

## Program Maps

VC's program maps help guide you through the courses you'll need to complete your degree, certificate, or other educational goal. Here you can browse programs or dig into your chosen course of study. Once you know your map, work with a counselor to customize your plan for your goals. Counselors can also help you answer any questions about maps or your program of choice.

## Learning and Career Pathways

Learning and career pathways are groups of careers that share common themes or require similar skills.

### Society & Education

Preparing you for certificates, degrees, transfer, and careers related to understanding of cultures, communities, human behavior, teaching, liberal studies, special education and related fields.
