Area	Program	Title	Brief Desc of Resource Request	Cost	in Year(s)	Prog	VP	Comm	ΕT
			Our program supports student travel, our student travel covers conferences that expand the						
			professional growth and industry contacts. As of now, our way to visit colleges has been through						
			securing campus vans, there are times where we have to postpone trips and reconsider going to those						
			college visit due to not having access to vans and personnel. Usually we tend to have about 15 or more						
			student interest and that requires two vans and staff. In order to avoid having that conflict, having						
			funding to transportation and lodging to visit UC's and CSU that have great STEM programs would						
SA	MESA	MESA1907	provide student opportunities and connections with their future schools.	5,000		4	1		
					2018-2019,
