Subject: VC Drupal trainings

Here's the list of dates for trainings at VC for Drupal. We launched Drupal last summer so that's why we don't go too far back. But we are maintaining the same training schedule as we did for OmniUpdate with four trainings per semester, 12 total per year. We provide trainings at each site and employees are welcome to RSVP for any site at their convenience.

Documentation from the training is available to all employees via BusinessTools link in the portal.

July 22, 2014

August 1, 2014

August 7, 2014

August 12, 2014 (Flex Day)

October 23, 2014 (Special request by Dean)

November 20, 2014

March 24, 2015

August 11, 2015 (Flex Day)

November 16, 2015 (upcoming)
