlove) - MC has 80 EMT students starting Fall 2024. Back to pre-Covid numbers. EMT program has been successful. He was advised to keep his advisory meeting separate from VC advisory meeting per COAEMSP. MC is under letter of review which is a different level of the full accreditation of Ventura College. The discussion for letter of review were deemed different than that of a program that is fully accredited. The site visit team was adamant about not mixing those two groups. MC would like to revisit combining advisory committees after receiving accreditation.</p> <p>O'Connor alerted MC and OC to district-wide contract with Glendale for EMT.</p> <p>Ventura College (O'Connor): program uniform requirements, grooming standards should be unified. EMT program retention rates went down last year, mostly due to outside factors. Overall pass rates for NREMT are stable. Revised Canvas course, restructured adjunct faculty including assigning a lead, course schedule may possibly revert to previous schedule after fall, testing will now be done through EMS Testing. VC class is full for fall semester with requests from students to be added.</p> | <p>O'Connor will connect Glendale Fire to MC and OC.</p> |

Attach program's required **Student Minimum Competency** numbers (Summary Tracking tab) to verify which required minimum numbers were reviewed and supported (*item #5 above*)

**Purpose of the Advisory Committee** (CAAHEP Standard II.B.)

The program advisory committee must include at least one representative of each community of interest and must meet annually. Communities of interest served by the program include, but are not limited to, students, graduates, faculty members, sponsor administrators, employers, physicians, clinical and capstone field internship representatives, and the public.

The program advisory committee advises the program regarding revisions to curriculum and program goals based on the changing needs and expectations of the program's communities of interest, and an assessment of program effectiveness, including the outcomes specified in these Standards.

*It is recommended that the chair of the advisory committee be from one of the following groups: graduates, employers, physicians, clinical and field internship representatives, or public.*

*Program advisory committee meetings may be conducted using synchronous electronic means.*

The program advisory committee minutes must document support of the program required minimum numbers of patient contacts.

**Responsibilities of the Advisory Committee**

- Review the minimum program goal.
- Review and support the required minimum numbers of patient/skill contacts for each of the required patients and conditions.
- Verify that the Paramedic program is adhering to the National Emergency Medical Services Education Standards.
- Review Program performance based on outcomes thresholds and other metrics (at a minimum credentialing success, retention, and job placement).
- Provide feedback to the Program on the performance of graduates as competent entry level Paramedics (for employers).
- Provide feedback to the Program regarding clinical and field opportunities and feedback on students in those areas.
- Provide recommendations for curricula enhancements based on local needs and scope of practice.
- Assist with long range planning regarding workforce needs, scheduling options, cohort size, and other future needs.
- Complete an annual resource assessment of the program.
