

Pass/No Pass Grading Options

Pass/No Pass replaced Credit/No Credit, effective Fall 2009.

According to Title 5, Section 53200 Curriculum, including establishing prerequisites and Grading policies are faculty purview. The course's host department, in consultation with the articulation officer and curriculum committee, recommends the Pass/No Pass grading options.

It is highly encouraged that students speak with an Academic Counselor to discuss these options and the impact it may have on their academic standing, admissions, financial aid and transfer to a CSU, UC or private universities. Most four-year colleges and universities require that courses in your major be completed with a letter grade of "C" or better. For students planning to transfer to any of the campuses in the University of California (UC) system, a maximum of 14 units may be taken P/NP toward the 60 UC transferable units required to transfer as a junior. For the California State University (CSU) system and the Independent Colleges & Universities, the policies vary from campus to campus.

Any questions about the grading mode in a course may be directed to the **Office of Academic Affairs and Student Learning**.

General Information

Pass "P" is used to denote "passed with credit" when no letter grade is given. Credit is assigned for work of such quality as to warrant a letter grade of "C" or better.

Colleges of the Ventura County Community College District (VCCCD) may offer courses in two pass/no pass ("P"/"NP") options:

1. courses which are offered on a pass/no pass basis only, and
 - a. The first category includes those courses in which all students in the course are evaluated on a pass/no pass ("P"/"NP") basis. This "P"/"NP" grading option shall be used to the exclusion of all other grades in courses for which there is a single satisfactory standard of performance and for which unit credit is assigned. Credit shall be assigned for meeting that standard, no credit for failure to do so.
2. courses in which students may elect the pass/no pass option.

*Ventura College will be a beacon of learning – a source of inspiration and guidance – for our students and community.
This list is maintained by the Office of Academic Affairs and Student Learning. This list is subject to change as curriculum updates occur. 06.01.2021*

- a. The second category of Pass/No Pass options is comprised of courses designated by the college wherein each student may elect by no later than the end of the first 30 percent of the term or length of the class whether the basis of evaluation is to be Pass/No Pass or a letter grade. Once the 30 percent deadline has passed, the request cannot be withdrawn. It is the student's responsibility to file the appropriate form by the 30% deadline; otherwise a letter grade will be assigned.
