6. Board Policies and Administrative Procedures

Subject **6.01 Action to Approve BP 1200 Mission Statements**

Meeting Aug 26, 2021 - Policy, Planning and Student Success Committee Meeting

Category 6. Board Policies and Administrative Procedures

Type Discussion

Board Policy 1200 Mission Statements is required by the Western Association of Schools and Colleges (WASC)/Accrediting Commission of Community and Junior Colleges (ACCJC) accreditation standards. The accreditation standard requires that "the mission describes the institution's broad educational purposes, its intended student population, the types of degrees and other credentials it offers, and its commitment to student learning and student achievement."

Community College League of California Policy and Procedure Service reviewed the policy in April 2021 and offer optional language linking mission to District's commitment to diversity, equity, and inclusion. For example: The District is believes a commitment to diversity, equity, and inclusion enriches the District's mission and supports students in achieving their educational goals.

NOTE: Institutional mission defines the broad-based educational purposes the district seeks to achieve and the students it intends to serve, as well as the parameters under which programs can be offered and resources allocated. It is the discretion of the board of multi-college districts whether or not to include individual college missions as board policy. It is the discretion of the board whether or not it wishes to state a specific time frame for evaluating and revising the mission.
