Announcement:

T. Brabander – last year, before the semester's end we had a celebratory luncheon. Should we do that this year as well? What do you think?

Since December is so busy, perhaps a "welcome back" event in January.

I. Procedures (see attachments)

A. Draft Form for Local GE Removal (see attachment)

Overall, form should work. We probably don't need the General Education descriptions on the back for deletions? Group agreed no.

Do we need "Course aligns with Title 5 General Education description?" No

Do we need Course aligns with VCCCCD Local GE Area?" No

Don't need AP 4025

We should keep the area to be filled out by the workgroup (in the box).

Group agreed to items above

B. Draft Diagram 1 and Diagram 2 of the Faculty Guide to Articulation (see attachment)

T. Brabander presented changes to the document at the meeting. Presented in Text form.

Group discussed changes and Thao to make changes to the document.

II. Course Approval Recommendations – effective academic year 2020/2021

Note: on the rubric form, it should be updated to include Agriculture

All courses above recommended for areas listed – approved to go to Curriculum Committee as presented here.
Thao to do further research on AG V01 and whether or not C2 is appropriate.
