

Section A - Enrollment and Demographics

Examine the enrollment and demographic data in Section A of the datasheet.

1. Is your program's enrollment increasing, decreasing, or remaining constant?

Decreasing

2. Describe the reason(s) for the trend in your program's enrollment (600 characters max).

The decrease in foreign language enrollment reflects the college's decreased enrollment.

3. Are the demographics of students in your program similar to those of the College, as a whole?

Yes

4. If no, please describe why they differ (600 characters max).

5. Are you able to increase your program's enrollment and/or enroll more students from underrepresented groups?

No

If yes, please create an initiative in Section H that describes how your program will do this, and what resources, if any, are necessary to achieve it.

6. If no, please describe why your program is unable to do this. (600 characters max).

It would be difficult to increase the program's enrollment given that the program's enrollment reflects the decreased enrollment trend of the college. Our program has a moderate demand because the General Education Transfer Curriculum only requires one semester of a foreign language. Therefore, the majority of students only take one semester of a foreign language. The Foreign Language department is working with the District Administrative Relations office to create a marketing outreach postcard to increase community awareness of the foreign language courses offered at Ventura College.

Section B - Course Success Rate

Examine your program's course success rate data in Section B of the datasheet. To satisfy an accreditation requirement, the College has set a standard of 66.7% for the course success rate that all programs are expected to meet.

1. Was your program's course success rate in 2014 higher than the college standard of 66.7%?
Yes
2. Was your program's course success rate in 2014 higher than the overall college success rate?
Yes
3. Is your program's course success rate increasing, decreasing, or remaining constant?
Remaining Constant
4. Are there gaps between demographic groups (ethnicity, gender) in your program's course success rate?
No
5. Briefly describe the reason(s) for the trend in your program's course success rate, and for any gaps between demographic groups (600 characters max).

The gap between the Hispanic and White students is not significant . The success rate for Hispanic students taking a foreign language course is only 1.3% lower than the White students' success rate. However, there is a gap between Black and White students in the foreign language success rate. The success rate for Black students taking a foreign language is 7.2% lower than the White students' success rate.

6. Are you able to increase your program's course success rate and/or close gaps between demographic groups?
No

If yes, please create an initiative in Section H that describes how your program will do this, and what resources, if any, are necessary to achieve it.

7. If no, why not? (600 characters max)

The success rate of Hispanic and Black students taking a foreign language course is currently 5% higher than the college's success rate.

Section C - Productivity

Examine your program's productivity data in Section C of the datasheet. The college has set an overall productivity standard of 525.

1. Was your program's productivity in 2014 higher, lower, or equal to the overall college standard of 525?
Lower
2. Is your program's productivity increasing, decreasing, or remaining constant?
Decreasing
3. Is your program's course fill rate increasing, decreasing, or remaining constant?
Decreasing
4. Briefly describe the reasons for the trends in your program's productivity and course fill rate (600 characters max).

Currently, the foreign language courses have an enrollment capacity of 35. The productivity of the program in 2014 was below the college's 525 standard because in 2012 the enrollment capacity was reduced from 38 to 32 students. The capacity was increased to 35 in 2014 in an effort to increase productivity. The program's fill rate decreased in 2014 reflecting the college's enrollment reduction and because the foreign language course enrollment capacity was increased from 32 to 35 students per course.

5. Are you able to increase your productivity and/or course fill rate?
No

If yes, please create an initiative in Section H that describes how your program will do this, and what resources, if any, are necessary to achieve it.

6. If no, why not? (600 characters max)

Our program has a moderate demand because the General Education Transfer Curriculum only requires one semester of a foreign language. Therefore, the majority of students only take one semester of a foreign language. The Foreign Language department is working with the District Administrative Relations office to create a marketing outreach postcard to increase community awareness of the foreign language courses offered at Ventura College.

Section D - Degrees and Certificates Awarded

1. Does your program offer a degree or certificate of achievement?

No

If yes, please examine the degree and certificate data on Section D of the datasheet and answer the questions below. If no, skip to Section E.

To satisfy an accreditation requirement, the college has set a standard to award a minimum of 1,178 degrees and certificates each year.

2. Briefly describe the trend in the number of degrees and certificates that your program has awarded over the last five years (600 characters max).

[Empty text box for response]

Programs that have awarded fewer than 15 degrees and certificates over the past five years may be placed on possible discontinuance.

3. Has your program awarded fewer than 15 total degrees and certificates over the past five years?
- Select -

4. If yes, please describe the reason(s) why your program has awarded fewer than 15 total degrees and certificates (600 characters max). Also please create an initiative in Section H that describes how your program will increase the number of degrees/certificates awarded, and what resources, if any, are necessary to achieve it.

5. Are there gaps between demographic groups (ethnicity, gender) in your program's awarding of degrees and certificates?

- Select -

6. If yes, please describe the reasons for any gaps between demographic groups (600 characters max).

7. Are you able to increase the number of degrees/certificates that your program awards each year and/or close any gaps between demographic groups?

- Select -

If yes, please create an initiative in Section H that describes how your program will do this, and what resources, if any, are necessary to achieve it.

8. If no, why not? (600 characters max)

Section E - Student Learning Outcomes

1. Are there any courses your program offers that have never been assessed?

No

2. If yes, why haven't they been assessed? (600 characters max)

3. What percentage of your program's courses have assessed at least half of their SLO's?

100%

4. Have you made any changes to courses based on the results of SLO assessment?

No

5. If yes, briefly describe the changes were made and the impact they had on student learning. (600 characters max).

6. How many courses have assessed SLO's, implemented a change, and then re-assessed the SLO's (i.e. "closed the loop")?
90 Courses
7. How closely have you adhered to your SLO rotational plan?
Completely
8. Did anything impede your ability to adhere to your SLO rotational plan? (600 characters max)

N/A

9. How does your program facilitate the achievement of the college's institutional learning outcomes? (600 characters max)

The foreign language program has positively contributed to the college's assessment of the institutional learning outcome for the communication ISLO. The foreign language ISLO assessment results indicated that foreign language students performed above the achievement level that was established by the college's ISLO.

10. How many department/program meetings have you held in the previous year in which SLO's have been discussed?
6
11. Are you able to improve the student learning outcomes for your program (i.e. number of SLO's assessed, adherence to rotational plan, student SLO attainment, etc.)?
No

If yes, please create an initiative in Section H that describes how your program will do this, and what resources, if any, are necessary to achieve it.

12. If no, why not? (600 characters max)

The foreign language program has assessed 100% of its courses and has diligently adhered to its rotational plan. The assessment results indicate that the program is meeting the established SLO performance goals. The SLO assessment results have been discussed collaboratively during department meetings and individual foreign language programs have modified the SLO assessments when needed. The SLOs were discussed during six department meetings held on Feb. 20 2014, May 13, 2014, Aug. 14, 2014, Mar. 26, 2014, May 12, 2015, and Aug. 17, 2015.

Section F - Budget

1. Have there been any significant changes in your program's budget over the past 3 years?
Yes
2. How have these changes impacted student learning? (600 characters max)

Loss of one full-time faculty and higher level courses have been greatly reduced. This has impacted student learning because it limits the options for students to continue learning a foreign language beyond the beginning level. Currently, out of the six foreign languages taught by the department, only Spanish offers intermediate courses. The Italian program which has high success and retention rates only offers level 1 and does not have any level 2 course offerings. This greatly impacts students' ability to complete some AA and AA-T programs which require 2 semesters of a foreign language.

Foreign Languages	1605	Lending Library Textbooks	Purchase Tu mundo textbooks and Connect access codes for the Lending Library. Since Tu mundo is a recent textbook adoption, there are currently no books or access codes available for students in the Lending Library. This is an equity issue for the low income students who cannot successfully complete the course without the textbook.
