

2021-2022 Program Review - Travel Requests

Area	Program	Resource Request Title	Description of Resource Request	Estimated Cost	Previously Requested in Year(s)	Priority				Notes
						Prog	Area	Comm	ET	
SA	MESA	MESA1907	Our program supports student travel, our student travel covers conferences that expand the professional growth and industry contacts. As of now, our way to visit colleges has been through securing campus vans, there are times where we have to postpone trips and reconsider going to those college visit due to not having access to vans and personnel. Usually we tend to have about 15 or more student interest and that requires two vans and staff. In order to avoid having that conflict, having funding to transportation and lodging to visit UC's and CSU that have great STEM programs would provide student opportunities and connections with their future schools.	5,000	2019-2020	3	1			
SA	EOPS	EOPS1705	A Saturday conference at VC for Spanish Speaking parents which will include facilities, lunch, staff, equipment and buses. Date to be determined.	\$7,000	2017-2018, 2016-2017, 2015-2016, 2014-2015, 2013-2014, 2012-2013, 2011-2012	6	2			
SA	EOPS	EOPS2117	EOPS will sponsor a University field trip for EOPS students to a weekend STEM university conference	\$8,000	2017-2018, 2016-2017	4	3			
AA	Agriculture	AG1804	Purchase of department van to travel with students for conferences, tours, etc. Increase student awareness and comprehension of career opportunities within California agriculture. Improve upon and continue to offer regional field trips that allow students to explore the various sectors of the agriculture industries and stakeholders throughout the food supply chain.	\$40000	2018-2019	5				
BAS	Basic Needs	BNO1906	Purchase or lease a commercial van for weekly food and supply pick-ups. Current availability is dependent upon Athletics' use of college vans. Food pick-ups occur an average of 7 times a week when the food pantry is open.	\$40,000	2020-2021, 2019-2020	4				
BAS	Basic Needs	BNO2001	Annual allocation of \$25,000 to purchase food for the Food Pantry. The pantry cannot operate on donations alone, and needs VC funding to supplement additional food and supplies.	\$25,000	2020-2021, 2019-2020	3
