Last Lunch & Learn of the Year a Success!

On Wednesday, April 18, Biology Professor Jennifer Garner had a full house for her presentation titled *GMO: Is What You're Reading True?* The interactive event gave students the opportunity to think about where they found scientific information and how they determined its reliability.

Thank you to all of the Lunch and Learn presenters this year:

Arion Melidonis, OC
Perry Martin, Jr., MC

Information Literacy 101 Event a Success!

On Friday, April 27, librarians from CSU Channel Islands, OC, MC, and your librarians from VC hosted a successful event aimed at fostering discussion and collaboration amongst teaching faculty and librarians from our regional institutions. Information literacy is a student outcome for all of our regional institutions and the goal of the event was to raise awareness and encourage the formation of partnerships to improve student information literacy skills and success.
