Accreditation

Ventura College is fully accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC), Western Association of Schools and Colleges (WASC), 10 Commercial Boulevard, Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation (CHEA) and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at www.accjc.org.

The primary purpose of the ACCJC-accredited institution is to foster student learning and student achievement. Accreditation is an ongoing review process designed to promote academic quality and to ensure that the college is fulfilling its institutional mission through assessment. Colleges evaluate their performance relative to standards established by the ACCJC. The process is intended to encourage self-reflection and improvement through ongoing, integrated planning and evaluation.
