Budgeting Salary and Fringes

Position Control (job has a <u>unique</u> position number) Salary

- If filled, salary budget is determined by NBAJOBS record
- If vacant, salary budget is determined by NBAPOSN
 - Vacant classified, default to step 3
 - Vacant faculty, default to mid-column, step 8
- To adjust budgeted salary \$ amount:
 - o Do NOT change salary amounts in NBAPBUD
 - Enter adjusting \$ amount in 1999 or 2999 account in the fund/org in FWABDRA, which requires a manual entry to benefits in 3999
 - Change start dates in NBAPBUD <u>only</u> if it's a new position (benefits will adjust automatically)

Position Control (job has a <u>unique</u> position number)

Fringes

- If filled, fringe benefit budget is determined by NBAJOBS record
- If vacant, fringe benefit budget is determined by NBAPOSN
 - Vacant positions default to Blue Cross package
 - Do NOT change fringe amounts in NBAPBUD (amounts will be overwritten by system during the budget feed process- NYSPBUP)
 - Enter adjusting \$ amount in 3999 account in the fund/org in FWABDRA

Non-Position Control Salary

- Amount defaults from revised FY2019-20 budget
- Entered in **FWABDRA**
- Examples: classified overtime (2322), faculty hourly (1311, 1321, 1331, etc.), professional experts, provisionals, student workers

Non-Position Control Fringes

- Amounts automatically populate based upon amounts entered into non-pos salary accounts <u>Select 'Y' under "Calc Fringes?" in FWABDRA s</u>o that you see them right away.
- Do **NOT** change amounts of fringes in FWABDRA, as they will be overwritten by system during the budget feed process- NYSPBUP
- OK to enter 3999 entries; they will **NOT** be overwritten.

Labor Distributions

- Initial Setup
 - Includes assigned and vacant positions
 - Uses labor distribution from NBAJOBS as of 3/30/20
- <u>Changes</u>
 - Through 7/2/20, labor distribution changes are made through NBAPBUD
 - Deleting labor distribution lines is **NOT** allowed; change labor distribution percentages **ONLY**
 - For changes to be reflected, budget feed needs to be processed (completed periodically by the Budget office)
- Payroll
 - Labor distribution in NBAPBUD is rolled to NBAJOBS for July payroll on 7/6/20
 - Changes in NBAPBUD subsequent to this roll will only affect budgeted labor distribution
 - After the Adoption budget has been closed, but before it has been adopted, no labor distribution changes will be processed.
 - Only payroll can change labor distribution records at this point
 - Send the necessary NBAJOBS and PHAREDS to Cheryl Manley-Orm
 - NBAJOBS to change labor distribution for future payroll events
 - PHAREDS to change labor distribution of a posted payroll event

Budget & Payroll Change Forms

Forms and worksheets on *fiscaltech* drive in the **FY21 Budget** folder as "Payroll and Position Change Request Forms and Instructions FY21"

PHAREDS

- Used to request <u>corrections to an individual's payroll that has already posted</u>. (i.e., to distribute an employee's posted payroll to the correct FOAP(s).
- <u>Specific to the individual/employee</u>.

NBAJOBS

- Used to request changes to **future** payroll labor distributions
- NBAJOBS record ties to payroll and indicates how an individual's payroll will post to FOAP(s) from the effective date of the change request.
- <u>Specific to the individual/employee</u>.

NBAPBUD

- Used to budget the salary and benefit costs for a position for the <u>entire</u> fiscal year (7/1-6/30)
- <u>Specific to the position (e.g., xFT123)</u>
- In determining the amount to budget for the position for the entire year, the actual salary/benefit expenses from <u>more than one individual</u> who has occupied the position during the year may need to be considered

Timelines for Payroll/Budget Changes

PHAREDS

- Processed by payroll every Friday, except when processing the large monthly payroll (around 3rd week of the month)
- If categorically funded, allow two weeks for review

NBAJOBS

- Must be received by payroll by the 15th of the month in order to be effective for that month end payroll
- If categorically funded, then must be received by fiscal dept by the 1st of the month to ensure adequate time to review and forward to payroll by the 15th

NBAPBUD

- Processed by Budget office every Friday
- If categorically funded, allow two weeks for review

Retiree Health Liability (HRL/HR2)

- HR2 = retired employee portion of the liability
- HRL = active employee portion of the liability
- Categorical funds (12x) cannot be charged HR2; all other funds can be charged HR2
- Categorical funds (12x) can be charged HRL only if the employee is eligible for lifetime

medical benefits; all other funds can be charged HRL

- Banner report to check eligibility NYSLTBE
- \circ In general, HRL and HR2 will be assigned to every position
- If **ANY** portion of a position is charged to a fund 12x, then:
 - HR2 will NOT be assigned for all labor distributions
 - HRL should NOT be assigned UNLESS the person is eligible for lifetime medical benefits
 - Notify Cheryl Manley-Orm to make sure HR2 and HRL, if applicable, is turned off
- HRL and HR2 will NOT be assigned to a <50% position.
- When moving posted payroll (through PHAREDS) to a 12x fund, any previously charged HR2/HRL will have to be moved to the general fund with a journal entry.

Budgeting Operating Expenses (4xxx-7xxx)

Budget amounts default from FY19-20 revised budget.

• Change amounts in **FWABDRA** screen

Budget Reports in Banner

- FYSBSUM Budget Ledger summary report
- FYSBDTL Budget Ledger detail report
- FYSBVRS Budget variance summary report
- FYSBVRD Budget variance detail report
- FYSBCMP Budget variance detail with 2 years

Budget Report Submission Preferences

- 1) Printer controls
 - a) PDF Traditional report with headers and page numbers. Print ready. Includes a page with parameter values.
 - b) DATABASE All the same information as PDF. May not print neatly (page information spread out over several pages). Data can be transferred to Excel and manipulated through "Text to Columns" or use "Text Import Wizard."
 - c) TEXT Data only. Data can be transferred to Excel and manipulated through "Text to Columns" or "Text Import Wizard." No record of parameter values.
- 2) Parameter values
 - a) Sort options different options will sort data differently and affect number of pages in report
 - b) Include Revenue Accounts?
 - Include Benefit Accounts?

Be aware of Y or N values to ensure all desired data is included in your report.

Once completed, we will put the worksheet ("FY20-21 Grant Budget Checklist") on the Fiscal Tech drive and send a notification email.

B. Budgeting revenue

To determine the appropriate revenue account

- 1. Run FGIBDST with revenue for a Fund/Org
- 2. Scroll to the bottom and locate accounts 8XXXX
- 3. The 8XXXX account is your revenue account code for this particular contract/grant
- 4. Ignore account 89910. This account code represents a balance forward for revenue earned in previous period(s).

C. Budgeting across fiscal years

- 1. Crossing Fiscal Years
 - a) As part of year-end close, annual expenses and revenues close to fund balance. This occurs at the fund code level, **not** org code level.
 - b) In order to keep track of activity that crosses fiscal years at the org code level, we use balance forward accounts.
 - i. 7991 Actual Expenditures to Date
 - ii. 89910 Actual Revenues to Date
 - c) We also use org codes 19999, 29999, and 39999 to offset these balances.
 - d) At tentative, estimates of expenses through 6/30 are used. This will determine:
 - i. Your budget for FY 20-21
 - ii. Your carryforward amounts in 7991 and 89910
 - e) For adoption, the fiscal year has closed and actual expenses through 6/30 are used. You no longer estimate.
 - f) Run FYSODTL for FY20 through period 13.
 - i. The available balance at 6/30 becomes your budget for FY21.
 - ii. The YTD total at 6/30 becomes your 7991/89910. If you have more than one program code, you will need to budget a 7991 for each program code.
 - iii. You will have more than one revenue account. 89910 for revenue earned from previous period(s). 8XXXX for remaining revenue to be earned.

C. Budgeting across fiscal years (continued)

- 2. Reviewing Grant Budgets
 - a) Run FYSBDTL with revenue to see if you balance.
 - b) Pos Control & Non-PosCtrl columns will net to 0.
 - c) Total of 8XXXX accounts will represent total award.
 - d) Account 7991 will equal account 89910.
 - e) Verify indirect costs are calculated correctly & budgeted to account 5950 program 672000.
- 3. Offset Org Codes
 - a) In using accounts 7991 and 89910, we have:
 - i. Solved the problem of tracking activity between fiscal years
 - ii. Created a problem of grossing up budgeted revenue and expenses
 - b) To solve the problem, we use org 19999, 29999, and 39999 to offset the revenue and expenses above

12X Fund "FYSBDTL" & "FYSODTL" Deliverables

- As a part of the deliverables to the DAC Contracts & Grants unit at Tentative and Adoption, all units are to submit reconciled FYSBDTL reports **by Fund** (i.e. 121, 125, 126, 127, 128, 129) that includes revenue (through period 13). **Please do not submit a report that includes all funds on one report.** These reports should be the last thing that you check in order to know if you are properly reconciled.

-Also include a "FYSODTL" report for the prior year for each 12x fund (sum by org without revenue) in order to support each "FYSBDTL" reconciliation.

-The following reconciled items should be notated on each one of the FYSBDTL reports:

1. Total budgeted expenditures by org equals total budgeted revenue by org. Total non-positional control balance should offset total positional control balance. If there are no positional control amounts then the total non-positional control column should net to zero.

2. Total revenue by org (available revenue account plus the balance forward revenue account) matches the revenue amount listed for that org. on the "FY20-21 Grant Budget Checklist".

3. Total balance forward revenue by org matches total balance forward expenditures by org. Please sum up all of the balance forward expenditure accounts if you have multiple program numbers.

4. At adoption, total budgeted current/available revenue amount by org must match the "available revenue balance" from the prior year. Please include a FYSODTL report (sum by org without revenue) for the prior year for that particular fund in order to get the proper "available revenue balance" to budget for any particular org.

5. All x999 related salary and benefits accounts shall be properly addressed/explained in the x999 recons.

6. Under each org., all balance forward expenditure amounts by program # match up with the prior year total expenditures by program #. Can run a FYSODTL report (sum by org) for the prior year for that particular fund in order to get the proper "balance forward expenditure amounts by program" to budget for any particular org.

7. All offset balances by program # reconcile to total balance forward expenditure amounts by program #. Will need to add up all balance forward expenditures by program #.

D. Time and Effort Reporting

1. Overview

Federal regulations require that any entity receiving federal funding must ensure that controls are in place to support effort expended on federal awards.

The Uniform Grant Guidance (2 CFR 200) sets the criteria for acceptable methods of charging salaries and wages that requires that institutions follow acceptable methods for documenting the distribution of effort for all project personnel.

2. What is Effort Reporting?

Method of certifying to the federal granting agencies that the effort required as a condition of the award has actually been completed.

Effort reporting is only a requirement on federal and federal sub-awards. (e.g. Project Acabado, Project Velocidad, Perkins/Transitions)

3. What is Effort?

Effort is the proportion of time spent on any single professional activity which is reflected as a percentage of the total professional activity for which an individual is employed by an institution.

Total effort will always equal 100%, whether full or part-time work

D. Time and Effort Reporting (continued)

- 4. Is Payroll the Same as Effort? NO!
- a) Payroll

Labor distribution describes the allocation of an individual's salary. Payroll can be expressed as an estimate of actual time worked. Payroll is the basis for generating the effort report.

b) Effort

Effort describes the allocation of an individual's time contributed to sponsored projects/ grants to meet effort commitments agreed to in the award, whether or not reimbursed by the federal sponsor.

c) Payroll = Effort

If effort does not equal payroll, PHAREDS will need to be processed to bring the two into alignment.

5. Who should expect an Effort Report?

Any individual who has salary paid from a federally sponsored project/ grant without a timesheet.
