

Introduction

Welcome to the July 8, 2016 **Summer Edition Update** from the Online Education Initiative!

These updates are intended to keep our pilot college single-points-of-contact (SPOCs) in the loop with the week-to-week developments of the OEI that impact your colleges.

Please remember that as SPOCs, we expect that you are disseminating information with colleagues at your institution, particularly your **Academic Senate, Vice Presidents, and Presidents**. This helps close the information gap between various statewide groups and makes sure that your college community is all on the same page.

Happy reading!

BASIC SKILLS / OPEN EDUCATIONAL RESOURCES

There have been several state and foundation grants to CCC for increasing the use of OER to replace traditional textbooks. In 2016-17, OEI will be developing a course in Canvas to assist faculty in learning about and potentially adopting OER. Congratulations to several of our colleges who are receiving Achieving the Dream grants, AB 798 grants (recipients to be announced in August), and OpenStax College support. Be on the lookout for Z-degree grants for CCC, coming soon!

Do you and/or your faculty have additional basic skills support needs for your transfer-level online courses? We're here to assist you. Please ask your faculty if they'd like support and to contact Barbara Illowsky (billowsky@cccOnlineEd.org) with their needs.

PROFESSIONAL DEVELOPMENT / COURSE REVIEWS

If you have faculty teaching with Canvas for the first time this fall (or the second, or third...) please remind them of resources in the Canvas Community.
