What are Student Learning Outcomes?

Student learning outcomes (SLOs) are learning goals set by the course instructor, program faculty or institution and are vital to the interactive learning process. They are the knowledge, skills, activities, and attitudes that a student has attained from his or her engagement in a particular set of collegiate experiences. (adapted from the ACCJC Standards Glossary).

What are Service Unit Outcomes?

Service unit outcomes (SUOs) are the goals and strategies set by service programs to support students as they progress along their educational journey at Ventura College.
