Proposed rollout schedule for the LRC Beach/Library Computers	Grant explained the deployment for 250 pc's arriving before 6/30. It will be split between the Library, the Beach, Tutoring, and Reading Writing Center. The 745's will be phased out, possibly updated with more memory and SSD drive. The 755's will be used in offices. Sandy would like to retain some of the 755's.
