| 4. Institutionalizing Programs and Positions | Item on agenda to discuss history of Pirate’s Cove.  
B. Herrera reads Student Success Committee minutes from May 11, 2016 presenting the idea of “The Zone” presented by Will Cowen and Joey Ramirez.  
B. Herrera would like to look at positions and programs funded under SEA, and also any grants that fund positions and programs.  
A. Rodriguez states committee has been requesting evaluation of positions and programs being funded under SEA and measureable way to look at the decisions being approved to fund in order to create plans for future sustainability.  
Discussion regarding programs or positions funded from categorical monies being referred to as “long term or short term” instead of using term “institutionalized”. Committee reaches consensus that there should be a plan in place to evaluate programs and positions on a 3 year cycle to deem effectiveness in closing achievement gaps and serving the purpose it was intended for.  
C. Salas notes the need to inform staff members when hired if they will be evaluated on a 3 year cycle or if the position is temporary v. permanent. B. Herrera again raises the issue of duplication of services on campus and would like a policy or protocol for informing campus of short term or long term decisions made by Executive Team. Discussion regarding whether SSC Committee would be the correct place to draft this policy/protocol or if this should be done in Budget Resource Committee, then the policy/protocol could be vetted by CPC and Senates.  
Protocol has not been identified in order to measure what is institutionalized or permanent however D. Bell has reviewed past minutes which do not reflect that the Pirate’s Cove program was a pilot.  
Clarification made to committee that all positions and programs funded by SEA have not been “officially” institutionalized as they are categorical monies therefore moving forward we need a way to evaluate future funds being given towards those programs and positions. | Discussion |
5. **Equity Plan Review**

Draft created will then be vetted through governance groups. P. Munoz states Academic Senate voted to not to accept this draft. Comments and feedback can be made to your liaison sitting on the task force for each area.

P. Munoz believes first two sentences need to be removed for box containing “completion of transfer level Math and English”.
