POLICY AND PROCESS DISCUSSION:

- 1. Technical Review Process: Input due to Co-Chairs by 9/23/14

 P. Sezzi reiterated the request for input on how to revise/renew the technical review process for greater efficiency and sustainability.
- 2. Curriculum Committee Co-Chair Nominations
 - a. Spring 2015 (P. Sezzi sabbatical)
 - P. Sezzi responded to an inquiry regarding the duties associated with the role, including sitting on Academic Senate, attending <u>DTRW-I</u> the second Thursday of each month at the district office, <u>Curriculum Committee</u> the first and third Tuesday, Tech Review the second and fourth Tuesday, and co-chair for Philosophy and General Education subcommittee.
 - b. Two year term commencing in June 2015 and ending in May 2017

 P. Sezzi tabled until the next meeting.

3. <u>Curriculum Committee Subcommittees</u> Membership

G. Arevalo presented this item and reviewed the three types of committees: governance, operational, and advisory. She mentioned the three listed subcommittees of Curriculum Committee and inquired if changes were necessary, touching on membership, and Brown Act compliance. M. De La Rocha noted that Curriculum Committee was itself a subcommittee of the Academic Senate and as such any determinations made regarding type and membership should be made by the Academic Senate. A discussion ensued that centered on the Distance Education Curriculum Review subcommittee.

Motion, to suspend the rule to define membership by September 15th and to define membership at our next meeting was made, by D. Young, second by A. Kolesnik Final Resolution: Motion was approved.

Yes: G. Arevalo, M. Bowen, T. Dalton, M. De La Rocha, N. Fredrickson, A. Gonzales, P. King, A. Kolesnik, P. Sezzi (co-chair), and D. Young

- P. Sezzi noted that a call for membership for these committees would be made at Academic Senate.
 - a. Philosophy and General Education
 - b. Curriculum Technical Review & Prerequisites
 - c. Distance Education Curriculum Review
- 4. ACCJC Standard II: Student Learning Programs and Support Services/
 A. Instructional Programs/3. "...current course outlines that include student learning outcomes. ..."

P. Sezzi noted that a past decision was made not to list student learning outcomes (SLOs) in the course outline of record (COR) and that the system being used to house student learning outcomes is TracDat. He stated that the new ACCJC Standards require the SLOs be included in the COR. A conversation ensued regarding the issue of populating the SLOs into the CORs and the ongoing maintenance of this data in two systems going forward. G. Arevalo shared that the office of student learning would take responsibility for populating the SLOs this one time and that after that point it would be faculty responsibility to ensure the SLOs are updated in both systems. She added that a new routing system was being developed for a SLO only update in CurricUNET to streamline the process and bypass technical review because SLOs do not require Curriculum Committee approval. M. Bowen made the recommendation that the SLO update only would not count for the five year review cycle. P. Sezzi concurred.
